## Ford Secrets Broken In Stock Sale Prelude

### $2,483,000,000 Assets, Record Profit Reported

WASHINGTON, Dec. 21 (AP)—The fabulous Ford Motor empire, soon to shift from family to partial public ownership, today opened its ledgers and barred these long-held secrets:

Assets, $2,483,000,000; sales in the first nine months of this year, $4,042,600,000; profits in the same period, a record-breaking $312,200,000.

The company informed the Securities and Exchange Commission, in the registration statement required by law for the guidance of investors, that the Ford Foundation, Inc., will sell 10,200,000 shares of voting stock to the public.

**$75 Share Indicated Price**

It indicated the price would be $75 a share, but set no specific figure at this time. If that price prevails, the issue will sell for 750 million dollars, easily the biggest equity stock quotation by any industrial concern in history.

The proceeds will go to the Ford Foundation, set up by the Ford family with the goal of "advancing human welfare." The tremendously rich foundation will reinvest the cash; its income then will no longer be wholly dependent on the Ford Co.'s fortunes.

Part of the proceeds from the sale of the shares will be used by the Foundation when it distributes 500 million dollars over the next 18 months to colleges and hospitals under a program announced last week.

**Buyers To Be Limited**

Meantime investment firms, reporting that anticipatory demand for the stock is almost "epidemic," said buyers will be limited to 100 shares apiece when 700 underwriters across the country begin selling about Jan. 18.

The disclosures—which the 52-year-old auto company never was required to make while it remained a tightly held family corporation—included:

The company "plans to introduce a new passenger car line within the next few years."

The Ford family, which now enjoys 100 per cent control, will be reduced to 40 per cent voting control when the public is let in. (This would be more than ample, however, to give the Ford heirs management control for years to come.)

APPOINTED — Ibrahim Hashim (above), 67, No. 1 elder statesman of Jordan, has been appointed caretaker prime minister to prepare for elections within the next four months. King Hussein dissolved parliament, a move which was followed by the resignation of Premier Hazza el Majali. (AP Photofax)

### Bethlehem Curfew Raised As Annual Pilgrimage Nears

AMMAN, Jordan, Dec. 21 (AP) — Angry demonstrations against the pro-Western Baghdad Pact flared today for the sixth successive day but Jordan's caretaker government acted swiftly and restored order.

Curfew was lifted in Bethlehem as that Jordan-controlled city in Palestine prepared to welcome hundreds of Christmas Eve pilgrims to the birthplace of Christ.

Arab Legion troops fired tear gas grenades to break up a crowd of 400 demonstrators in downtown Amman. Another 200 marched to the office of Prime Minister Ibrahim Hashim and demanded his new government pledge to keep Jordan out of the five-nation alliance.

**People Reassured**

Several hours later Hashim announced his government "will not deal with any political questions, nor will it bind itself to any treaties of obligations. We appeal to the people collectively and individually to cooperate with us."

This was interpreted as assurance from the government that it would not join the Baghdad Pact.

Hashim, 67-year-old elder statesman of this Arab desert kingdom, moved on several fronts to restore calm.

**Rioters Released**

The regime announced release of all persons arrested in the riots as demanded by opposition groups as a condition for ceasing their demonstrations and calling off strike. Leader of civil servants on strike asked them to return to their jobs.

Lights came on in Amman's shopping district as proprietors opened their doors.

Troops called in to quell the rioting began to leave in long lines of trucks. They rolled up barbed wire which had been thrown across streets in key sectors.

Schools were ordered reopened.

## Adlai's Son Injured In Crash

John Fell Stevenson, 19, son of Adlai Stevenson, and a companion, James Gilligan, 20, Nebraska City, Neb., were injured, and two others, William C. Bryden, Jr., 19, Chicago, and William S. ## Raid On Syria Held Violation Of Armistice

### Burns Informs U. N. Retaliatory Attacks Might Provoke War

UNITED NATIONS, N.Y., Dec. 21 (AP)—The top U.N. truce observer in Palestine said today that Israel risks provoking a full-blown war with retaliatory attacks on Arab countries.

Canadian Maj. Gen. E. L. M. Burns, chief of the staff of the armistice organization, in a report from Jerusalem also said the latest Israeli attack was a deliberate violation of the 1949 Israeli-Syrian armistice agreement.

He reported 56 Syrians and six Israelis were killed the night of Dec. 11 when Israeli forces struck at Syrian positions east of the Sea of Galilee (Lake Tiberias).

His report was published just after the Security Council decided to meet tomorrow to continue debating the Syrian complaint on the raid.

**Ships Attacked, Israel Says**

Last Friday, Syria told the Council Israel should be thrown out of the U.N. and subjected to economic penalties.

Israel replied then that the raid had been made to silence Syrian guns harassing Israeli boats on the sea. The Israeli border lies 10 yards and upward beyond the eastern shore of the sea, which is all in Israeli territory.

An Israeli spokesman here said tonight his delegation had given all Council members copies of captured orders purporting to show that Syrian forces were instructed to consider the sea Syrian territory and keep Israelis off with artillery fire.

**Documents Taken In Raid**

He said the Arabic documents had been taken in the raid and were radioed from Jerusalem today and rushed out in photo copies with English translations so that Israeli Ambassador Abba Eban could introduce them there tomorrow.

Syrian Delegate Ahmed Shukairy also is expected to address the 11-nation Council by special invitation, as Eban will.

Burns' report said Israel had termed the latest attack a large-scale retaliatory action like those against the Jordan village of Kibya Oct. 14, 1953, and against the Egyptian-held Gaza strip last Feb. 28.

Fifty-six Arabs were killed in the raid on Kibya and 38 Egyptian sldiers on the Gaza strip where eight Israelis also fell. The Security Council condemned Israel for both operations.

## Airliner Crash At Jacksonville Claims 17 Lives

JACKSONVILLE, Fla., Dec. 21 (AP) — All 17 persons aboard a Boston-bound Eastern Air Lines Constellation died when it crashed and burned in today's early morning darkness only seconds from the landing strip.

The toll pushed the number of dead and missing from three Florida crashes in the past three days to 31. Two other crashes were military craft.

The Constellation was about a half mile from an airport runway making an instrument landing when it struck a clump of trees and crashed.

The craft plowed into a chicken coop, an unoccupied house trailer, and snapped off a large oak tree and several pine trees.

The wings were sheared off, the lowered landing gear wrenched off the fuselage and the engines torn from their mountings.

The terrific impact scattered debris along a path 100 feet wide and 200 yards long.

The pilot—Capt. Tom McBrien of New York—had talked to the airport control tower seconds before the crash and everything aboard was reported normal with the craft on course. The airport reported a 300-foot ceiling and a half-mile visibility.

Leroy Connell, a boilermaker who was in his home drinking coffee at the time, said he saw the plane's landing lights go on and heard what might have been an explosion or the sound of impact as the tree tops were sheared off.

"The big ship hit the ground but there was no fire until it hit," he said. From where he was when he first saw the plane, Connell said it appeared to be about the normal height for a landing.

Some of the 83 bags of mail aboard the plane burned and a number partly burned and soggy $50 and $100 bills were recovered from the debris.

## Fire Destroys Seven Stores At Lynchburg

LYNCHBURG, Va., Dec. 21 (AP)—An early morning fire roared uncontrolled for five hours in the business district of this central Virginia city today, causing damage estimated between two and 2½ million dollars.

Seven stores in four buildings were destroyed and two adjacent structures suffered heavy water damage.

Ammunition stored in one building exploded in the blaze, scattering shots and smashing windows on the other side of the street. A case of dynamite was removed minutes before flames engulfed one of the structures.

## Westinghouse Ends Talks, Hits 'Profane Abuse'

PITTSBURGH, Dec. 21 (AP) — Strikebound Westinghouse Electric Corp. said today its negotiators "terminated meetings" with the AFL-CIO International Union of Electrical Workers "because of profane abuse."

Westinghouse's top negotiator, vice president R. D. Blasier said:

"It was impossible this afternoon to preserve any semblance of reasonableness or decency. There can be no other excuse for this conduct except a deliberate calculated plan to bring about an end to negotiations."

Federal Mediator John R. Murray said the company walked out of the afternoon meeting about an hour and a half after it started.

Murray said no further sessions are scheduled in efforts to settle the nine-week-old strike which closed 30 Westinghouse plants.

**UE Continues Talks**

Another big union, the United Electrical Workers (Ind), is striking against the company and has closed another 10 plants. That union is continuing its negotiations.

Blasier, in a statement, said the company "is anxious to settle the IUE strike and is willing to meet whenever the union is ready to discuss the issues instead of the people on the company's negotiating committee."

Blasier said the end of the meeting was preceded by what he described as "an obscene, unprintable reference to the head of the company's negotiating committee by the IUE president."

**Carey Leads IUE Team**

Blasier has been heading the Westinghouse negotiating team. James B. Carey, president of the IUE, has been active in the negotiations the past two days, having rejoined them after an absence of more than two weeks while he was on other union business.

Murray said he will make some effort tomorrow to get the union and company back together again.

Meanwhile the big electric appliance company said it has loaned nearly two million dollars to strike-idled workers so their families "can have a little Christmas cheer."

The company began giving $100 loans to any idle worker—striking or furloughed—last Monday.

## Ike Is Grandpop For Fourth Time

WASHINGTON, Dec. 21 (AP)—It's another girl at the Eisenhowers, and her name is Mary Jean.

The new daughter of Maj. and Mrs. John Eisenhower and granddaughter of President and Mrs. Dwight Eisenhower was born at 4:58 p.m. EST at Walter Reed Army Hospital, weighing in at 7 pounds, 2 ounces.

Maj. Eisenhower telephoned his father at his office to give him the good news that the baby was here and that she and her mother Barbara were doing well. This raises the number of their children to four, three daughters and one son. Since Maj. Eisenhower is an only child, the score for grandchildren is the same.

## West Va. Candidate

PARKERSBURG, W. Va., Dec. 21 (AP)—John D. Hoblitzell Jr., 43-year-old insurance executive, said today he would seek the Republican nomination to Congress from the 4th District in next year's primary.

## Moscow Welcomes Chiefs Home With Big Traffic Jam

MOSCOW, Dec. 21 (AP) — Nikita Krushchev and Nikolai Bulganin were welcomed home here today with bouquets of flowers and speeches after their strenuous month-long tour of India, Burma and Afghanistan.

Thousands of Muscovites stood in the cold along the capital's main thoroughfare, Gorky street, to catch a glimpse of the returning Communist party chieftain and Soviet Premier. Lines of soldiers, standing shoulder to shoulder, kept the people back.

Moscow developed what experienced chauffeurs called its worst traffic jam in 20 years.

Treating the occasion as a triumph, Khrushchev claimed that India, Burma and Afghanistan love the Soviet Union. He declared he and Bulganin had "exposed the policies of the colonizers in Asia" and that colonial regimes were "a blot on mankind."

He said he would go on attacking colonial regimes.

So far as the Russians are concerned, Bulganin and Khrushchev could hardly have timed their arrival better to achieve maximum dramatic effect.

They arrived as flags still flew in commemoration of the bloody fighting in Moscow 50 years ago — on Dec. 20, 1905, during the revolution of that year.

Today also was the 76th anniversary of the birth of Joseph Stalin and Moscow papers displayed portraits of him on their front pages.

## Non-Operating Rail Employes Get Wage Hike

CHICAGO, Dec. 21 (AP)—The nation's railroads and union representatives tonight signed an agreement giving about 750,000 non-operating employes a wage increase of 14½ cents an hour plus company-paid hospital and medical benefits.

This wage increase is retroactive to Dec. 1, 1955.

The agreement, following recommendations of a presidential fact-finding board, stipulates that the railroads will bear the entire cost of a hospital and medical plan beginning March 1, 1956. At present, the railroads and non-operating employes split the cost of these payments. The companies will pay up to $6.80 a month per employe for hospital and medical protection.

The railroads estimated that the cost of the settlement will come to some 300 million dollars a year.

Non-operating employes — telegraphers, clerks and other persons engaged in work other than actually operating trains—now receive an average hourly pay of $1.81.

## Ike To Resume News Conferences Soon

WASHINGTON, Dec. 21 (AP) — President Eisenhower, still curtailed in his official duties, is expected to resume regular news conferences after he swings back into full-scale White House routine next month.

The chief executive last held a session with newsmen Aug. 4, shortly before his departure for a Colorado vacation that was interrupted by his Sept. 24 heart attack.

Questioned about the possibility of a resumption of news conferences, presidential press secretary James C. Hagerty told reporters:

"When the President gets back into the regular routine of his office, I expect the regular routine will include presidential press conferences."

## Noted Builder Dies

BALTIMORE, Dec. 21 (AP) — Charles A. Cummins, civil engineer who built the House of Representatives office building and the Department of Commerce Building in Washington, D. C., died today after a long illness.

## Take-Home Pay And Living Costs Show Increase

WASHINGTON, Dec. 21 (AP)—Comparatively stable living costs plus higher take-home pay brought the average factory worker's purchasing power to a new peak in November.

This was reported today by the Labor Department's Bureau of Labor Statistics. It said that between October and November living costs rose 1-10 of 1 per cent. The average factory worker's pay — after taxes — climbed an approximate 80 cents a week to an average of $72.85 a week for a worker with three dependents and $65.49 for a worker with no dependents.

**More Purchasing Power**

This means, the department said, that the purchasing power of the worker with three dependents climbed 6.8 per cent in the 12 months ended November, 1955. Dollarwise, the take-home pay of this worker was $4.67 higher than it was a year ago. This was the sharpest year-gain in five years.

The department said the October-to-November rise in take-home pay was due to a 2-cent increase in average hourly pay and a lengthening of the factory work week. It said the 12-month boost in pay resulted from longer hours of work, more overtime pay and increased wage rates.

Aryness Joy Wickens, deputy commissioner of the Bureau, termed the year's increase in workers purchasing power "enormous."

**Living Cost Almost Stable**

She said November marked the third consecutive month in which take-home pay had increased and added that this boost coupled with a comparatively stable cost of living means that workers have more to spend for things other than household necessities and taxes.

She emphasized at a news conference preceding release of the statistics that the cost of living has been close to stable for the last three years — the longest period, other than the price control years of wartime, since the 1920s.

## Ohio Governor In Senate Race

COLUMBUS, Ohio, Dec. 21 (AP)—Ohio Gov. Frank J. Lausche announced tonight he will seek the Democratic nomination for U. S. senator at the May primary election.

The 23-word announcement opened the way for a possible clash with Republican U. S. Sen. George H. Bender of Ohio in the November general election.

Lausche's declaration, handed newsmen without comment, followed by one week his decision to seek a slate of delegates pledged to him as Ohio's favorite son candidate for president at the Democratic national convention in Chicago next August.

The announcement read:

"At the May 8 primary on the Democratic ticket, I will seek the nomination for the office of United States senator of Ohio."

The 60-year-old governor refused to elaborate or to answer any questions about his decision to run for senator instead of seeking a sixth two-year term as governor.

## *Two Hit By Bullets As Hot Rod Gang Shoots Up Homes*

TORRANCE, Calif., Dec. 21 (AP)—A gang of juveniles in a cruising hot rod shot up a residential section last night, wounding a youth trimming a Christmas tree and a woman motoring with her husband, police reported.

Joseph Paul Natter, 18, was shot through the left wrist by a .22 bullet which crashed through a window at the home of his fiancee, 18-year-old Mary Skipper. The slug narrowly missed her.

Mrs. Mamie Marie Burks was hit above the left eye by a .22 bullet which lost much of its force when it passed through the window of her car. She said it was fired from a hot rod, which quickly sped away.

## French Algeria Guerrilla War Mounts Sharply

ALGIERS, Dec. 21 (AP)—Guerrilla warfare mounted sharply in French Algeria today. A climate of fear was increased by nationalist threats to execute any Moslem official who fails to quit his government jobs. Scattered reports, unofficial and incomplete, indicated 89 persons had been killed in the last 24 hours.

In Paris, Premier Edgar Faure and leading ministers met with his committee to coordinate North African affairs to consider military measures in Algeria where Gov. Gen. Jacques Soustelle has asked for reinforcements. There are now at least 320,000 French soldiers in North Africa, mostly in Alberia.

The heaviest fighting started yesterday when the French opened a big drive in the Nemencha Mountains south of Constantine. Warplanes joined the operation against a handful of rebel bands known to be at large in the area.

French authorities said the drive cost the rebels 32 dead, 10 captured and a number of wounded.

In Algiers, nationalists circulated tracts threatening execution to any Moslems who fail to resign government posts before the French elections Jan. 2. A number of lesser officials in remote areas are known to have resigned already. Threatening letters have been received by many others.

## Colonel Given Light Sentence On POW Charge

FT. LEWIS, Wash., Dec. 21 (AP)—Lt. Col. Paul V. Liles was reprimanded and "suspended in rank" today after a 10-man Army court found him guilty of aiding the enemy by making propaganda recordings while a prisoner of war in Korea in 1950-53.

The 39-year-old West Point graduate, originally from Birmingham, Ala., was cleared of several other counts. They included accusations he made statements disloyal to the United States and refused to take command of American prisoners in camps where he was the senior officer present.

**Cannot Give Orders**

The staff judge advocate here, Col. Claude E. Fernandez, said the 24-month suspension in rank merely deprives Liles of authority to exercise military command and give orders, thereby relegating him to purely administrative assignments for the next two years.

Liles' right to promotion will not be affected by the sentence, Fernandez said, but it appeared unlikely he would be advanced during the two-year period.

Liles was the first West Point graduate to be tried on collaboration charges. Two other officers and six enlisted men were convicted earlier of collaborating; two officers and one enlisted man were acquitted.

**Sentence Just, Liles Says**

After the president of the court, Brig. Gen. Fred W. Sladen Jr., pronounced sentence, Liles and his wife walked from the court room, hand-in-hand and with broad smiles on their faces.

"In view of the findings, I consider the sentence very just," Liles told reporters. "I'm glad its over. I'm ready to go back to work in the Army and will continue to do my duty to the best of my ability."

His defense counsel, Lt. Col. Leslie E. Dixon of Monterey, Calif., suggested ex-prisoners be used to teach American soldiers how to resist and live in prisoner camps, "instead of being shuttled around the country from court-martial to court-martial to make statements against their fellow POWs."

## Stevenson's Son Injured, Two Killed In Auto Crash

ELKHART, Ind., Dec. 21 (AP) — Adlai Stevenson's son John was hurt severely today as his car crashed into a truck on a railroad overpass east of Elkhart, killing two Harvard classmates riding home with him.

Killed as they rode beside young Stevenson in the front seat of his car were two Harvard University students, sons of wealthy Chicagoans—William Stanley North III, 19, Lake Forest, Ill., and William C. Boyden Jr., 19, Chicago.

The 19-year-old son of the 1952 Democratic nominee for president was taken to a hospital in Goshen with a broken right kneecap and severe face cuts and nine teeth knocked out. His condition was called "good."

A fourth student, James F. Gilligan, 19, Nebraska City, Neb., riding in the rear seat of the car, also was injured.

Stevenson chartered a private plane to fly from Chicago to the hospital, taking along a Chicago bone specialist, Dr. James Stack.

State Trooper Cooper Cride said the truck driver, Fred Gill, 29, Detroit, said, "it was my fault."

The state police report said Stevenson's car, headed toward Chicago, came over the brow of a New York Central Railroad overpass on U.S. 20 just as Gill started to pass a slower truck on the south approach.

Young Stevenson tried to drive between the trucks, but his new Chevrolet crashed head on into Gill's truck after scraping another big truck driven by Cleo Rance, 47, St. Petersburg, Fla.

## Vote On Japan's Entry Called Off By U. N. Council

UNITED NATIONS, N.Y., Dec. 21 (AP)—To avoid another veto, the Security Council today postponed indefinitely a vote on Japanese membership in the U.N.

Sir Pierson Dixon of Britain requested the postponement on his resolution saying:

"The Security Council takes note that Japan is fully qualified for membership of the United Nations and expresses the hope that Japan will soon be admitted to the United Nations."

Britain asked the postponement because Soviet Delegate Arkady A. Sobolev refused to guarantee not to veto the resolution. Sobolev abstained on the postponement.

This ended Council consideration of new members probably until the 11th Assembly convenes late in 1956.

Dixon said he hopes to hear soon "through other channels" that the Soviet Union has dropped its determination to keep Japan out of the U.N. unless Outer Mongolia gets in too.

## Families Evacuated In Oregon Floods

PORTLAND, Ore., Dec. 21 (AP)—Western Oregon streams went out of their banks today, families were evacuated from their threatened homes, schools closed, slides cut highways and rain still came down.

The McKenzie, the Umpqua, and the Siuslaw were raging torrents. The Willamette, a damaging river near Eugene in years past, was being held in check by Lookout Point Dam whose reservoir was going up a foot an hour.

Mountain snows melted adding fresh torrents.

**Weather Forecast**
Partly cloudy and continued cold today with chance of snow flurries.

The pilot—Capt. Tom McBrien of New York—had talked to the airport control tower seconds before the crash and everything aboard was reported normal with the craft on course. The airport reported a 300-foot ceiling and a half-mile visibility.

Leroy Connell, a boilermaker who was in his home drinking coffee at the time, said he saw the plane's landing lights go on and heard what might have been an explosion or the sound of impact as the tree tops were sheared off.

"The big ship hit the ground but there was no fire until it hit," he said. From where he was when he first saw the plane, Connell said it appeared to be about the normal height for a landing.

Some of the 83 bags of mail aboard the plane burned and a number partly burned and soggy $50 and $100 bills were recovered from the debris.

## Fire Destroys Seven Stores At Lynchburg

LYNCHBURG, Va., Dec. 21 (AP)—An early morning fire roared uncontrolled for five hours in the business district of this central Virginia city today, causing damage estimated between two and 2½ million dollars.

Seven stores in four buildings were destroyed and two adjacent structures suffered heavy water damage.

Ammunition stored in one building exploded in the blaze, scattering shots and smashing windows on the other side of the street. A case of dynamite was removed minutes before flames engulfed one of the structures.

## Ike Is Grandpop For Fourth Time

WASHINGTON, Dec. 21 (AP)—It's another girl at the Eisenhowers, and her name is Mary Jean.

The new daughter of Maj. and Mrs. John Eisenhower and granddaughter of President and Mrs. Dwight Eisenhower was born at 4:58 p.m. EST at Walter Reed Army Hospital, weighing in at 7 pounds, 2 ounces.

Maj. Eisenhower telephoned his father at his office to give him the good news that the baby was here and that she and her mother Barbara were doing well. This raises the number of their children to four, three daughters and one son. Since Maj. Eisenhower is an only child, the score for grandchildren is the same.

## West Va. Candidate

PARKERSBURG, W. Va., Dec. 21 (AP)—John D. Hoblitzell Jr., 43-year-old insurance executive, said today he would seek the Republican nomination to Congress from the 4th District in next year's primary.

## Westinghouse Ends Talks, Hits 'Profane Abuse'

PITTSBURGH, Dec. 21 (AP) — Strikebound Westinghouse Electric Corp. said today its negotiators "terminated meetings" with the AFL-CIO International Union of Electrical Workers "because of profane abuse."

Westinghouse's top negotiator, vice president R. D. Blasier said:

"It was impossible this afternoon to preserve any semblance of reasonableness or decency. There can be no other excuse for this conduct except a deliberate calculated plan to bring about an end to negotiations."

Federal Mediator John R. Murray said the company walked out of the afternoon meeting about an hour and a half after it started.

Murray said no further sessions are scheduled in efforts to settle the nine-week-old strike which closed 30 Westinghouse plants.

**UE Continues Talks**

Another big union, the United Electrical Workers (Ind), is striking against the company and has closed another 10 plants. That union is continuing its negotiations.

Blasier, in a statement, said the company "is anxious to settle the IUE strike and is willing to meet whenever the union is ready to discuss the issues instead of the people on the company's negotiating committee."

Blasier said the end of the meeting was preceded by what he described as "an obscene, unprintable reference to the head of the company's negotiating committee by the IUE president."

**Carey Leads IUE Team**

Blasier has been heading the Westinghouse negotiating team. James B. Carey, president of the IUE, has been active in the negotiations the past two days, having rejoined them after an absence of more than two weeks while he was on other union business.

Murray said he will make some effort tomorrow to get the union and company back together again.

Meanwhile the big electric appliance company said it has loaned nearly two million dollars to strike-idled workers so their families "can have a little Christmas cheer."

The company began giving $100 loans to any idle worker—striking or furloughed—last Monday.

## Non-Operating Rail Employes Get Wage Hike

CHICAGO, Dec. 21 (AP)—The nation's railroads and union representatives tonight signed an agreement giving about 750,000 non-operating employes a wage increase of 14½ cents an hour plus company-paid hospital and medical benefits.

This wage increase is retroactive to Dec. 1, 1955.

The agreement, following recommendations of a presidential fact-finding board, stipulates that the railroads will bear the entire cost of a hospital and medical plan beginning March 1, 1956. At present, the railroads and non-operating employes split the cost of these payments. The companies will pay up to $6.80 a month per employe for hospital and medical protection.

The railroads estimated that the cost of the settlement will come to some 300 million dollars a year.

Non-operating employes — telegraphers, clerks and other persons engaged in work other than actually operating trains—now receive an average hourly pay of $1.81.

## Ike To Resume News Conferences Soon

WASHINGTON, Dec. 21 (AP) — President Eisenhower, still curtailed in his official duties, is expected to resume regular news conferences after he swings back into full-scale White House routine next month.

The chief executive last held a session with newsmen Aug. 4, shortly before his departure for a Colorado vacation that was interrupted by his Sept. 24 heart attack.

Questioned about the possibility of a resumption of news conferences, presidential press secretary James C. Hagerty told reporters:

"When the President gets back into the regular routine of his office, I expect the regular routine will include presidential press conferences."

## Noted Builder Dies

BALTIMORE, Dec. 21 (AP) — Charles A. Cummins, civil engineer who built the House of Representatives office building and the Department of Commerce Building in Washington, D. C., died today after a long illness.

## Take-Home Pay And Living Costs Show Increase

WASHINGTON, Dec. 21 (AP)—Comparatively stable living costs plus higher take-home pay brought the average factory worker's purchasing power to a new peak in November.

This was reported today by the Labor Department's Bureau of Labor Statistics. It said that between October and November living costs rose 1-10 of 1 per cent. The average factory worker's pay — after taxes — climbed an approximate 80 cents a week to an average of $72.85 a week for a worker with three dependents and $65.49 for a worker with no dependents.

**More Purchasing Power**

This means, the department said, that the purchasing power of the worker with three dependents climbed 6.8 per cent in the 12 months ended November, 1955. Dollarwise, the take-home pay of this worker was $4.67 higher than it was a year ago. This was the sharpest year-gain in five years.

The department said the October-to-November rise in take-home pay was due to a 2-cent increase in average hourly pay and a lengthening of the factory work week. It said the 12-month boost in pay resulted from longer hours of work, more overtime pay and increased wage rates.

Aryness Joy Wickens, deputy commissioner of the Bureau, termed the year's increase in workers purchasing power "enormous."

**Living Cost Almost Stable**

She said November marked the third consecutive month in which take-home pay had increased and added that this boost coupled with a comparatively stable cost of living means that workers have more to spend for things other than household necessities and taxes.

She emphasized at a news conference preceding release of the statistics that the cost of living has been close to stable for the last three years — the longest period, other than the price control years of wartime, since the 1920s.

## Ohio Governor In Senate Race

COLUMBUS, Ohio, Dec. 21 (AP)—Ohio Gov. Frank J. Lausche announced tonight he will seek the Democratic nomination for U. S. senator at the May primary election.

The 23-word announcement opened the way for a possible clash with Republican U. S. Sen. George H. Bender of Ohio in the November general election.

Lausche's declaration, handed newsmen without comment, followed by one week his decision to seek a slate of delegates pledged to him as Ohio's favorite son candidate for president at the Democratic national convention in Chicago next August.

The announcement read:

"At the May 8 primary on the Democratic ticket, I will seek the nomination for the office of United States senator of Ohio."

The 60-year-old governor refused to elaborate or to answer any questions about his decision to run for senator instead of seeking a sixth two-year term as governor.

## Two Hit By Bullets As Hot Rod Gang Shoots Up Homes

TORRANCE, Calif., Dec. 21 (AP)—A gang of juveniles in a cruising hot rod shot up a residential section last night, wounding a youth trimming a Christmas tree and a woman motoring with her husband, police reported.

Joseph Paul Natter, 18, was shot through the left wrist by a .22 bullet which crashed through a window at the home of his fiancee, 18-year-old Mary Skipper. The slug narrowly missed her.

Mrs. Mamie Marie Burks was hit above the left eye by a .22 bullet which lost much of its force when it passed through the window of her car. She said it was fired from a hot rod, which quickly sped away.

## French Algeria Guerrilla War Mounts Sharply

ALGIERS, Dec. 21 (AP)—Guerrilla warfare mounted sharply in French Algeria today. A climate of fear was increased by nationalist threats to execute any Moslem official who fails to quit his government jobs. Scattered reports, unofficial and incomplete, indicated 89 persons had been killed in the last 24 hours.

In Paris, Premier Edgar Faure and leading ministers met with his committee to coordinate North African affairs to consider military measures in Algeria where Gov. Gen. Jacques Soustelle has asked for reinforcements. There are now at least 320,000 French soldiers in North Africa, mostly in Alberia.

The heaviest fighting started yesterday when the French opened a big drive in the Nemencha Mountains south of Constantine. Warplanes joined the operation against a handful of rebel bands known to be at large in the area.

French authorities said the drive cost the rebels 32 dead, 10 captured and a number of wounded.

In Algiers, nationalists circulated tracts threatening execution to any Moslems who fail to resign government posts before the French elections Jan. 2. A number of lesser officials in remote areas are known to have resigned already. Threatening letters have been received by many others.

## Colonel Given Light Sentence On POW Charge

FT. LEWIS, Wash., Dec. 21 (AP)—Lt. Col. Paul V. Liles was reprimanded and "suspended in rank" today after a 10-man Army court found him guilty of aiding the enemy by making propaganda recordings while a prisoner of war in Korea in 1950-53.

The 39-year-old West Point graduate, originally from Birmingham, Ala., was cleared of several other counts. They included accusations he made statements disloyal to the United States and refused to take command of American prisoners in camps where he was the senior officer present.

**Cannot Give Orders**

The staff judge advocate here, Col. Claude E. Fernandez, said the 24-month suspension in rank merely deprives Liles of authority to exercise military command and give orders, thereby relegating him to purely administrative assignments for the next two years.

Liles' right to promotion will not be affected by the sentence, Fernandez said, but it appeared unlikely he would be advanced during the two-year period.

Liles was the first West Point graduate to be tried on collaboration charges. Two other officers and six enlisted men were convicted earlier of collaborating; two officers and one enlisted man were acquitted.

**Sentence Just, Liles Says**

After the president of the court, Brig. Gen. Fred W. Sladen Jr., pronounced sentence, Liles and his wife walked from the court room, hand-in-hand and with broad smiles on their faces.

"In view of the findings, I consider the sentence very just," Liles told reporters. "I'm glad its over. I'm ready to go back to work in the Army and will continue to do my duty to the best of my ability."

His defense counsel, Lt. Col. Leslie E. Dixon of Monterey, Calif., suggested ex-prisoners be used to teach American soldiers how to resist and live in prisoner camps, "instead of being shuttled around the country from court-martial to court-martial to make statements against their fellow POWs."

## Vote On Japan's Entry Called Off By U. N. Council

UNITED NATIONS, N.Y., Dec. 21 (AP)—To avoid another veto, the Security Council today postponed indefinitely a vote on Japanese membership in the U.N.

Sir Pierson Dixon of Britain requested the postponement on his resolution saying:

"The Security Council takes note that Japan is fully qualified for membership of the United Nations and expresses the hope that Japan will soon be admitted to the United Nations."

Britain asked the postponement because Soviet Delegate Arkady A. Sobolev refused to guarantee not to veto the resolution. Sobolev abstained on the postponement.

This ended Council consideration of new members probably until the 11th Assembly convenes late in 1956.

Dixon said he hopes to hear soon "through other channels" that the Soviet Union has dropped its determination to keep Japan out of the U.N. unless Outer Mongolia gets in too.

## Families Evacuated In Oregon Floods

PORTLAND, Ore., Dec. 21 (AP)—Western Oregon streams went out of their banks today, families were evacuated from their threatened homes, schools closed, slides cut highways and rain still came down.

The McKenzie, the Umpqua, and the Siuslaw were raging torrents. The Willamette, a damaging river near Eugene in years past, was being held in check by Lookout Point Dam whose reservoir was going up a foot an hour.

Mountain snows melted adding fresh torrents.

## Moscow Welcomes Chiefs Home With Big Traffic Jam

MOSCOW, Dec. 21 (AP) — Nikita Krushchev and Nikolai Bulganin were welcomed home here today with bouquets of flowers and speeches after their strenuous month-long tour of India, Burma and Afghanistan.

Thousands of Muscovites stood in the cold along the capital's main thoroughfare, Gorky street, to catch a glimpse of the returning Communist party chieftain and Soviet Premier. Lines of soldiers, standing shoulder to shoulder, kept the people back.

Moscow developed what experienced chauffeurs called its worst traffic jam in 20 years.

Treating the occasion as a triumph, Khrushchev claimed that India, Burma and Afghanistan love the Soviet Union. He declared he and Bulganin had "exposed the policies of the colonizers in Asia" and that colonial regimes were "a blot on mankind."

He said he would go on attacking colonial regimes.

So far as the Russians are concerned, Bulganin and Khrushchev could hardly have timed their arrival better to achieve maximum dramatic effect.

They arrived as flags still flew in commemoration of the bloody fighting in Moscow 50 years ago — on Dec. 20, 1905, during the revolution of that year.

Today also was the 76th anniversary of the birth of Joseph Stalin and Moscow papers displayed portraits of him on their front pages.

## Stevenson's Son Injured, Two Killed In Auto Crash

ELKHART, Ind., Dec. 21 (AP) — Adlai Stevenson's son John was hurt severely today as his car crashed into a truck on a railroad overpass east of Elkhart, killing two Harvard classmates riding home with him.

Killed as they rode beside young Stevenson in the front seat of his car were two Harvard University students, sons of wealthy Chicagoans—William Stanley North III, 19, Lake Forest, Ill., and William C. Boyden Jr., 19, Chicago.

The 19-year-old son of the 1952 Democratic nominee for president was taken to a hospital in Goshen with a broken right kneecap and severe face cuts and nine teeth knocked out. His condition was called "good."

A fourth student, James F. Gilligan, 19, Nebraska City, Neb., riding in the rear seat of the car, also was injured.

Stevenson chartered a private plane to fly from Chicago to the hospital, taking along a Chicago bone specialist, Dr. James Stack.

State Trooper Cooper Cride said the truck driver, Fred Gill, 29, Detroit, said, "it was my fault."

The state police report said Stevenson's car, headed toward Chicago, came over the brow of a New York Central Railroad overpass on U.S. 20 just as Gill started to pass a slower truck on the south approach.

Young Stevenson tried to drive between the trucks, but his new Chevrolet crashed head on into Gill's truck after scraping another big truck driven by Cleo Rance, 47, St. Petersburg, Fla.

# Northeast Remains In Cold Wave's Grip As Winter Arrives

NEW YORK, Dec. 21 (AP) — The Northeast tonight remained gripped by the worst winter's eve cold wave in years. Temperatures as low as 47 degrees below zero were reported.

Gradual relief was forecast by the Weather Bureau, but not before late tomorrow. Winter officially arrives at 10:12 a.m. EST, Thursday.

The numbing cold and its handmaiden, fire, plunged many sections of the area into misery. Two human derelicts froze to death in Jersey City, N.J.

Trains ran late, power failed, schools closed. Motorists by the thousands were stranded by stalled cars.

The New York Automobile Club handled 7,500 emergency road service calls yesterday and about 10,000 today. Normally it gets 1,500 calls a day from New York City motorists. During the morning rush hour it got 1,000 calls an hour, compared to a normal 125.

There was little snow accompanying the cold wave. Clear blue skies in most places mirrored bright sunshine. But any warmth was dissipated in the frigid air.

In the Adirondack Mountains of Upper New York, a reading of 47 degrees below zero was reported at Old Forge. The lowest official reading was 30 below in the same general area.

At Owls Head, N.Y., near the Canadian border, Postmaster Clarence Dufore said his two thermometers exploded when the readings hit 30 below.

The New York record is 32 below, recorded at Stillwater Reservoir in Saratoga County Feb. 9, 1934.

The Hudson River, usually an open stream, froze so fast above New York City that a salvage boat was trapped in the ice near Tarrytown with six men aboard. It was the first time in years ice has imprisoned a river craft. A Coast Guard icebreaker moved in to free the vessel.

Boston recorded two below zero, the lowest official reading there since Jan. 3, 1948.

Newport, Vt., had 22 below, Porland, Maine, 14 below, Lebanon, N.H., 19 below, Windsor Locks, Conn., 4 below, New York City, 5.9 degrees above zero, High Point, N.J. 8 below.

Trains from the West were arriving up to four hours late. The New York Central's 20th Century Limited pulled into Grand Central Terminal an hour and a half late.

Commuter trains from New York to New England and on Long Island were being delayed from six minutes to an hour. Various mechanical failures were blamed, most of them caused by the cold.

## Lehighton, Pa., Fire Levels Nine Buildings

LEHIGHTON, Pa., Dec. 21 (AP)—Nine buildings were destroyed and large quantities of Christmas merchandise burned when fire raged through the main business section of this northeastern Pennsylvania community early today.

More than 300 firemen from nine communities, aided by some National Guardsmen, fought the blaze for more than three hours to bring it under control.

Eight firemen suffered frostbite and one person was treated for shock as 15 families were routed into five degree weather.

Damage totalled about half a million dollars, said Asst. Fire Chief Norman Schneck.

# Mom's Return Would Be Best Christmas Gift

BALTIMORE, Dec. 21 (AP) — The greatest present Santa Claus could bring Janet Emerson, 7, and her 3-year-old brother, Donnie, would be their mother.

Mrs. Lofraine Emerson disappeared from their modest home on May 22, 1953. When her husband, Horace, came home from work that night and found his wife gone, he notified the Police Department Missing Persons Bureau.

There was no indication of foul play, but neither was there evidence that she had left home voluntarily. Police found no trace of Mrs. Emerson. Her family received no word.

More than a year later, on July, 1954, tragedy struck the Emerson home again when the father died. The children went to live with their grandparents, Mr. and Mrs. William Beam.

In addition to police tracers, Mrs. Beam has attempted on her own to locate her daughter. She has written almost 400 letters of inquiry to police departments throughout the United States, the FBI, her State legislative representatives, Gov. McKeldin of Maryland and even to President and Mrs. Eisenhower.

All these letters have been answered but all turned up nothing . . . still no trace of Mrs. Emerson.

Janet, who is almost 8 years old, remembers her mother quite well, while young Donald knows only slightly more than he has been told of his mother.

They are a pair of attractive blonde, happy children who are looking forward to Christmas like millions of kids everywhere. But at this time of year, particularly, they can't help but remember what their lives were like just a couple of years ago, before disaster snatched their mother and daddy away.

Police believe, as does Mrs. Beam, that Mrs. Emerson is living today, somewhere.

"It would be wonderful if someone who knows her whereabouts would see her picture in the paper," an officer at the Missing Persons Bureau said. "Then we could give those children a real Christmas present—their mother."

## Wife Kills Mate, Lives Five Days With Body

FRESNO, Calif., Dec. 21 (AP)—A Fresno housewife beat her salesman husband to death Friday midnight and then remained in the house with the body five days without reporting it, Sheriff Melvin Willmirth said today.

He quoted red-haired Mrs. Barbara Schattinger, 27, as saying she beat her husband, James, 28, with a length of pipe after a heated argument.

Schattinger's body was found wrapped in a sheet in the closet.

The sheriff said Mrs. Schattinger who still was in a state of shock today, remained at home with the body and with her small daughter, Katy, contacting no one until last night.

### Thief Looks Ahead

NEWARK, N. J., Dec. 21 (AP)—With the temperature hovering just above zero, Mrs. Stella Glassberg of Newark today reported the theft of a lawnmower and spade from a shed in her yard.

## *Crash Scrambles Over 12,000 Eggs*

HIGHTSTOWN, N. J., Dec. 21 (AP)—More than 12,000 eggs were scrambled today when a Pennsylvania Railroad locomotive collided with a poultry truck at a little used rural crossing near here.

About 1,000 dozen eggs were cracked, broke or frozen on the pavement of the road leading to Rt. 130 in the crash.

Raymond Teltier, 66, of Lakewood, passenger in the truck, was taken to St. Francis Hospital, Trenton, for treatment of back and head injuries.

The driver of the truck, John Oeser, 26, of Toms River, was charged with failing to stop for a stop sign. He told state police he had never seen a train on the railroad's freight spur line.

# 10-Year-Old Gag Check Backfires

NEW YORK, Dec. 21 (AP)—Attorney Albert B. Zink complained today that his estranged wife won't go along with a gag—a $75,000 gag. She takes Christmas gift-giving seriously.

As he told it in State Supreme Court:

"On Christmas morning, 1945, I visited the defendant in her apartment at 2 Sutton Place and brought her several relatively inexpensive Christmas gifts. Among the gifts was a camera, which cost $75.

"During the exchange of gifts, I expressed regret that my financial circumstances were such that I was unable to give her more elaborate presents and, in the merriment and jesting which prevailed at that time, I drew a blank check from my wallet and in a spirit of fun, wrote a check to her order for $75,000 and dated it Christmas Day, 10 years later."

Zink married the girl, Maude, in 1946 and always figured she had destroyed the check. But he didn't know Maude, he admitted.

Mrs. Zink sued the lawyer for a separation in 1952 and the shocked Zink learned the check is still in her possession. The separation suit is pending.

With the "merriment and jesting" of that by-gone Christmas only a memory, Zink is worried lest the check become valid next week and Mrs. Zink cash it.

A hearing was set for Jan. 3 on his application to have the check declared null and void.

## *D'Alesandro Sued For Painting Ban*

BALTIMORE, Dec. 21 (AP)—Mayor Thomas D'Alesandro, who touched off an art-censorship controversy when he ordered a painting of two nudes removed from a municipal exhibit, today was sued for $7,500 damages by the artist.

Glenn Walker, whose painting "In a Room" won two prizes in the Municipal Peale Museum exhibit, also asked Judge Cornelius P. Munday to issue a temporary injunction restraining the mayor from interfering in any future exhibitions.

Judge Mundy signed an order giving the mayor until Jan. 23 to show why the injunction should not be issued.

Mayor D'Alesandro had ordered Walker's painting, showing a man and woman, both nude, lying on a bed, removed from the museum Nov. 10. He described it "obscene", "morally objectonable" and not fit for public viewing.

# Korea Honors Catholic Monk, Ex-Sea Captain

WASHINGTON, Dec. 21 (AP)—Five years ago today, an American freighter captain evacuated 14,000 Korean refugees from Hungnam before the city's fall to fiercely attacking Chinese Communists.

Today that same man—now a Catholic monk—received a gold medal for valor from the grateful South Korean government, in the name of President Syngman Rhee.

For years Rhee sought to decorate Capt. Leonard P. LaRue of Philadelphia, master of the 7,630-ton freighter Meredith Victory. LaRue sailed the little ship—with passenger accommodations for 12—into the blazing port and took on hordes of men, women and children. He carried them to safety.

The total rescued was estimated somewhere above 14,000, which would be the largest number ever taken aboard a freighter of any size at any time. The figure compares with average loads of 10,000 to 12,000 troops packed into the liners Queen Mary and Queen Elizabeth when they were wartime transports. The Cunard Line's records show that 15,000 probably was the peak load.

Anyhow, the Koreans couldn't find LaRue to honor him.

But recently, an item in a New York newspaper came to Rhee's attention. It related that the 41-year old LaRue had renounced his sea career to become Brother Marimus of the Roman Catholic Benedictine missionaries at St. Paul's Abbey in Newton, N. J.

Since LaRue had cut his worldly ties, a dispensation had to be granted by the Benedictine order to allow him to accept the decoration.

## Marland Asks Funds For Hildebrand Dam

CHARLESTON, W. Va., Dec. 21 (AP)—Gov. William C. Marland wrote the U. S. Army Corps of Engineers at Pittsburgh today, urging that federal appropriation be made to continue construction of the Hildebrand Dam on the Monongahela River.

The dam, to be located five to six miles upstream from Morgantown toward Fairmont, would cost an estimated 15 million dollars. It would replace two dams now on the river.

Congress appropriated $80,000 two years ago, which was spent for engineering work, and an adtional one million dollars appropriated last year for purchase of land and initial construction work.

### Landslide Kills Four

MANIZALES, Colombia, Dec. 21 (AP)—Four persons were killed today in a landslide that swallowed three home in the village of Aranzazu. Seven persons are missing.

# City Counterattacks After Mice Invasion

ENCINO, Calif., Dec. 21 (AP) — 'Twas the week before Christmas and all through the town, creatures were stirring. Mice. Millions of 'em.

The rodents, multiplying unnoticed on an abandoned ranch, overran homes, stores and schools. Cats were too outnumbered to be effective. But now people are counterattacking, and a sad Yule is in store for the mice.

The city Health Department tells the story this way:

When a chicken ranch was abandoned in this San Fernando Valley suburb, its operators left behind large stores of grain. It was a windfall for the mouse population. They moved in and lived like kings—until the supply ran out.

Then they started fanning out through the heavily populated area around the ranch. Scores were killed crossing traffic arteries. Children made an after-school game of chasing them. An 8-year-old girl was found to have three tucked away in her purse for safe keeping.

After complaints from scores of householders—some said they were killing more than 100 mice a day on their premises—the Health Department organized a task force and advanced on the area.

They gassed the abandoned ranch with cyanide fumes yesterday and are advancing today on other nesting areas. They hope that by Christmas few mice will be stirring.

The Hudson River, usually an open stream, froze so fast above New York City that a salvage boat was trapped in the ice near Tarrytown with six men aboard. It was the first time in years ice has imprisoned a river craft. A Coast Guard icebreaker moved in to free the vessel.

Boston recorded two below zero, the lowest official reading there since Jan. 3, 1948.

Newport, Vt., had 22 below, Portland, Maine, 14 below, Lebanon, N.H., 19 below, Windsor Locks, Conn., 4 below, New York City, 5.9 degrees above zero, High Point, N.J., 8 below.

Trains from the West were arriving up to four hours late. The New York Central's 20th Century Limited pulled into Grand Central Terminal an hour and a half late.

Commuter trains from New York to New England and on Long Island were being delayed from six minutes to an hour. Various mechanical failures were blamed, most of them caused by the cold.

## Lehighton, Pa., Fire Levels Nine Buildings

LEHIGHTON, Pa., Dec. 21 (AP)—Nine buildings were destroyed and large quantities of Christmas merchandise burned when fire raged through the main business section of this northeastern Pennsylvania community early today.

More than 300 firemen from nine communities, aided by some National Guardsmen, fought the blaze for more than three hours to bring it under control.

Eight firemen suffered frostbite and one person was treated for shock as 15 families were routed into five degree weather.

Damage totalled about half a million dollars, said Asst. Fire Chief Norman Schneck.

# Mom's Return Would Be Best Christmas Gift

BALTIMORE, Dec. 21 (AP) — The greatest present Santa Claus could bring Janet Emerson, 7, and her 3-year-old brother, Donnie, would be their mother.

Mrs. Lofraine Emerson disappeared from their modest home on May 22, 1953. When her husband, Horace, came home from work that night and found his wife gone, he notified the Police Department Missing Persons Bureau.

There was no indication of foul play, but neither was there evidence that she had left home voluntarily. Police found no trace of Mrs. Emerson. Her family received no word.

More than a year later, on July, 1954, tragedy struck the Emerson home again when the father died. The children went to live with their grandparents, Mr. and Mrs. William Beam.

In addition to police tracers, Mrs. Beam has attempted on her own to locate her daughter. She has written almost 400 letters of inquiry to police departments throughout the United States, the FBI, her State legislative representatives, Gov. McKeldin of Maryland and even to President and Mrs. Eisenhower.

All these letters have been answered but all turned up nothing . . . still no trace of Mrs. Emerson.

Janet, who is almost 8 years old, remembers her mother quite well, while young Donald knows only slightly more than he has been told of his mother.

They are a pair of attractive blonde, happy children who are looking forward to Christmas like millions of kids everywhere. But at this time of year, particularly, they can't help but remember what their lives were like just a couple of years ago, before disaster snatched their mother and daddy away.

Police believe, as does Mrs. Beam, that Mrs. Emerson is living today, somewhere.

"It would be wonderful if someone who knows her whereabouts would see her picture in the paper," an officer at the Missing Persons Bureau said. "Then we could give those children a real Christmas present—their mother."

## Wife Kills Mate, Lives Five Days With Body

FRESNO, Calif., Dec. 21 (AP)—A Fresno housewife beat her salesman husband to death Friday midnight and then remained in the house with the body five days without reporting it, Sheriff Melvin Willmirth said today.

He quoted red-haired Mrs. Barbara Schattinger, 27, as saying she beat her husband, James, 28, with a length of pipe after a heated argument.

Schattinger's body was found wrapped in a sheet in the closet.

The sheriff said Mrs. Schattinger who still was in a state of shock today, remained at home with the body and with her small daughter, Katy, contacting no one until last night.

### Thief Looks Ahead

NEWARK, N. J., Dec. 21 (AP)—With the temperature hovering just above zero, Mrs. Stella Glassberg of Newark today reported the theft of a lawnmower and spade from a shed in her yard.

## Crash Scrambles Over 12,000 Eggs

HIGHTSTOWN, N. J., Dec. 21 (AP)—More than 12,000 eggs were scrambled today when a Pennsylvania Railroad locomotive collided with a poultry truck at a little used rural crossing near here.

About 1,000 dozen eggs were cracked, broke or frozen on the pavement of the road leading to Rt. 130 in the crash.

Raymond Teltier, 66, of Lakewood, passenger in the truck, was taken to St. Francis Hospital, Trenton, for treatment of back and head injuries.

The driver of the truck, John Oeser, 26, of Toms River, was charged with failing to stop for a stop sign. He told state police he had never seen a train on the railroad's freight spur line.

# 10-Year-Old Gag Check Backfires

NEW YORK, Dec. 21 (AP)—Attorney Albert B. Zink complained today that his estranged wife won't go along with a gag—a $75,000 gag. She takes Christmas gift-giving seriously.

As he told it in State Supreme Court:

"On Christmas morning, 1945, I visited the defendant in her apartment at 2 Sutton Place and brought her several relatively inexpensive Christmas gifts. Among the gifts was a camera, which cost $75.

"During the exchange of gifts, I expressed regret that my financial circumstances were such that I was unable to give her more elaborate presents and, in the merriment and jesting which prevailed at that time, I drew a blank check from my wallet and in a spirit of fun, wrote a check to her order for $75,000 and dated it Christmas Day, 10 years later."

Zink married the girl, Maude, in 1946 and always figured she had destroyed the check. But he didn't know Maude, he admitted.

Mrs. Zink sued the lawyer for a separation in 1952 and the shocked Zink learned the check is still in her possession. The separation suit is pending.

With the "merriment and jesting" of that by-gone Christmas only a memory, Zink is worried lest the check become valid next week and Mrs. Zink cash it.

A hearing was set for Jan. 3 on his application to have the check declared null and void.

## D'Alesandro Sued For Painting Ban

BALTIMORE, Dec. 21 (AP)—Mayor Thomas D'Alesandro, who touched off an art-censorship controversy when he ordered a painting of two nudes removed from a municipal exhibit, today was sued for $7,500 damages by the artist.

Glenn Walker, whose painting "In a Room" won two prizes in the Municipal Peale Museum exhibit, also asked Judge Cornelius P. Munday to issue a temporary injunction restraining the mayor from interfering in any future exhibitions.

Judge Mundy signed an order giving the mayor until Jan. 23 to show why the injunction should not be issued.

Mayor D'Alesandro had ordered Walker's painting, showing a man and woman, both nude, lying on a bed, removed from the museum Nov. 10. He described it "obscene", "morally objectionable" and not fit for public viewing.

# Korea Honors Catholic Monk, Ex-Sea Captain

WASHINGTON, Dec. 21 (AP)—Five years ago today, an American freighter captain evacuated 14,000 Korean refugees from Hungnam before the city's fall to fiercely attacking Chinese Communists.

Today that same man—now a Catholic monk—received a gold medal for valor from the grateful South Korean government, in the name of President Syngman Rhee.

For years Rhee sought to decorate Capt. Leonard P. LaRue of Philadelphia, master of the 7,630-ton freighter Meredith Victory. LaRue sailed the little ship—with passenger accommodations for 12—into the blazing port and took on hordes of men, women and children. He carried them to safety.

The total rescued was estimated somewhere above 14,000, which would be the largest number ever taken aboard a freighter of any size at any time. The figure compares with average loads of 10,000 to 12,000 troops packed into the liners Queen Mary and Queen Elizabeth when they were wartime transports. The Cunard Line's records show that 15,000 probably was the peak load.

Anyhow, the Koreans couldn't find LaRue to honor him.

But recently, an item in a New York newspaper came to Rhee's attention. It related that the 41-year old LaRue had renounced his sea career to become Brother Marinus of the Roman Catholic Benedictine missionaries at St. Paul's Abbey in Newton, N. J.

Since LaRue had cut his worldly ties, a dispensation had to be granted by the Benedictine order to allow him to accept the decoration.

## Marland Asks Funds For Hildebrand Dam

CHARLESTON, W. Va., Dec. 21 (AP)—Gov. William C. Marland wrote the U. S. Army Corps of Engineers at Pittsburgh today, urging that federal appropriation be made to continue construction of the Hildebrand Dam on the Monongahela River.

The dam, to be located five to six miles upstream from Morgantown toward Fairmont, would cost an estimated 15 million dollars. It would replace two dams now on the river.

Congress appropriated $80,000 two years ago, which was spent for engineering work, and an additional one million dollars appropriated last year for purchase of land and initial construction work.

### Landslide Kills Four

MANIZALES, Colombia, Dec. 21 (AP)—Four persons were killed today in a landslide that swallowed three home in the village of Aranzazu. Seven persons are missing.

## Thousands Killed
# City Counterattacks After Mice Invasion

ENCINO, Calif., Dec. 21 (AP) — 'Twas the week before Christmas and all through the town, creatures were stirring. Mice. Millions of 'em.

The rodents, multiplying unnoticed on an abandoned ranch, overran homes, stores and schools. Cats were too outnumbered to be effective. But now people are counterattacking, and a sad Yule is in store for the mice.

The city Health Department tells the story this way:

When a chicken ranch was abandoned in this San Fernando Valley suburb, its operators left behind large stores of grain. It was a windfall for the mouse population. They moved in and lived like kings—until the supply ran out.

Then they started fanning out through the heavily populated area around the ranch. Scores were killed crossing traffic arteries. Children made an after-school game of chasing them. An 8-year-old girl was found to have three tucked away in her purse for safe keeping.

After complaints from scores of householders—some said they were killing more than 100 mice a day on their premises—the Health Department organized a task force and advanced on the area.

They gassed the abandoned ranch with cyanide fumes yesterday and are advancing today on other nesting areas. They hope that by Christmas few mice will be stirring.

# State Urged To Construct Assateague Island Bridge

BALTTMORE, Dec. 21 (AP) — Del. Robinson (D-Balto 4th) urged the state today to consider building a bridge to Assateague Island and developing there an Atlantic Ocean beach for the public.

The delegate, a persuasive force in the General Assembly, thereby raised a question of private corporation building a bridge which was sanctioned by the 1955 Legislature.

Robinson declared he is concerned with "other thinking Marylanders by the lack of an ocean front park owned and operated by the state of Maryland for the benefit of its citizens."

The only state park with swimming facilities is on Chesapeake Bay at Sandy Park near Annapolis.

Robinson wrote a letter to Russell McCain, chairman of the Roads Commission and Joseph F. Kaylor, director of state parks, "because I am convinced that we in Maryland must make a decision at this time as to whether or not we ought to acquire, either by gift or purchase, ocean front beach for public ownership and use.

"I say this because the Assateague Island status is in flux and decisions may be made in the near future which can either be beneficial or detrimental to the people of the entire state."

Del. Robinson reminded the state officials that the Public Service Commission is to hear Jan. 4 a petition by the Assateague Island Bridge Corp. a petition for final approval to build a span across Sinepuxent Bay to the island.

The corporation is privately formed mostly by persons who bought beach lots there from Leon Ackerman, Washington real estate developer.

"This application," wrote Robinson, "is the culmination of several years' controversy between private real estate promoters on the one hand and some members of the Legislature on the other, as to the best means of realizing a bridge connection between the Eastern Shore mainland of Maryland and Assateague Island."

A hearing is scheduled in Worcester County Circuit Court on a petition for an injunction against construction of the bridge by the private corporation. The petition was filed in behalf of some residents who favor construction by a county public authority.

Private construction of the bridge was sanctioned by two legislatures. The first died after the sponsors failed to post a performance bond with the state.

# Crewman Held In Fatal Stabbing Of Ship's Cook

BALTIMORE, Dec. 21 (AP)—A 25-year-old assistant cook was stabbed to death on the British freighter Grenehurst today after an argument in the ship's galley over a piece of liver.

Police arrested and charged a 29-year-old Negro crewman from the Sudan, East Africa, with the slaying which they said was witnessed by the chief cook and a Coast Guardsman on duty at the ship.

Dead was Jerry Thomas Patrick Jenkins of Liverpool, England. Police said he was stabbed in the jugular vein with a regulation seaman's knife, with saw teeth on one edge and a sharp blade on the other.

The man held on the homicide charge was identified as Maher A. Hassan, crewman on the Grenehurst which is docked here for grain loading.

According to Billy E. Brown, 22, of Jacksonville, Fla., the Coast Guardsman witness, Hassan entered the galley and asked chief cook John Rodriquez for a piece of liver to cook. He was refused, Brown said.

A few minutes later, Brown told police, Hassan reentered the galley and remarked that nobody would mess with him.

Jenkins, the assistant cook, who was in the galley with Rodriquez and Brown, reportedly hit Hassan on the jaw and after Hassan drew a six-inch knife, hit him again. Brown said he drew his pistol but was unable to use it in the close quarters.

He said he saw Jenkins fall with blood spurting from a two-inch wound in his neck. Brown said he then took Hassan outside and turned him over to another Coast Guardsman while he went for help.

He told police Jenkins staggers about 50 yards up a passageway, then fell to the deck and died shortly afterward.

## Depouched Baby Kangaroos Die

BALTIMORE, Dec. 21 (AP)—Joey, the baby kangaroo forced to face the world before he was ready, died last night.

He met the same fate as his sister, Josie, who also was tossed out of the pouch by the mother.

When Joey was given the boot, Mrs. Louella Earl gave the Baltimore Zoo a hand, caring for the depouched animal. But pablum and hot pads couldn't save him.

The other baby kangaroo died about a month ago after being tossed out of the pouch last spring. Virus pneumonia was blamed.

Joey reportedly had an internal obstruction.

Zoo authorities still haven't found out why the mother keeps evicting her offspring.

## McKeldin Will Open Expressway Section

BALTIMORE, Dec. 21 (AP)—Gov. McKeldin will officiate at ceremonies next Wednesday opening 17 miles of the Blue Star Memorial Highway or Eastern Shore Expressway.

The largest section to be open, 15 miles runs from the present dead end at U. S. 213, just below Centreville, northeastward to a junction with Maryland 300 near Dudley Corners. The other two miles to be opened will be from the state line at Warwick, southwest to the junction with Maryland 299 near Sassafras.

When these two portions of the highway are open, the distance between the Chesapeake Bay Bridge and the Delaware Line will be about half covered with a two-lane modern road which the State Roads Commission hopes one day will be a dual lane highway.

## B. & O. Net Income Shows Big Increase

NEW YORK, Dec. 21 (AP) — The Baltimore and Ohio Railroad's net income for November topped the $1,950,000 mark, an increase of about $940,000 over the same month last year, President Howard E. Simpson said today.

The total net income for the first 11 months of 1955 exceeded 23 million dollars, Simpson announced following the regular monthly meeting of the Board of Directors here. That represents a gain of more than ,$10,300,000 over the same period of 1954.

## Bell Is Fire Alarm

CHEVY CHASE, Md., Dec. 21 (AP) —A ringing door bell, short circuited by flames, roused a family early today after fire broke out in the basement of their home.

Firemen said the fire caused damages in the recreation room estimated at $5,000.

# Ice-Breakers Alerted On Bay

BALTIMORE, Dec. 21 (AP)—Icebreakers stood ready today to go to the aid of shipping after reports of a 6-inch freeze in Upper Chesapeake Bay and prospects of continued sub-freezing weather for Maryland.

The Coast Guard's harbor tug Appalachee had to break out a tug and a barge caught last night in ice near the bay entrance of the Chesapeake and Delaware Canal.

Clarence Tull, City harbor engineer, said if the ice gets any worse, he plans to send the city ice breakers Annapolis and Latrobe out this week.

Only once before in the history of the Bureau of Harbors has it been necessary to dispatch an icebreaker before Christmas.

The upper bay freeze over occurred on a night that saw the temperature again plunge into the teens throughout Maryland.

The coldest reporting locality was Oakland with 4 degrees above zero.

The early morning low was 6 degrees in Conowingo, 10 at Towson and 11 at Pikesville and Randallstown. Cumberland reported 12 degrees as did Easton, and Salisbury and Frederick had 14.

Rockville and Waldorf in Southern Maryland were the comparative warmspots with lows of 16 degrees.

## Father Improves After Fatal Crash

MARTINSBURG, W. Va., Dec. 21 (AP)—Warren C. Bowman, who has been hospitalized with three of his children since an automobile accident Dec. 11 which killed his wife and three other children, was moved today from a Hagerstown, Md. hospital to the Baker Veterans Hospital near here.

His doctors said Bowman, a construction worker who lives on Dry Run Pike just outside Martinsburg, is improving. He did not regain consciousness for three days after the accident in Maryland.

Two small sons, Dwight and Junior, have been returned to their home while the third surviving child, Shirley, is expected to remain in Washington County Hospital at Hagerstown for some time.

The multiple tragedy occurred when the Bowman car, carrying the entire family—parents and six children—was hit by another car and thrown into the path of a trailer truck.

Mrs. Bowman and three of the children were killed outright.

# State Urged To Construct Assateague Island Bridge

BALTTMORE, Dec. 21 (AP) — Del. Robinson (D-Balto 4th) urged the state today to consider building a bridge to Assateague Island and developing there an Atlantic Ocean beach for the public.

The delegate, a persuasive force in the General Assembly, thereby raised a question of private corporation building a bridge which was sanctioned by the 1955 Legislature.

Robinson declared he is concerned with "other thinking Marylanders by the lack of an ocean front park owned and operated by the state of Maryland for the benefit of its citizens."

The only state park with swimming facilities is on Chesapeake Bay at Sandy Park near Annapolis.

Robinson wrote a letter to Russell McCain, chairman of the Roads Commission and Joseph F. Kaylor, director of state parks, "because I am convinced that we in Maryland must make a decision at this time as to whether or not we ought to acquire, either by gift or purchase, ocean front beach for public ownership and use.

# Water Purification Unit That Removes Radioactivity Is Developed By Army

FORT BELVOIR, Va., Dec. 21 (AP)—The Army's engineers said today they had developed a mobile water purification unit which can make a radioactive water safe to drink in 30 minutes.

It means the engineers have solved the problem of water contamination produced by fallout from the explosion of atomic and hydrogen bombs.

In fact, the engineers reported, the truck-mounted unit would eliminate water contamination even though the enemy employed his whole range of chemical, bacteriological and radiological weapons.

Further, the engineers added, the machine can turn out 3,000 gallons of drinking water an hour from the most polluted stream in the world—and has.

"I guess," said Harry N. Lowe Jr., "we can tell the story now. For the past three years we have been using that machine to produce drinking water during the Veterans' Day celebrations at Anacostia Air Base."

"Some 10,000 to 15,000 people," Lowe continued, "have drunk out water every Veterans' Day. The water came from the Anacostia River — probably the worst polluted stream in the world."

Lowe is head of the sanitary engineering branch of the engineer's research and development laboratories here, which developed the unit.

This same unit was used to produce 99,000 gallons of pure water for Stroudsburg, Pa., when that Pa., when that city's water system became contaminated by floods last fall.

The heart of the unit is a coagulator and filter. In the coagulation process all solids are removed from the water chemically and chlorine added. The water then passes through a filter of diatamaceous silica — pulverized limestone.

The combination of filter and chemical treatment provides a barrier to the organisms which cause dysentery and schistomiasis, a serious water borne disease found in the Far East. It also eliminates radio-activity.

The unit can be operated by one man. It can be put together by three men in less than 90 minutes.

The filters, Lowe said, have to be changed every six hours of operation.

NEW YORK, Dec. 21 (AP) — The F. W. Dodge Corp. reported today that contract awards for future construction in Maryland totaled $758,401,000 during the first 11 months of 1955, a new record for an 11-month period.

# 21-Day Safe Driving Campaign Pays Off

WASHINGTON, Dec. 21 (AP)—The 21-day safe driving campaign which ended Dec. 10 brought the first downward trend in traffic fatalities since last February, the President's Committee for Traffic Safety announced today.

Figures compiled by the group showed 2,069 fatalities during the campaign. This was 75 fewer than during the corresponding period of 1954.

Up until then, the committee said, traffic deaths had been steadily higher than last year. Fatalities last March were 5 per cent over the same month of 1954. April and May were up 6 per cent, June 7 per cent, July 11 per cent, August 10 per cent and September and October 12 per cent. November totals were not yet available.

## PRR Income Report

PHILADELPHIA, Dec. 21 (AP)—Pennsylvania Railroad profits for November fell off about 17 per cent from the same month last year, it was reported today, but for 11-month 1955 period earnings were more than double that of 1954.

# Drinkingest Yuletide Seen

WASHINGTON, Dec. 21 (AP)—This holiday season, a liquor industry man said today, looks like one of the drinkingest in years.

"All our records," Harry L. Lourie of the National Assn. of Alcoholic Beverage Importers, "show that business this season is very, very good."

But Lourie hopes this doesn't automatically bring up a mental picture of a booze befuddled father stumbling home to his wailing wife and children.

"Not many people understand it," Laurie said, "but this nation has changed its drinking habits completely. For one thing, it does not drink as much as it used to before Prohibition. For another, the trend is away from the old saloon type of drinking, and into the home."

To Lourie's way of thinking this is a good thing.

"Did you ever notice that when men go into a bar the drinking is in direct relation to the number in the party? If two go in, they're likely to wind up having two drinks. Four, four drinks, and so on. It's not the fault of the bar, of course. They only serve the stuff."

Lourie's rule of alcoholic consumption doesn't work in home drinking, he says.

"True temperance begins in the home. I can't imagine people making pigs of themselves in front of their own children."

Oddly, the Methodist Board of Temperance also has been arguing that the trend is definitely toward more home drinking.

"To the board's way of thinking this is a sorry thing.

"Alcoholic beverages have become a major factor in home disintegration and family breakdown," the board said in a recent statement. "A host of American jurists and credible family counselors say that alcohol is a major factor in up to 75 per cent of the nation's alarming divorce rate."

Lowe is head of the sanitary engineering branch of the engineer's research and development laboratories here, which developed the unit.

This same unit was used to produce 99,000 gallons of pure water for Stroudsburg, Pa., when that Pa., when that city's water system became contaminated by floods last fall.

The heart of the unit is a coagulator and filter. In the coagulation process all solids are removed from the water chemically and chlorine added. The water then passes through a filter of diatamaceous silica — pulverized limestone.

The combination of filter and chemical treatment provides a barrier to the organisms which cause dysentery and schistomiasis, a serious water borne disease found in the Far East. It also eliminates radio-activity.

The unit can be operated by one man. It can be put together by three men in less than 90 minutes.

The filters, Lowe said, have to be changed every six hours of operation.

## African Expedition

MOSCOW, Dec. 21 (AP)—The Soviet Union plans to send a large expedition to Equatorial Africa in connection with its participation in the International Geophysical Year it was disclosed today.

## Auto Dealer Dies

WASHINGTON, Dec. 21 (AP)—Benjamin Ourisman, 55, president of Ourisman Chevrolet Inc. and Mandell Chevrolet, died last night in Emergency Hospital. He had undergone an intestinal operation about 10 days ago.

## Contract Award Record

NEW YORK, Dec. 21 (AP) — The F. W. Dodge Corp. reported today that contract awards for future construction in Maryland totaled $758,401,000 during the first 11 months of 1955, a new record for an 11-month period.

# 21-Day Safe Driving Campaign Pays Off

WASHINGTON, Dec. 21 (AP)—The 21-day safe driving campaign which ended Dec. 10 brought the first downward trend in traffic fatalities since last February, the President's Committee for Traffic Safety announced today.

Figures compiled by the group showed 2,069 fatalities during the campaign. This was 75 fewer than during the corresponding period of 1954.

Up until then, the committee said, traffic deaths had been steadily higher than last year. Fatalities last March were 5 per cent over the same month of 1954. April and May were up 6 per cent, June 7 per cent, July 11 per cent, August 10 per cent and September and October 12 per cent. November totals were not yet available.

## PRR Income Report

PHILADELPHIA, Dec. 21 (AP)—Pennsylvania Railroad profits for November fell off about 17 per cent from the same month last year, it was reported today, but for 11-month 1955 period earnings were more than double that of 1954.

# Drinkingest Yuletide Seen

WASHINGTON, Dec. 21 (AP)—This holiday season, a liquor industry man said today, looks like one of the drinkingest in years.

"All our records," Harry L. Lourie of the National Assn. of Alcoholic Beverage Importers, "show that business this season is very, very good."

But Lourie hopes this doesn't automatically bring up a mental picture of a booze befuddled father stumbling home to his wailing wife and children.

"Not many people understand it," Laurie said, "but this nation has changed its drinking habits completely. For one thing, it does not drink as much as it used to before Prohibition. For another, the trend is away from the old saloon type of drinking, and into the home."

To Lourie's way of thinking this is a good thing.

"Did you ever notice that when men go into a bar the drinking is in direct relation to the number in the party? If two go in, they're likely to wind up having two drinks. Four, four drinks, and so on. It's not the fault of the bar, of course. They only serve the stuff."

Lourie's rule of alcoholic consumption doesn't work in home drinking, he says.

"True temperance begins in the home. I can't imagine people making pigs of themselves in front of their own children."

Oddly, the Methodist Board of Temperance also has been arguing that the trend is definitely toward more home drinking.

"To the board's way of thinking this is a sorry thing.

"Alcoholic beverages have become a major factor in home disintegration and family breakdown," the board said in a recent statement. "A host of American jurists and credible family counselors say that alcohol is a major factor in up to 75 per cent of the nation's alarming divorce rate."

# Gasco Club To Entertain At Dinner-Dance Dec. 30

The Gasco Club of the Cumberland and Allegheny Gas Company will entertain the Gascoettes at an informal dinner-dance December 30. It will be at the Cumberland Country Club.

An innovation this year is having the dinner buffet style, with groups going to small tables for eight. There will be no head table and no speakers, just greetings extended by Jesse Kave, president of the club.

Following the dinner, to be held at 7 o'clock, dancing will be to the music of Henry Grusendorf Orchestra, Keyser, from 9 until 12 o'clock. There also will be group singing of Christmas carols.

Jerry Barb, James E. Sullivan and Ernest Painter comprise the committee of arrangements.

Prior to this year, both the men and women employes of the gas company belonged to the Gasco Club. In January the women formed their own club, known as the Gascoettes, meeting monthly.

Bi-monthly meetings are held by the Gasco Club. Plans for the year will be outlined at the next meeting, which will be January 10. A shrimp feed is to be held in January and a dinner will be given in March honoring Leon S. Hook, district office manager and supervisor of District 8.

C. David Litzenburg, student at Staunton Military Academy, is spending the holidays with his parents, Mr. and Mrs. Thomas V. Litzenburg, 405 Cumberland Street.

# Cresaptown Auxiliary Installs

The Ladies Auxiliary of the Cresaptown Volunteer Fire Company had Mrs. Elda Schell, president of the Maryland Ladies Auxiliary Association, install officers at a brief business session preceding the annual Christmas party.

Mrs. Isabelle Anderson was installed as president; Mrs. Marie Arnholt, vice president; Mrs. Madeline Cox, secretary; Mrs. Nellie McKenzie, treasurer; Mrs. Viola Winters, chaplain; Mrs. Orpha Toohey, guard.

They will assume their duties at the meeting December 29.

During the Christmas party jingle gifts were exchanged and secret pals were revealed.

Concluding the evening a ham dinner was held.

Mark Seifert, 11 Frederick Street, is improving in Sacred Heart Hospital, where he is a surgical patient.

Howard Sisk, 39 Mary Street, is a patient in Memorial Hospital.

# Jimmie Flanagan Heads DeMolay Majority Group

## Christmas Dance Is December 26

Reports were given and officers elected at the monthly meeting of the DeMolay Majority Association held Tuesday night at the Ali Ghan City Club.

Jimmie D. Flanagan was elected president; Dr. John J. Robinson, vice president; Fred Jackson, treasurer; Allen Williams, secretary; Ronald Hansrote, sergeant at arms; and Russell Robertson, chaplain.

Charles Dicks presided at the business session. Owen Morris, reporting on the annual Christmas dance, which will be held December 26, announced reservations will be held only until 10 o'clock. They are to be made with him at PA 2-6732. The dance will be at the Ali Ghan Country Club with music by the Mid Knighters Orchestra from 9 until 1 o'clock. Besides a grab bag there will be a surprise entertainment and prizes awarded. Other members of the committee are Dr. C. N. Foose, Mrs. Flanagan, Clarence Morgan, Allen Williams and Richard Taylor.

Dr. Robinson reported on the shrimp feed held last month.

James J. Kave announced the DeMolay initiation will be held December 28 at the Masonic Temple, beginning at 7 o'clock. The boys will attend the Rainbow Girls dance immediately following the ceremony. Cumberland Chapter DeMolay dance is to be held December 29 at the Ali Ghan City Club.

### To Have Jingle Party

Chapter 914, Women of the Moose will exchange $1 jingle gifts at a brief business meeting at 8 tonight. Mrs. Rosalie Evans is in charge of arrangements.

After the meeting the women will pack the candy for the Christmas treat for the Moose Lodge children's party Saturday.

Walter Martin, Mt. Savage, is a patient in Memorial Hospital.

### Holds Christmas Party

The staff of St. John's hall of Sacred Heart Hospital held a Christmas party yesterday on the hall. John G. Burke portrayed Santa and distributed jingle gifts.

A manger scene, small Christmas trees, poinsettias and wreaths decorated the refreshment table.

Others attending were Mrs. Mary Garlitz, Mrs. Norma Murray, Mrs. Joyce Allen, Mrs. Betty Lepley, Miss Gloria Cozad, Miss Mary Rita Madden, Miss Catherine Dougherty, Miss Delores Jackson, Miss Betty Miller, Miss Joann Stitcher, Mrs. Lillian Boston, Mrs. Catherine Deetz, Mrs. Mary Barley, Mrs. Marie Jack, Miss Mary Lou McKenzie, Mrs. Ina Porter, Mrs. Mary Robinette, Mrs. Vera Rowe, Mrs. Margaret Isner, Mrs. Lulu James, Mrs. Martha Orndorf and Mrs. Beulah Simpson.

### Has Yule Party

The staff employes of the Central Trucking Division of the Celanese Corporation of America, Bedford Road, held their annual Christmas party at Young's Restaurant.

Santa Claus, portrayed by Chester Moody, distributed jingle gifts. Dancing and singing featured the entertainment.

Others attending were Mr. and Mrs. J. F. Robb, Mr. and Mrs. W. R. King, Mr. and Mrs. W. R. Lynn, Mr. and Mrs. R. E. Rowan, Mr. and Mrs. L. S. McNeil, Mr. and Mrs. R. F. Moore, Miss Anna Agress, Miss Helen Holt, William Barry, Miss Betty Kernes, Thomas Harbaugh, W. R. Ambrose, and W. E. Nelson.

# Md. Officer To Speak At Prayer Day

Miss Mabel Dawson, Baltimore, will be guest speaker at the mid-year luncheon of the Cumberland Council of Church Women, January 6. Secretary of Christian Education of the Maryland Council of Church Women, Miss Dawson will speak on "Leadership Together."

The luncheon will be in Central YMCA at 12:30. Reservations should be made with Mrs. A. E. Kesecker, PA 4-1365, before January 4.

A business session will be held at 10:30 with Mrs. Arthur Scrogum presiding. She, Mrs. John S. Cook and Mrs. Robert Wilson will report on the National Assembly they attended last month in Cleveland.

World Day of Prayer observance will be held February 17. Service will be held at 2 p. m. in Zion Reformed Church and Grace Methodist Church. Other services will be at 7:30. "One Flock, One Shepherd," is the theme. Mrs. Frederick Eckhert is chairman, and announces she has a film, "History of World Day of Prayer," available for group meetings. She may be contacted at PA 4-5454.

Michigan is now fourth in the number of tourists. Only New York, Florida and California outrank it.

# Local Linotype Operator Is Retired

Samuel A. Graham, 319 Williams Street, yesterday set his last line of type in a trade in which he first worked as a boy of 14 years.

Grham, a linotype operator, retired under the Times and Alleganian Company pension plan upon reaching the age of 65. Since coming to Cumberland he has worked for the Evening and Sunday Times.

December 1955 has a three-fold significance to Graham. It marks his 65th birthday, his 45th wedding anniversary and his retirement.

Graham began his employment with the Times and Alleganian Company on May 29, 1930. He started in the printing trade in a job shop in Zanesville, Ohio, when he was 14 years old.

Before coming to Cumberland Graham worked on a number of weekly papers and in commercial print shops in Ohio and West Virginia.

His career as a printer was interrupted by a stint as a drummer in theatre orchestras in Clarksburg, Weston, W. Va., and Florence, S. C.

Born December 17, 1890, in Moundsville, W. Va., Graham is well known here in American Legion circles. He is a past commander of Fort Cumberland Post 13, past district commander of Mountain District, has been a member of the Department of Maryland Child Welfare Commission for nine years; is a general member of the national education and scholarship committee; is co-chairman of the state department committee for the education of war orphans. He served four years in the Army between 1915 and 1919.

Graham also has held various local and department offices in the Forty and Eight and is currently a two-year member of the grand voiture Forty and Eight nurses training commission.

He has been a member of the Woodmen of the World since 1910.

Graham was married to the former Lydia Belle Doutt of Clarksburg in 1910. They had four children, three of whom are living.

John G. Graham resides in White Plains, N. Y.; Samuel A. Graham Jr., River Edge, N. J., and Mrs. John R. King, Charlotte, N. C.

Another son, First Lt. Fred E. Graham, was killed over Kiel, Germany, on May 19, 1944, while serving as a bombardier in the Air Force.

Mr. and Mrs. Graham plan to leave this week for a visit over the holidays with their son-in-law and daughter in Charlotte.

# Bakery Workers Are On Strike

Twenty-eight employes of the McIntyre Bakery in Westernport went on strike yesterday because of a disagreement in wages.

Leo Mease, business agent and financial secretary for Local 246, Bakery Workers (AFL), said the strike started at midnight.

A spokesman for the company could not be contacted yesterday.

Mease said that the wage problem developed when the three Cumberland bakeries reached an agreement with their employes, and the McIntyre Company officials failed to fall in line with the local contract.

Locally the bakers received a five-cent salary increase, effective June 1, 1955, plus an additional three-cent pay raise starting May 1, 1965. The local employes also received a two-cent hike on their health and welfare program, and a five-cent increase on their pension fund.

Mease said he talked with Milton McIntyre, manager of the company, three times Tuesday, but was unable to reach an agreement.

## Church Will Hold Program Tomorrow

A Christmas program will be presented at the Corriganville Methodist Church Friday at 7:30 p.m.

The program will be presented by the Young Adults Club, church choir and members of the Sunday School.

The main parts will be taken by Leslie Jenkins, Carl Grabowski, Mr. and Mrs. Gordon Warner, Shelby Bittinger and Miss Joyce Fleegle.

## Union Representative To Address Meeting

Thurman Radford of Morgantown, W. Va., international representative of the Laborers Union (AFL), will be the speaker at a meeting of Local 616 today at 7:30 p. m.

Robert T. Weaver, business agent for the local, said the meeting will be held in the Labor Temple, South Mechanic Street.

# Motorist Is Fined As Result Of Auto Accident On Route 220

A 24-year-old Keyser area motorist, involved in an accident which injured six persons, was found guilty of reckless driving yesterday in Trial Magistrate Court and fined $50 and costs.

Trial Magistrate J. Milton Dick fined Asa H. McDowell, RD 3, Keyser, after finding him guilty.

Tfc. R. D. Wolford of the Maryland State Police, who investigated the headon collision on October 21 on Route 220, said McDowell failed to keep to the right of the center of the highway and smashed headon into another car driven by James Kloran, 57, of 38 North Liberty Street.

The Kloran auto was carrying six employes of the Allegany Ballistics Plant at Pinto, who were all injured and admitted to Sacred Heart Hospital. McDowell was not injured.

Trooper Wolford said the mishap occurred when the McDowell vehicle attempted to pass two cars and smashed into the Kloran automobile in the third line of traffic at the north gate of the Amcelle Plant of the Celanese Corporation.

A hit-and-run driver ran right out of one of his shoes in Illinois when he fled the scene. He also lost his head.

# Local Linotype Operator Is Retired

Samuel A. Graham, 319 Williams Street, yesterday set his last line of type in a trade in which he first worked as a boy of 14 years.

Grham, a linotype operator, retired under the Times and Alleganian Company pension plan upon reaching the age of 65. Since coming to Cumberland he has worked for the Evening and Sunday Times.

December 1955 has a three-fold significance to Graham. It marks his 65th birthday, his 45th wedding anniversary and his retirement.

Graham began his employment with the Times and Alleganian Company on May 29, 1930. He started in the printing trade in a job shop in Zanesville, Ohio, when he was 14 years old.

Before coming to Cumberland Graham worked on a number of weekly papers and in commercial print shops in Ohio and West Virginia.

His career as a printer was interrupted by a stint as a drummer in theatre orchestras in Clarksburg, Weston, W. Va., and Florence, S. C.

Born December 17, 1890, in Moundsville, W. Va., Graham is well known here in American Legion circles. He is a past commander of Fort Cumberland Post 13, past district commander of Mountain District, has been a member of the Department of Maryland Child Welfare Commission for nine years; is a general member of the national education and scholarship committee; is co-chairman of the state department committee for the education of war orphans. He served four years in the Army between 1915 and 1919.

Graham also has held various local and department offices in the Forty and Eight and is currently a two-year member of the grand voiture Forty and Eight nurses training commission.

He has been a member of the Woodmen of the World since 1910.

Graham was married to the former Lydia Belle Doutt of Clarksburg in 1910. They had four children, three of whom are living.

John G. Graham resides in White Plains, N. Y.; Samuel A. Graham Jr., River Edge, N. J., and Mrs. John R. King, Charlotte, N. C.

Another son, First Lt. Fred E. Graham, was killed over Kiel, Germany, on May 19, 1944, while serving as a bombardier in the Air Force.

Mr. and Mrs. Graham plan to leave this week for a visit over the holidays with their son-in-law and daughter in Charlotte.

# Bakery Workers Are On Strike

Twenty-eight employes of the McIntyre Bakery in Westernport went on strike yesterday because of a disagreement in wages.

Leo Mease, business agent and financial secretary for Local 246, Bakery Workers (AFL), said the strike started at midnight.

A spokesman for the company could not be contacted yesterday.

Mease said that the wage problem developed when the three Cumberland bakeries reached an agreement with their employes, and the McIntyre Company officials failed to fall in line with the local contract.

Locally the bakers received a five-cent salary increase, effective June 1, 1955, plus an additional three-cent pay raise starting May 1, 1965. The local employes also received a two-cent hike on their health and welfare program, and a five-cent increase on their pension fund.

Mease said he talked with Milton McIntyre, manager of the company, three times Tuesday, but was unable to reach an agreement.

## Church Will Hold Program Tomorrow

A Christmas program will be presented at the Corriganville Methodist Church Friday at 7:30 p.m.

The program will be presented by the Young Adults Club, church choir and members of the Sunday School.

The main parts will be taken by Leslie Jenkins, Carl Grabowski, Mr. and Mrs. Gordon Warner, Shelby Bittinger and Miss Joyce Fleegle.

## Union Representative To Address Meeting

Thurman Radford of Morgantown, W. Va., international representative of the Laborers Union (AFL), will be the speaker at a meeting of Local 616 today at 7:30 p. m.

Robert T. Weaver, business agent for the local, said the meeting will be held in the Labor Temple, South Mechanic Street.

# Aircrafts Spark Biggest Market Advance In Month

NEW YORK, Dec. 21 (AP) — The stock market stepped ahead today with its best advance in a month.

Aircrafts were the prime movers in the market. They had plenty of help from the steels, motors, oils, rails and others.

The aircrafts have been strong favorites for many days as Washington estimates on defense spending mount.

Gains today ran to around 4 points, and the biggest plus signs were in aircrafts. Many gains of 1 to 3 points were scattered generously in key places in the list.

The Associated Press average of 60 stocks was up $1.30, the largest rise since Nov. 22, and it closed at $179.50. The record high for the average is $181.50 reached Sept. 23 and again Dec. 5 and 6.

The industrial component of the average was ahead $1.90, rails were up $1.60, and utilities advanced 10 cents.

Business expanded to 2,540,000 shares on the rise.

General Motors was at the head of the most active list up ⅞ at 46½ on 49,900 shares. It was followed by Sperry Rand up ½ at 27¾, Ashland Oil up ⅞ at 15⅝, Westinghouse Electric up ⅝ at 60⅝, and General Dynamics up 3¾ at 68.

Continental Can gained 3 points at 84¾ as directors declared a 100 per cent stock dividend and raised the cash dividend on present stock to 90 cents from 75 cents quarterly.

# Aircrafts Spark Biggest Market Advance In Month

NEW YORK, Dec. 21 (AP) — The stock market stepped ahead today with its best advance in a month.

Aircrafts were the prime movers in the market. They had plenty of help from the steels, motors, oils, rails and others.

The aircrafts have been strong favorites for many days as Washington estimates on defense spending mount.

Gains today ran to around 4 points, and the biggest plus signs were in aircrafts. Many gains of 1 to 3 points were scattered generously in key places in the list.

The Associated Press average of 60 stocks was up $1.30, the largest rise since Nov. 22, and it closed at $179.50. The record high for the average is $181.50 reached Sept. 23 and again Dec. 5 and 6.

The industrial component of the average was ahead $1.90, rails were up $1.60, and utilities advanced 10 cents.

Business expanded to 2,540,000 shares on the rise.

General Motors was at the head of the most active list up ⅞ at 46½ on 49,900 shares. It was followed by Sperry Rand up ½ at 27¾, Ashland Oil up ⅞ at 15¾, Westinghouse Electric up ⅝ at 60⅝, and General Dynamics up 3¾ at 68.

Continental Can gained 3 points at 84¾ as directors declared a 100 per cent stock dividend and raised the cash dividend on present stock to 90 cents from 75 cents quarterly.

## Teen-Ager Guilty Of Manslaughter

WASHINGTON, Dec. 21 (AP)—Albert Scott, 16, was found guilty of manslaughter today. He and two other teen-agers were charged with beating to death a movie house doorman last June.

The District Court jury acquitted one of the other defendants, Raymond H. Strothers, 17, and has not yet decided on a verdict for the third defendant, Charles Bolden, 17. It resumes its deliberations tomorrow.

Scott was found guilty of striking Roland M. Daly, 45, a doorman at the Gem Theater, during a fight at the theater June 19. Daly died of a fractured skull the following day.

## Gonder Backs Mahoney For Demo Senate Nomination

BALTIMORE (AP) — George P. Mahoney has gained a former adversary's support in his campaign to be Democratic nominee of U.S. Senate.

Former State Senator Bernard I. Gonder of Oakland yesterday joined in a Garrett County endorsement of Mahoney.

Last year, Gonder was behind Dr. H. C. Byrd who beat Mahoney in a contest for nominee as Democratic candidate for governor. Mahoney beat Byrd in the county, but lost in the overall state count.

Mahoney also carried Garrett County in 1952 against Lansdale Sasscer for the Democratic nomination to the Senate. In 1950, he was nosed out by only six votes by W. Preston Lane seeking renomination as governor.

The Garrett County endorsement of Mahoney included the chairman and three other members of the Democratic State Central Committee.

These include Clarence Speak of Oakland, chairman, and George D. Meese of Johnson, Arthur Humbertson of Mountain Lake Park, and Lawrence Sellars of Accident.

Other prominent endorsers were Edward Clatterbuck, Dan Hinebaugh, Wayne De Witt, Earl Guard, E. A. F. Garletts, Leslie E. Savage, John W. Holman, Albert Shaffer and Asa T. Matthews.

Mahoney previously had the backing of the major Democratic factions in Anne Arundel County, Michael J. Birmingham, political leader of Baltimore County, and Philip H. Dorsey of St. Marys County. He also had fringe endorsements from political groups in Queen Annes County, Baltimore County and Baltimore City.

Meanwhile, Mayor Thomas D'Alesandro of Baltimore received his second plea from Montgomery County to become a candidate. The most recent plea came from the West Suburban Democratic Club and was claimed to be the sentiments of 22 precinct leaders in Bethesda, Chevy Chase and Potomac.

Mayor D'Alesandro at this time appears to be the only strong Democratic possibility for Mahoney. The seat of John Marshall Butler of Baltimore County is at stake and if he wants to be reelected he already has the announced opposition of fellow Republican D. John Markey of Frederick.

## "Capt. Oscar" Dies

PRINCE FREDERICK, Md., Dec. 21 (AP)—W. Oscar Marshall, well-known as "Captain Oscar" along the North Beach waterfront, died in a hospital yesterday at the age of 81. An oysterman, crabber and fisherman, he also was a restaurateur at North Beach where "Captain Oscar's" is noted for its steamed clams.

### Human Ashes Found

BERLIN, Dec. 21 (AP)—Two tons of human ashes from a Nazi crematorium have been unearthed in the Polish town of Troun, the Communist East German news agency ADN said today.

ADN said Nazis had planned to use the ashes as garden fertilizer, but the ashes have been transferred to a graveyard.

## Virginian Innocent In Pistol Slaying

HEATHSVILLE, Va., Dec. 21 (AP)—Ira D. Hinton Jr., a white country storekeeper, was found innocent late today of the pistol slaying of a Negro laborer after an argument last month.

The all-white majle jury took only 21 minutes to return its verdict freeing the 44-year-old defendant of the murder charge that had been placed against him in the death of Howard Bromley.

The Northumberland County Circuit Court jury thus accepted the defense contention that Bromley died of a pistol blast as he and Hinton grappled over the weapon in the store, located on the Northumberland - Lancaster county line in Virginia's Northern Neck area.

The prosecution argued the three bullets that entered Bromley's back supported the conclusion the 23-year-old Negro had been shot down as he was fleeing the store.

YOU PAID TOO MUCH!

Chances are that most of the things you buy—at Christmas or any other time—have to be brought into the area in which you live.

Obviously, the cost of the transportation involved must be included in the price you pay for whatever you buy.

Not so obvious is the fact that the public is often paying more than it would pay *if railroads, trucks and barge lines were permitted to compete more freely for business.*

To make this possible, a Cabinet Committee appointed by President Eisenhower, has urged that outmoded government regulation be modernized to reduce many of the public's* transportation bills.

Mahoney also carried Garrett County in 1952 against Lansdale Sasscer for the Democratic nomination to the Senate. In 1950, he was nosed out by only six votes by W. Preston Lane seeking renomination as governor.

The Garrett County endorsement of Mahoney included the chairman and three other members of the Democratic State Central Committee.

These include Clarence Speak of Oakland, chairman, and George D. Meese of Johnson, Arthur Humbertson of Mountain Lake Park, and Lawrence Sellars of Accident.

Other prominent endorsers were Edward Clatterbuck, Dan Hinebaugh, Wayne De Witt, Earl Guard, E. A. F. Garletts, Leslie E. Savage, John W. Holman, Albert Shaffer and Asa T. Matthews.

Mahoney previously had the backing of the major Democratic factions in Anne Arundel County, Michael J. Birmingham, political leader of Baltimore County, and Philip H. Dorsey of St. Marys County. He also had fringe endorsements from political groups in Queen Annes County, Baltimore County and Baltimore City.

Meanwhile, Mayor Thomas D'Alesandro of Baltimore received his second plea from Montgomery County to become a candidate. The most recent plea came from the West Suburban Democratic Club and was claimed to be the sentiments of 22 precinct leaders in Bethesda, Chevy Chase and Potomac.

Mayor D'Alesandro at this time appears to be the only strong Democratic possibility for Mahoney. The seat of John Marshall Butler of Baltimore County is at stake and if he wants to be reelected he already has the announced opposition of fellow Republican D. John Markey of Frederick.

## "Capi. Oscar" Dies

PRINCE FREDERICK, Md., Dec. 21 (AP)—W. Oscar Marshall, well-known as "Captain Oscar" along the North Beach waterfront, died in a hospital yesterday at the age of 81. An oysterman, crabber and fisherman, he also was a restaurateur at North Beach where "Captain Oscar's" is noted for its steamed clams.

### Human Ashes Found

BERLIN, Dec. 21 (AP)—Two tons of human ashes from a Nazi crematorium have been unearthed in the Polish town of Troun, the Communist East German news agency ADN said today.

ADN said Nazis had planned to use the ashes as garden fertilizer, but the ashes have been transferred to a graveyard.

## Virginian Innocent In Pistol Slaying

HEATHSVILLE, Va., Dec. 21 (AP)—Ira D. Hinton Jr., a white country storekeeper, was found innocent late today of the pistol slaying of a Negro laborer after an argument last month.

The all-white majle jury took only 21 minutes to return its verdict freeing the 44-year-old defendant of the murder charge that had been placed against him in the death of Howard Bromley.

The Northumberland County Circuit Court jury thus accepted the defense contention that Bromley died of a pistol blast as he and Hinton grappled over the weapon in the store, located on the Northumberland - Lancaster county line in Virginia's Northern Neck area.

The prosecution argued the three bullets that entered Bromley's back supported the conclusion the 23-year-old Negro had been shot down as he was fleeing the store.

Bring the Kiddies to See Santa in the Window!

YOU PAID TOO MUCH!

Chances are that most of the things you buy—at Christmas or any other time—have to be brought into the area in which you live.

Obviously, the cost of the transportation involved must be included in the price you pay for whatever you buy.

Not so obvious is the fact that the public is often paying more than it would pay *if railroads, trucks and barge lines were permitted to compete more freely for business.*

To make this possible, a Cabinet Committee appointed by President Eisenhower, has urged that outmoded government regulation be modernized to reduce many of the public's* transportation bills.

*The public is you.

*FREE! See the actual Cabinet Report—not what others say about it. Published by the U.S. Government Printing Office. For a FREE copy, address Eastern Railroads, Room 711, 143 Liberty St., New York 6, N. Y.*

## On The Line

# by Bob Considine

NEW YORK, Dec. 21—(INS)—I just don't see how our airline stewardesses can be bothered hereafter with slinging airborne hash, heating the baby's bottle, passing out the wrong magazines, making certain the seatbelts are fastened, taking care of the airsick soul, and sweeping up.

They'll be too busy running for office. Man named Henry L. Kotkins of Seattle, who makes a lot of the luggage people tote in and out of planes, and who has flown more miles than an elderly albatross, has inaugurated a contest to choose "Miss Skyway." Like "Miss Rheingold" the contest should last forever. Unlike "Miss America", "Miss Skyway" probably won't have to work in a crown, long flowing robe and sceptre.

The queen of the skies will be encouraged to stay land-based. Her prize is a Hillman Minx sports convertible. Runnersup receive complete sets of Kotkins' luggage.

The stewardess probably did as much to make the U. S. air-minded as the introduction of the DC-3. The hesitant traveler of a generation ago was won over to the airplane by the very presence aboard of a smiling, nonchalant, girl.

The traveler suddenly stopped feeling like Eddie Rickenbacker barging into a dog-fight with Baron Von Richtofen. He said to himself, "If a girl can fly, I can."

United Air Lines was the first to use stewardesses. The first flight of these chicks—seven girls—were trained by Ellen Church, who now administers a hospital in Terre Haute, Ind., and is one of the Skyway award judges. There are now more than 5,000 young women flying the air lines. To me they seem more typical of the good, clean American girl than any other group of young women.

This won't really be the first "Miss Skyway" contest. But the one that preceded it could never be publicized.

Placed here and there in the Atlantic are several weather ships, bobbing monotonously in the great swells, dedicated chiefly to sending out reports to the great airlines that pass high overhead, streaking back and forth across the ocean. The crews of the weather ships serve hitches that run into weeks on end. Life gets pretty deadly.

A few years ago a pilot passing over at 19,000, high above the overcast that sat like a shroud on the weather ship, was talking to a boy far below. The boy missed his girl. The pilot buzzed for the stewardess. She came up front, took the mike, and talked to the lonesome boy she had never seen nor would ever see.

That started it. Pretty soon it became common practice. The air that had known nothing but the whistle of the great winds and the staccato talk about the weather was filled with sweet voices. In time, the men at sea got up the strangest beauty contest ever held. They'd ask a girl they never saw to describe herself . . . the color of her hair, eyes, style of hair-do, weight and measurements.

Then they'd pick a winner by what must have been a spirited vote. It might be a TWA girl or a Pan-American miss. But if they won they had to be something special because they were in remote competition, with the girls of B.O.A.C., Air France, Swissair, Sabena, Lai, Sas Trans Canada, and all the others.

Hand me a pillow and my slippers, honey, and wake me up when we get to Timbuktu.

Only the proper amount of sleep will give you beauty, charm, and sparkle.

## Secrets Of Charm

# by John Robert Powers

### Fatigue Chasers

During the holidays it is most important to budget your hours for sufficient rest. It is so easy to get overtired and take on too many social obligations. Lack of sleep imposes a great strain on your appearance, health, and outlook. What is flattering about circled eyes, a weary expression and listless attitude?

It is important to spend more time in preventing and relieving strain by resting. This way you can solve more problems or accomplish more work. Then, you can sleep well, awake refreshed, and be more relaxed and efficient during the day. It is so vital to be charmingly unharrassed at all times. It is the only way a woman can have beauty and sparkle.

Start your day with a disciplined plan. Routine your activities. List the pressing tasks and engagements—and then go through with them. Try not to do more than you have found you can do in the past. Learn to make telephone conversations brief and say "no" to the people and purposes that hamper important work or your pleasurable pursuits.

Cut a date or a task. Take your rest periods with your work. Take ten minutes out in the middle of the morning and again in the afternoon. Always leave your work and its frictions behind when you do. When possible, sip milk, tea, juice, coffee or bouillon while reading a diverting magazine, or chatting with a friend about any subject but work or worry.

Tomorrow—A family affair.

HOW MUCH SHOULD YOU WEIGH? A new, lightning calculator that tells you how to compute your own individual ideal weight. Write to Secrets of Charm in care of this newspaper, enclosing 10c (in coin) and a self-addressed, stamped envelope. Ask for "How Much Should You Weigh?"

## Employes Of Bank Honored At Party

The Second National Bank of Cumberland was host Tuesday to employes, officers, directors and wives at its annual Christmas party at the Cumberland Country Club.

Announcement was made of the distribution of the usual semi-annual bonus to all members of the staff.

Movies were shown of the various stages of the construction program that has recently been completed at the bank.

It was also announced by President Joseph M. Naughton that the board of directors has declared the regular semi-annual dividend of $1 per share which will be paid on January 17 next to stockholders of record at the close of business on December 31, 1955. Although the dividend rate remains unchanged, it will be paid on the 25 per cent larger number of shares which grew out of the recent stock dividend paid by the bank.

## Barber Shop Gutted In Morning Blaze

Firemen from Central station early yesterday morning extinguished a blaze at 208 South Centre Street when fire broke out in the barber shop of James L. Wilson.

The interior of the building, located at the corner of Centre and Harrison street, was gutted. A call was received by firemen at 5:07 a. m. and they were at the scene for over two hours.

Defective wiring was blamed for the blaze. The entire interior of the building was destroyed, and a section of the small shop burned out.

## "Bird Cage" Era Hits The Cities

The architectural decor of business sections of large cities is undergoing radical changes. "Bird cages" and "sky parks" are mushrooming across the length and breadth of the land. Barron's weekly magazine of finance gives the run-down:

"All over the United States weird-looking structures known as "bird-cages," "pigeon-holes," and "sky-parks" are being erected. . . . Up to now, some $3.5 billion has been invested in lots, garages, and auto aeries of one kind or another, and an estimated 2.7 million off-street parking places have been created in business districts. Moreover, the industry is convinced that this is merely the beginning."

In New York there is Henry Goelet's "sloping-floor garage" just opened at a cost of $2 million. It has continuous ramps to the roof—no level floors for parking but only those zigzag ramps on 5 per cent grades. Capacity is 400 cars. Goetet figures he will have the whole thing paid off in four years from parking fees and rent from stores on the ground floor.

In Chicago a huge underground affair at Grant Park cost $8 million. With 2,359 spaces it handles 3,300 cars a day and makes so much money at present rates for parking it will pay for itself in 26 years. Then there's the new municipal lot at Middletown, N. Y., (population 35,000). To pay off the bonds its nickel meters had to take in $33 a year each. They are taking in $90.

There is some concern about reaching the point where old narrow streets will clamp a limit on the number of people who can drive in and out of the business section. But at the present rate of construction most cities will soon have parking facilities for an accelerated flow of traffic.

### *The Republicans*

Those Republicans who deliberately built a one-man party subsequent to 1952 are now lost in a maze of uncertainty and despair. If Eisenhower cannot run in 1956, for whatever reason, these one-man party folks seem at this early date to believe that the Republicans will not find a candidate. They are too discouraged to make sense because obviously the Republican party is not a one-man party any more than the Democratic party of Franklin D. Roosevelt was a one-man party.

On the other hand, men who might make fighting Republican candidates shy away from placing themselves in the position of opposing President Eisenhower. It is impolitic to give the impression of being a competitor of Eisenhower for the nomination, first because if he wants to run, there can be no other Republican candidate; secondly, should he decide not to run, he might be able to sway the convention.

**Only Senator William Knowland is an open Republican candidate for the presidency. Knowland is the kind of man to be impolitic but principled; he does not fear defeat any more than victory would elate him. Like Robert A. Taft, he is extraordinarily objective. He represents what Taft liked to call liberal Republicans by which he meant traditionalists. While Knowland never attained the heights in the Senate that Taft did, he has proved to be an extraordinary vote-getter in California and could unite behind his leadership all the forces that do not accept the one-man party idea.**

If Knowland, rather than Nixon, has the California delegation, he will have to find strength in the East. There he will encounter the re-emerging ambitions of Thomas E. Dewey who is apparently already bored by retirement to the private practise of law. Actually, Dewey never altogether retired. He has kept his organization as intact as an out-of-office politician can. He has been in control of federal patronage in New York and has an alliance with the Case group in New Jersey.

Dewey faces two difficulties:

**While he is in control of his organization in New York, if anyone but Eisenhower were the candidate, there are enough county chairmen who, if the encouragement were realistic, would turn on him. To offset that possibility, the Dewey forces are advocating the unit-rule in this state. It is too early to say anything about that, but the opposition to Dewey and the unit-rule is identical and it is silently strong. It awaits some leadership and such leadership could well come from outside the state.**

Dewey is a competent, wily politician who can be sweet as sugar if he need be and as ruthless as some of the men he sent to prison if need be. His ambitions drive him. Just as Knowland is objective, so is Dewey subjective. Easy to give and to take offense, it can be said of Dewey that he has no friends, only beneficiaries and supporters. Such men have often succeeded in attaining their goals and Dewey's goal is the presidency of the United States. One who has always been closely associated with his career said in jest: "Tom will even take the vice presidency to succeed a president."

I thought that remark a little too rough on Dewey, so I repeated it among a number of his supporters and was surprised that none of them were shocked by it. It seemed to them quite logical and understandable.

**If Dewey were nominated for the presidency, it would, of course, end Vice President Richard Nixon's chances of being nominated for President. Nixon might be willing, in such circumstances, to remain where he is, which is pretty tough on one who has labored so hard to keep the Eisenhower show on the road during the President's illness.**

Thus far, there are only three overt candidates apart from President Eisenhower. They are Knowland, Nixon, Dewey. While many Democrats, particularly New Dealers, are advocating Earl Warren, chief justice, as Republican candidate, this is not likely to be practical either for the chief justice or the party. At any rate, until the advocacy becomes Republican, it can, with safety, be ignored because his supporters have no votes in the convention and would vote against Warren, if nominated, as was their attitude toward Wendell Willkie whose nomination they gained and whose election they ruined.

## Johnston Troubled Bringing Peace To Land Where Christ Was Born

**By Drew Pearson**

WASHINGTON—The man who has tried hardest to bring peace to that part of the world where Christ was born in Eric Johnston, head of the Motoin Pictures Producers and former president of the U. S. Chamber of Commerce.

Today the area from which the modern world gets its great spiritual leadership is a long way from the goal of "peace on earth, good will to men" announced by the angels when Christ was born 2,000 years ago. But it's not for lack of trying by the indefatigable, undiscouraged ambassador we have sent to work out a plan for the joint use of the River Jordan by Israel, Lebanon, Syria and Jordan.

Despite the discouraging news from the near East, Johnston may not be too far from success. When last in Cairo, the nine Arab states got together to discuss Johnston's final proposals on joint cooperation with Israel over the River Jordan. Premier Nasser of Egypt, who attended the meeting, finally came out to tell Johnston:

"Give these people time," he said. "There will be an agreement, but it takes time. Some of them have new governments at home and we have to give them time to get settled."

He referred to the fact that the government of Lebanon had then been in office only four days and the government of Syria only eight days.

Premier Nasser was probably too optimistic. But when you consider that California and Arizona, two relatively peaceful states, have been squabbling over water from the Colorado River for 20 years, you can concur with Premier Nasser that the Arab-Israeli group needs more time to get together with Israel.

**The Four Problems**

A TVA for the River Jordan, of course, will not solve the problem of Israel-Arab bitterness, but it will help. It may even go a long way. Today there are four main problems causing friction. One of the division of Jordan irrigation water. Another is Arab refugees, about 800,000 of them — expelled from Israel. If the River Jordan irrigation project is put through, however, about one-third of these refugees could settle on irrigated land.

The second problem is the undefined borders between Israel and its neighbors, while the final problem is who shall hold the city of Jerusalem. This is sacred not only to Christians because of its identity with the life of Christ, but to Jews because of Abraham, and to Mohammedans because the rock from which Mohammed rose on a white horse is in Jerusalem.

Jews, Mohammedans, and the Vatican all want control of the old city of Jerusalem, and this may be a tougher problem to solve than almost any other.

**Arab Bitterness**

How bitter Arab feeling is against the Jews was illustrated when Eric Johnston took a member of the Syrian cabinet up on a Yarmouk. The sun was just setting hill overlooking the Valley of over the hills and below them the Jordan River washed its eroding way down the valley, unharnessed and just as useless as it had been for centuries.

"You see that valley," Johnston told the Syrian cabinet minister, "you see how fertile and beautiful it would become if the waters of that river were spread out over the plain. I ask you to use your influence to bring about this great irrigation project."

Suddenly the Syrian's face contorted in hatred.

"Mr. Ambassador," he raged, "speaking in perfect Oxford English, "You ask me to do that! You asked me to associate with those people! You ask me to have my children live with them in peace! They cheat, they steal, they lie! Yet you ask me to do that! No, I cannot do it."

"Look here, Mr. Minister," soothed Johnston, "you have two fine boys. Do you want them to think of you as passing up this great opportunity to build for peace—to help the future of your country? You would not want them to think of you in that way."

Finally, the Syrian agreed.

**Dulles Vacillates**

Basic trouble in the Israeli-Arab dispute is that the United States has vacillated. We have had no firm policy, and as with most things in the State Department these days, John Foster Dulles wants to handle it himself. He can't delegate.

Also the State Department is split. Some diplomats, influenced by the oil companies, still consider Israeli a temporary country. They have got to get down to brass tacks and realize that Israel is here to stay.

Until the State Department makes up its own mind and then takes a firm policy, there will be no peace in the land where Christ gave us the cherished goal of peace.

**Washington Pipeline**

Correction—In recently reporting that "the office" of Assistant Secretary of the Interior D'Ewart approved the Navy's use of part of a national park area at Cape Hatteras, N. C., I may have been unfair to Mr. De'Ewart. While his office did approve the plan, it should be made clear that this occurred before he took office and, therefore, D'Ewart was in no way responsible . . . When Eric Johnston first went to the Near East to work on the Irsaeli-Arab dispute, Arab newspapers said his real name was "Goldstein" and showed cartoons of him with a hooked nose. The Israeli were also suspicious. Now both side trust him, begged him not to give up the job . . . Congratulations to Louis Marx, the toy manufacturer, for getting the patriotic motif into his toys. Last year he featured a model of the White House, this year a model of the Capitol Building. As a result, thousands of youngsters have had a chance to build the White House and the Capitol . . . Marx named his children after Eisenhower, Gen. George Marshall, and Gen. Omar Bradley . . . Sen. Bill Knowland of California is probably the youngest grandfather in the Senate. At the age of 47, he had three granddaughters. Bill hasn't aged much during the grueling years in Washington. He looks about 40.

## George Meany Lashes Out Against Communism

**By David Lawrence**

WASHINGTON—An address was delivered the other day that should have been printed in every newspaper in every country in the world.

It was made by George Meany, president of the newly merged AFL and CIO and reflects better than any governmental pronouncement ever issued here what the American people really think about communism, about "neutralism" abroad, about "package deals" in the U.N., and about misguided "liberals" and "anti-anti-Communists" inside the United States.

Mr. Meany, who spoke before the National Religion and Labor Foundation in New York, pointedly questioned the course pursued by Nehru of India and Tito of Yugoslavia. But what he said might also be pondered by the leaders of both major parties in the British Parliament who want to appease Red China and by Messrs. Khrushchev and Bulganin of the Soviet Union because it comes from the head of the largest organization of free workers in the world with a membership of more than 15,000,000.

**Communism Mortal Foe**

"Too many people in the free world," said Mr. Meany, "fail to see the real nature of communism as the mortal foes of everything that we hold dear, of every moral and spiritual value. Too many in the free world are still prisoners of the illusion that communism is, historically speaking, a progressive system—extreme liberalism temporarily making bad mistakes.

"Actually, communism represents darkest reaction. It is an anti-social system in which there are imbedded some of the worst features of savagery, slavery, feudalism and life-sapping exploitation manifested in the industrial revolution of early-day capitalism.

"Too many in the free world seem to have lost their capacity for moral indignation against the most brutal inhumanities when they are perpetrated by Communists. It is painful, but we must face the cruel facts of life.

"We of the democratic camp must develop a far more vigorous moral attitude. We must rekindle our capacity to cry out against, to protest against, the Godless dogmas and savage crimes being perpetrated by Moscow.

"Such struggles and such protests are not negative actions. They are positive. They are morally and politically constructive. I know of nothing more positive and constructive than a total struggle against the totalitarian cancer in the body politic of modern society.

"It is rather disturbing to me that many people in our country who call themselves liberals are stone silent about the Soviet concentration camps. They never find the time to utter a word of condemnation against the Communist-imperialist destruction of the national independence and democratic rights of hundreds of millions of people in Europe and Asia.

**Morally Reprehensible**

"It is shocking to see the studied attempts being made by Western diplomacy to tear to shreds the charter of the United Nations under the guise of the so-called package deal with Moscow and Peiping. Can it be that the free world is so weak in its moral spirit that it does not recognize this deal as appeasement of the worst kind?

"I am all for a fight to the finish against racialism in our own midst. Racialism is damnable and detestable in any form. But racialism in reverse—as now propagated in India and Burma by Khrushchev and Bulganin — is just as reprehensible.

"And the Communist imprisonment of hundreds of thousands of hostages—so-called war prisoners—10 years after the close of the war, in violation of every human right and international agreement—is morally reprehensible. One would expect the true liberal to cry out in protest against human beings being carted, tagged and shuttled about for weeks in rail yards of Russia, as if they were carloads of coal or bags of potatoes.

"Not until we of the free world can give rebirth to a vibrant moral attitude, to a burning indignation against such frightful beastialities, can the freedom-loving people be sufficiently stirred to gather the moral strength for resisting and defeating the totally anti-moral dogmas and deeds of communism at home and abroad. Yes, this means above all a moral struggle against communism.

"Communism is the very opposite of liberalism. Communism is the deadliest enemy of liberalism. Liberals should be the most consistent and energetic fighters against communism. Liberals must also be on guard against developing a certain type of McCarthyism of their own. They must shun like a plague the role of being anti-antiCommunist.

**Principles, Not Expediency**

"Only by refusing to be thus entrapped, can liberals shed every vestige of subconscious and conscious regard for communism as a movement with which they have something in common.

"Much more regard must be shown by the democracies for principles—for the principles of human rights and human freedom. We must never sacrifice principles to expediency. This means being rigid in support of our principles.

"Moscow is sure it has history's timetable in its pocket. Hitler once thought so, too. We have nothing to fear from peaceful competition. They need our help. We do not need theirs. They have nothing that can help us. What they have can only hurt us. But what we have they want from us in order to help and save them from the follies of communism and Soviet imperialism.

"We must avoid the suicidal self-deception of the popular front and united front.

"No country, no people, no movement can stand aloof and be neutral in this struggle. Nehru and Tito are not neutral. They are aides and allies in fact and in effect, if not in diplomatic verbage.

"In conclusion, I cannot emphasize too strongly to you: The conflict between communism and freedom is the problem of our time. It overshadows all other problems. This conflict mirrors our age, its toils, its tensions, its troubles and its tasks. On the outcome of this conflict depends the future of all mankind. I pray that on the threshold of the atomic age, we—all of the free world—can muster the moral courage and total strength to preserve the peace and promote the freedom of the men and women of every continent, color and creed."

## Baering Down On The News

**By Arthur "Bugs" Baer**

How would you like to get that guy Khrushchev on an operating table with instructions not to open until Christmas?

Khrushy has set peace and goodwill further back than double Z in the dictionary.

We suggested that India let Khrushy lead the "open sesame" cheers while standing on a trapdoor.

Or let him go for a couple of whirls with a dervish while wearing the Indian rope trick for a lavaliere.

Khrushy's idea of stirring up peace is to open the doors on the monkey house, pour oil on the burning waters and put non-skid tires on the car of juggernaut.

There hasn't been a good-will ambassador like Khrushy since the fox learned to fly with the chicken feathers in his teeth.

## Inside Washington

**By Central Press**

WASHINGTON—When President Eisenhower resumes give-and-take news conferences, the situation will pose a problem for Washington newsmen who do the questioning.

Most of the press corps are free to acknowledge that they will have to weigh carefully the manner in which they interrogate the nation's chief executive, recovering excellently from his late-September heart attack.

In the past on occasions, there have been sharp, and sometimes angry, exchanges between Presidents and their questioners, but no Washington newsman now wants to provoke Mr. Eisenhower into one of his rare temper flare-ups.

However, an election year is coming on, with all the touchy problems of politics, and Mr. Eisenhower may be called on to comment on some explosive developments.

Most of the newsmen like the way the President has met the press, and they are more than willing to keep their questioning reasonable.

However, Mr. Eisenhower's physicians will probably consider carefully the question of when they can permit him to resume such conferences, and whether any limitations should be put on questioning.

**Atomic Fire**

Control of the power generated by a hydrogen bomb represents a major problem. Since the hydrogen reaction requires a temperature of at least 100 million degrees Fahrenheit and since no material can stand up under temperatures of more than a few thousand degrees, the Atomic Energy Commission is being asked how it expects to control fusion.

The answer seems to be that there is a difference between the scientists' and the engineers' idea of temperature. In the scientists' view, a single atom can be moving at a speed which gives it a temperature of millions of degrees—without affecting an ordinary thermometer.

So, a few million or a few billion atoms, out of the trillions occupying even the smallest space, might have the high-speed temperature without creating enough heat to bother the engineer.

The scientists hope to create a mixture in which atoms have the minimum energy to cause them to fuse, but in which the over-all temperature is low enough to be handled and controlled for peacetime use of the energy created.

One conception of a fusion reactor might be a battery of cyclotrons firing streams of high-speed particles at a common point. Along the separate streams of particles there would be no noticeable effect, but at the point where they converged the temperature might begin to rise.

Because of the high cost of building and operating enough cyclotrons, it appears that the "old fashioned" fission reactor will have to be used to provide streams of high-speed particles, to make controlled fusion possible. Some experts, however, contend that fusion can never be controlled for peaceful uses.

**About The Economy**

All reports and statistics continue to point to continued prosperity. Some observers also believe that the plight of the former—although relatively he has not progressed with the rest of the economy—is still very good.

Farmers, for example, get "breaks" in their income tax which wage-earners cannot take—and, although they are faced with a cost-price squeeze in comparison with former years, most producers are still able to make ends meet. Yet, there is dissatisfaction in the farm areas.

## Psychiatrist Tests Expectant Fathers' Reactions

**By Dr. Theodore R. Van Dellen**

The expectant father is portrayed in the movies as a handsome young man with a snappy bow tie. He walks on a cloud from the moment he hears, "John, we are going to have a baby," until he announces his son's arrival by passing the cigars. This is a version of a well adjusted man, even though he is nervous and smoked several packs of cigarets while his wife was in the delivery room.

But an army psychiatrist recently painted a picture of 55 expectant fathers that is not so romantic. Capt. James L. Curtis divided the men into three groups. Group A was made up of 17 men, the majority of whom had suffered from severe emotional stress and two had attempted suicide. Seven were unmarried, at least to the mother of the expected offspring.

The 14 men in group B had minor emotional problems and, like group A fathers, had been referred to Capt. Curtis at one time or another for psychiatric care. Group C consisting of 24 men, were used as controls. They were picked at random from the enlisted men merely because they were expectant fathers.

They never had a psychiatric examination though the study revealed that one-third had problems similar to those in group B. Capt. Curtis was not content to study the behavior of these men by the conventional discussion method because the usual reply would have been, "Everything's fine."

Instead, he asked his expectant fathers to draw an animal and write a story about it. The results disclosed considerable anxiety about the coming event and the demands of fatherhood as well as evidences of jealousy toward the expected baby. This was particularly true among group A men.

They could not consider themselves good parents and had unconscious feelings of weakness and badness. Many became defiant in an attempt to convince themselves of their masculine strength and bravery. In several instances, this impulsive behavior led to trouble with the authorities because of insubordination, heavy drinking, or going AWOL.

Eleven of the 14 men in group B took an attitude of rejection toward wife and expected baby. One-half of these men became less efficient in duty and requested a transfer. Some drank more than usual and were disturbed over the propect of becoming a father.

Group C was more stable. The majority visualized themselves as good, capable, and loving fathers. It is normal for an expectant father to worry about the coming event but a group of emotionally disturbed men can be expected to have more than the usual amount of anxiety.

No. Both are rheumatic conditions, but arthritis is confined to the joints and rheumatism favors the muscles.

## "Bird Cage" Era Hits The Cities

The architectural decor of business sections of large cities is undergoing radical changes. "Bird cages" and "sky parks" are mushrooming across the length and breadth of the land. Barron's weekly magazine of finance gives the run-down:

"All over the United States weird-looking structures known as "bird-cages," "pigeon-holes," and "sky-parks" are being erected. . . . Up to now, some $3.5 billion has been invested in lots, garages, and auto aeries of one kind or another, and an estimated 2.7 million off-street parking places have been created in business districts. Moreover, the industry is convinced that this is merely the beginning."

In New York there is Henry Goelet's "sloping-floor garage" just opened at a cost of $2 million. "Such struggles and such protests are not negative actions. They are positive. They are morally and politically constructive. I know of nothing more positive and constructive than a total struggle against the totalitarian cancer in the body politic of modern society.

"It is rather disturbing to me that many people in our country who call themselves liberals are stone silent about the Soviet concentration camps. They never find the time to utter a word of condemnation against the Communist-imperialist destruction of the national independence and democratic rights of hundreds of millions of people in Europe and Asia.

**Morally Reprehensible**

"It is shocking to see the studied attempts being made by Western diplomacy to tear to shreds the charter of the United Nations under the guise of the so-called package deal with Moscow and Peiping. Can it be that the free world is so weak in its moral spirit that it does not recognize this deal as appeasement of the worst kind?

"I am all for a fight to the finish against racialism in our own midst. Racialism is damnable and detestable in any form. But racialism in reverse—as now propagated in India and Burma by Khrushchev and Bulganin — is just as reprehensible.

"And the Communist imprisonment of hundreds of thousands of hostages—so-called war prisoners —10 years after the close of the war, in violation of every human right and international agreement —is morally reprehensible. One would expect the true liberal to cry out in protest against human beings being carted, tagged and shuttled about for weeks in rail yards of Russia, as if they were carloads of coal or bags of potatoes.

"Not until we of the free world can give rebirth to a vibrant moral attitude, to a burning indignation against such frightful beastialities, can the freedom-loving people be sufficiently stirred to gather the moral strength for resisting and defeating the totally anti-moral dogmas and deeds of communism at home and abroad. Yes, this means above all a moral struggle against communism.

"Communism is the very opposite of liberalism. Communism is the deadliest enemy of liberalism. Liberals should be the most consistent and energetic fighters against communism. Liberals must also be on guard against developing a certain type of McCarthyism of their own. They must shun like a plague the role of being anti-antiCommunist.

**Principles, Not Expediency**

"Only by refusing to be thus entrapped, can liberals shed every vestige of subconscious and conscious regard for communism as a movement with which they have something in common.

"Much more regard must be shown by the democracies for principles—for the principles of human rights and human freedom. We must never sacrifice principles to expediency. This means being rigid in support of our principles.

"Moscow is sure it has history's timetable in its pocket. Hitler once thought so, too. We have nothing to fear from peaceful competition. They need our help. We do not need theirs. They have nothing that can help us. What they have can only hurt us. But what we have they want from us in order to help and save them from the follies of communism and Soviet imperialism.

"We must avoid the suicidal self-deception of the popular front and united front.

"No country, no people, no movement can stand aloof and be neutral in this struggle. Nehru and Tito are not neutral. They are aides and allies in fact and in effect, if not in diplomatic verbiage.

"In conclusion, I cannot emphasize too strongly to you. The conflict between communism and freedom is the problem of our time. It overshadows all other problems. This conflict mirrors our age, its toils, its tensions, its troubles and its tasks. On the outcome of this conflict depends the future of all mankind. I pray that on the threshold of the atomic age, we—all of the free world—can muster the moral courage and total strength to preserve the peace and promote the freedom of the men and women of every continent, color and creed."

## Baering Down On The News

By Arthur "Bugs" Baer

How would you like to get that guy Khrushchev on an operating table with instructions not to open until Christmas?

Khrushy has set peace and goodwill further back than double Z in the dictionary.

We suggested that India let Khrushy lead the "open sesame" cheers while standing on a trapdoor.

Or let him go for a couple of whirls with a dervish while wearing the Indian rope trick for a lavaliere.

Khrushy's idea of stirring up peace is to open the doors on the monkey house, pour oil on the burning waters and put non-skid tires on the car of juggernaut.

There hasn't been a good-will ambassador like Khrushy since the fox learned to fly with the chicken feathers in his teeth.

## Psychiatrist Tests Expectant Fathers' Reactions

By Dr. Theodore R. Van Dellen

The expectant father is portrayed in the movies as a handsome young man with a snappy bow tie. He walks on a cloud from the moment he hears, "John, we are going to have a baby," until he announces his son's arrival by passing the cigars. This is a version of a well adjusted man, even though he is nervous and smoked several packs of cigarets while his wife was in the delivery room.

But an army psychiatrist recently painted a picture of 55 expectant fathers that is not so romantic. Capt. James L. Curtis divided the men into three groups. Group A was made up of 17 men, the majority of whom had suffered from severe emotional stress and two had attempted suicide. Seven were unmarried, at least to the mother of the expected offspring.

The 14 men in group B had minor emotional problems and, like group A fathers, had been referred to Capt. Curtis at one time or another for psychiatric care. Group C consisting of 24 men, were used as controls. They were picked at random from the enlisted men merely because they were expectant fathers.

They never had a psychiatric examination though the study revealed that one-third had problems similar to those in group B. Capt. Curtis was not content to study the behavior of these men by the conventional discussion method because the usual reply would have been, "Everything's fine."

Instead, he asked his expectant fathers to draw an animal and write a story about it. The results disclosed considerable anxiety about the coming event and the demands of fatherhood as well as evidences of jealousy toward the expected baby. This was particularly true among group A men.

They could not consider themselves good parents and had unconscious feelings of weakness and badness. Many became defiant in an attempt to convince themselves of their masculine strength and bravery. In several instances, this impulsive behavior led to trouble with the authorities because of insubordination, heavy drinking, or going AWOL.

Eleven of the 14 men in group B took an attitude of rejection toward wife and expected baby. One-half of these men became less efficient in duty and requested a transfer. Some drank more than usual and were disturbed over the propect of becoming a father.

Group C was more stable. The majority visualized themselves as good, capable, and loving fathers. It is normal for an expectant father to worry about the coming event but a group of emotionally disturbed men can be expected to have more than the usual amount of anxiety.

**UNWANTED HAIR**

N. F. writes: I have fine light hairs on the upper lip that show up in the sunlight. I am ashamed of this mustache and would like to do something about it. Have you any suggestions?

REPLY

You probably are overly sensitive about the growth, but if it bothers you enough have it removed by electrolysis. Send a stamped, self-addressed envelope for leaflet on excess hair.

**ARTHRITIS AND RHEUMATISM**

C. N. writes: Is arthritis the same as muscular rheumatism?

REPLY

No. Both are rheumatic conditions, but arthritis is confined to the joints and rheumatism favors the muscles.

**To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is enclosed. Telephone inquiries not accepted. Dr. Van Dellan will not make diagnosis or prescribe for individual diseases.**

## Try And Stop Me!

By Bennett Cerf

A lady admirer of Sir Winston Churchill gushed to him, "Doesn't it thrill you to know that every time you make a speech, the auditorium is filled to overflowing?" "It's flattering," admitted the great man, "but then I always realize that if, instead of making a speech, I was being hanged, the crowd would be three times as big!"

One of the skeptic Voltaire's pronouncements was, "In a hundred years the Bible will be a forgotten book found only in museums." When the hundred years were up, the home in which Voltaire made his prediction was occupied by the Geneva Bible Society.

"I've got to get a present," confided a customer to a department store clerk, "for a very rich old aunt who can hardly walk. Any suggestions?" The clerk considered a moment, then came up with, "How about some floor wax?"

## Johnston Troubled Bringing Peace To Land Where Christ Was Born

By Drew Pearson

WASHINGTON—The man who has tried hardest to bring peace to that part of the world where Christ was born in Eric Johnston, head of the Motoin Pictures Producers and former president of the U. S. Chamber of Commerce.

Today the area from which the modern world gets its great spiritual leadership is a long way from the goal of "peace on earth, good will to men" announced by the angels when Christ was born 2,000 years ago. But it's not for lack of trying by the indefatigable, undiscouraged ambassador we have sent to work out a plan for the joint use of the River Jordan by Israel, Lebanon, Syria and Jordan.

Despite the discouraging news from the near East, Johnston may not be too far from success. When last in Cairo, the nine Arab states got together to discuss Johnston's final proposals on joint cooperation with Israel over the River Jordan. Premier Nasser of Egypt, who attended the meeting, finally came out to tell Johnston:

"Give these people time," he said. "There will be an agreement, but it takes time. Some of them have new governments at home and we have to give them time to get settled."

He referred to the fact that the government of Lebanon had then been in office only four days and the government of Syria only eight days.

Premier Nasser was probably too optimistic. But when you consider that California and Arizona, two relatively peaceful states, have been squabbling over water from the Colorado River for 20 years, you can concur with Premier Nasser that the Arab-Israeli group needs more time to get together with Israel.

**The Four Problems**

A TVA for the River Jordan, of course, will not solve the problem of Israel-Arab bitterness, but it will help. It may even go a long way. Today there are four main problems causing friction. One of the division of Jordan irrigation water. Another is Arab refugees, about 800,000 of them — expelled from Israel. If the River Jordan irrigation project is put through, however, about one-third of these refugees could settle on irrigated land.

The second problem is the undefined borders between Israel and its neighbors, while the final problem is who shall hold the city of Jerusalem. This is sacred not only to Christians because of its identity with the life of Christ, but to Jews because of Abraham, and to Mohammedans because the rock from which Mohammed rose on a white horse is in Jerusalem.

Jews, Mohammedans, and the Vatican all want control of the old city of Jerusalem, and this may be a tougher problem to solve than almost any other.

**Arab Bitterness**

How bitter Arab feeling is against the Jews was illustrated when Eric Johnston took a member of the Syrian cabinet up on a Yarmouk. The sun was just setting hill overlooking the Valley of over the hills and below them the Jordan River washed its eroding way down the valley, unharnessed and just as useless as it had been for centuries.

"You see that valley," Johnston told the Syrian cabinet minister, "you see how fertile and beautiful it would become if the waters of that river were spread out over the plain. I ask you to use your influence to bring about this great irrigation project."

Suddenly the Syrian's face contorted in hatred.

"Mr. Ambassador," he raged, "speaking in perfect Oxford English, "You ask me to do that! You asked me to associate with those people! You ask me to have my children live with them in peace! They cheat, they steal, they lie! Yet you ask me to do that! No, I cannot do it."

"Look here, Mr. Minister," soothed Johnston, "you have two fine boys. Do you want them to think of you as passing up this great opportunity to build for peace—to help the future of your country? You would not want them to think of you in that way."

Finally, the Syrian agreed.

**Dulles Vacillates**

Basic trouble in the Israeli-Arab dispute is that the United States has vacillated. We have had no firm policy, and as with most things in the State Department these days, John Foster Dulles wants to handle it himself. He can't delegate.

Also the State Department is split. Some diplomats, influenced by the oil companies, still consider Israeli a temporary country. They have got to get down to brass tacks and realize that Israel is here to stay.

Until the State Department makes up its own mind and then takes a firm policy, there will be no peace in the land where Christ gave us the cherished goal of peace.

**Washington Pipeline**

Correction—In recently reporting that "the office" of Assistant Secretary of the Interior D'Ewart approved the Navy's use of part of a national park area at Cape Hatteras, N. C., I may have been unfair to Mr. De'Ewart. While his office did approve the plan, it should be made clear that this occurred before he took office and, therefore, D'Ewart was in no way responsible . . . When Eric Johnston first went to the Near East to work on the Irsaeli-Arab dispute, Arab newspapers said his real name was "Goldstein" and showed cartoons of him with a hooked nose. The Israeli were also suspicious. Now both side trust him, begged him not to give up the job . . . Congratulations to Louis Marx, the toy manufacturer, for getting the patriotic motif into his toys. Last year he featured a model of the White House, this year a model of the Capitol Building. As a result, thousands of youngsters have had a chance to build the White House and the Capitol . . . Marx named his children after Eisenhower, Gen. George Marshall, and Gen. Omar Bradley . . . Sen. Bill Knowland of California is probably the youngest grandfather in the Senate. At the age of 47, he had three granddaughters. Bill hasn't aged much during the grueling years in Washington. He looks about 40.

## Inside Washington

By Central Press

WASHINGTON—When President Eisenhower resumes give-and-take news conferences, the situation will pose a problem for Washington newsmen who do the questioning.

Most of the press corps are free to acknowledge that they will have to weigh carefully the manner in which they interrogate the nation's chief executive, recovering excellently from his late-September heart attack.

In the past on occasions, there have been sharp, and sometimes angry, exchanges between Presidents and their questioners, but no Washington newsman now wants to provoke Mr. Eisenhower into one of his rare temper flare-ups.

However, an election year is coming on, with all the touchy problems of politics, and Mr. Eisenhower may be called on to comment on some explosive developments.

Most of the newsmen like the way the President has met the press, and they are more than willing to keep their questioning reasonable.

However, Mr. Eisenhower's physicians will probably consider carefully the question of when they can permit him to resume such conferences, and whether any limitations should be put on questioning.

**Atomic Fire**

Control of the power generated by a hydrogen bomb represents a major problem. Since the hydrogen reaction requires a temperature of at least 100 million degrees Fahrenheit and since no material can stand up under temperatures of more than a few thousand degrees, the Atomic Energy Commission is being asked how it expects to control fusion.

The answer seems to be that there is a difference between the scientists' and the engineers' idea of temperature. In the scientists' view, a single atom can be moving at a speed which gives it a temperature of millions of degrees—without affecting an ordinary thermometer.

So, a few million or a few billion atoms, out of the trillions occupying even the smallest space, might have the high-speed temperature without creating enough heat to bother the engineer.

The scientists hope to create a mixture in which atoms have the minimum energy to cause them to fuse, but in which the over-all temperature is low enough to be handled and controlled for peacetime use of the energy created.

One conception of a fusion reactor might be a battery of cyclotrons firing streams of high-speed particles at a common point. Along the separate streams of particles there would be no noticeable effect, but at the point where they converged the temperature might begin to rise.

Because of the high cost of building and operating enough cyclotrons, it appears that the "old fashioned" fission reactor will have to be used to provide streams of high-speed particles, to make controlled fusion possible. Some experts, however, contend that fusion can never be controlled for peaceful uses.

**About The Economy**

All reports and statistics continue to point to continued prosperity. Some observers also believe that the plight of the former —although relatively he has not progressed with the rest of the economy—is still very good.

Farmers, for example, get "breaks" in their income tax which wage-earners cannot take —and, although they are faced with a cost-price squeeze in comparison with former years, most producers are still able to make ends meet. Yet, there is dissatisfaction in the farm areas.

Full military rites will be accorded at the graveside by Henry Hart Post 1411, VFW and Fort Cumberland Post 13, American Legion. He was a veteran of World War I. Among the survivors is a grandchild.

The body is at the Scarpelli Funeral Home.

**MISS CATHERINE STEVENSON**

LONACONING — Miss Catherine Stevenson, 70, died Tuesday of a heart attack suffered while attending a meeting of the Advisory Board of St. Peter's Episcopal Church.

She was a daughter of the late Mr. and Mrs. James Stevenson.

The organist for St. Peter's Church, Miss Stevenson had been manager of the Central High School cafeteria for many years before retiring in 1954. She was also a member of the Pythian Sisters and Order of the Eastern Star.

Surviving are three brothers, John P. Stevenson, Lonaconing; James Stevenson, Cleveland, and Walter Stevenson, Washington, and two sisters, Mrs. Daniel Stakem, with whom she resided, and Mrs. Ella Rank, Cumberland.

The body is at the residence. Services will be conducted Friday at 10 a.m. at St. Peter's Church by Rev. Charles I. Kratz Jr., rector, and Rev. Leslee E. Schwindt, vicar. Interment will be in Oak Hill Cemetery.

**SMEDLEY SERVICE**

A brief funeral service for James M. Smedley, who died Monday in Delaware Hospital, Wilmington, Del., will be conducted at 1 p. m. tomorrow at the Kight Funeral Home.

Rev. Howard M. Amoss, pastor of Centre Street Methodist Church, will officiate and interment will be in Rose Hill Cemetery.

Pallbearers will be Gerald Zembower, R. C. Paulman, Richard and Harry Hughes. The body will arrive here early tomorrow morning and will be taken to the funeral home.

# Vale Summit Man Is Given Three-Year Sentence

James Irvin Perry, of Vale Summit, yesterday was sentenced to three years in the House of Correction by Associate Judge Morgan C. Harris after pleading guilty to a charge of larceny.

After entering his plea, Perry asked Judge Harris that if he had a choice of either serving in the state penitentiary or House of Correction, he would prefer the latter since he had served a prior sentence in the pen and would rather not return there.

Perry had been out on $1,000 bond on the charge of stealing an automobile belonging to Joseph Deter, 621 Leiper Street, on December 2.

He and Theodore Bennett of Ambridge, Pa., were arrested Sunday on a charge of stealing another vehicle and given preliminary hearings Tuesday before Trial Magistrate J. Milton Dick. Perry and Bennett were ordered held for action of the January grand jury in default of $1,500.

After being remanded to the county jail, Perry asked for an immediate trial and a criminal information in the original case was filed by Assistant State's Attorney James S. Getty.

City Detective Donald H. Smith, Police Sgt. James W. Brown and City Officer James Bohon arrested Perry while he was driving Deter's auto. It was reported the vehicle was taken from the parking lot at the B&O Bolt and Forge Shop area.

Detective Smith, Sgt. Brown and Officer George Furstenberg participated in the arrest Sunday, which occurred shortly after Perry and Bennett had taken a car belonging to Edward R. Schilling of Hyndman, Pa., which had been parked on North Centre Street.

Authorities said Perry has been on parole from a sentence in the Maryland Reformatory for Males following his conviction on a morals charge at last January's term of court before Judge Harris.

# Pageant Is Feature Of Carver Program

A pageant, "The Bells of Christmas," featured an assembly yesterday at Carver Junior High School prior to dismissal of classes for the Christmas holiday.

Narrators were Tanya Darr, Shirley Wormack, Anita Hudson, Martha Broome, Faye Green and Carol Bates. Soloists were Shirley Wormack, Mary Smith and John Powell, while Tanya Darr was violinist.

The program also included the recitation of the Christmas story by a verse choir composed of girls from the eighth grade and the singing of carols.

A faculty committee, comprised of Mrs. Edith Bracey, Miss Ruth E. Franklin and Charles E. Watermann, arranged the program.

# Berkeley Co. Will Discuss Teacher Need

MARTINSBURG, W. Va., Dec. 21 (AP)—Berkeley County educators and county officials will meet Dec. 23 to discuss dwindling revenues and an already serious teacher shortage which has indications of growing worse.

Superintendent of Schools James L. Creasy told the Board of Education last night that the shortage caused by teachers migrating to other states for better salaries is being aggravated by the "aging" of the county schools staff.

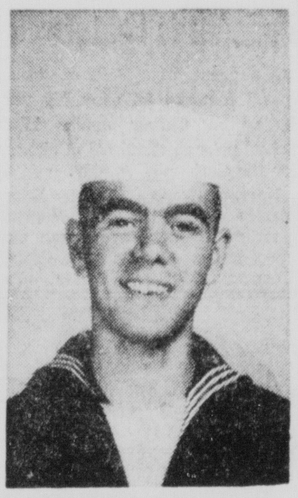
At the present time, Creasy said, 28 teachers have more than 35 years' experience while 19 more have been teaching at least 30 years.

Teachers are eligible to retire after 35 years service. Creasy said the county had lost 11 per cent of its staff to more attractive salaries elsewhere.

These statistics were brought up at the meeting called to ponder what to do in the face of a loss of about $35,000 in revenue for the fiscal year beginning next July 1. The county will lose that amount of State school aid because the Berkeley County assessment figure failed to rise to the required 40 per cent of real valuation.

Meeting with the board last night was a committee of the Berkeley County Education Assn.

The school board called another meeting for next Wednesday to which it invited members of the County Court, the county assessors and the county's representative to the State Senate.



GRADUATES — Firemen Apprentice Jimmy N. Smith, son of Mr. and Mrs. James Smith, Kitzmiller, has graduated from Recruit Training at Bainbridge, and will be stationed at Little Creek, Va. He graduated from Elk Garden High School and enlisted in the Navy on September 19, 1955.

## Michigan Club Holds Yule Party In Frostburg

FROSTBURG — The Women's Michigan Club held its Christmas dinner a recent evening at the Homestead Restaurant, Broadway. The dinner table was decorated with miniature Christmas trees, pine cones and candles.

Members attending were Mrs. William Kelly, Westernport, Mrs. William Porter, Gaithersburg, and Mesdames Margaret Higgins, Mollie Byrnes, Anna Mae McGann, Josephine Lee, Anna Kenney, Clara Tippen, Nellie Shuck and Genevieve Goldsworthy.

Guests attending were Mrs. Marie Lippold, Cumberland, and Mrs. Sarah Manley, Mrs. Evelyn Weisharr, Miss Laverne Higgins and Miss Catherine Goldsworthy.

Following the dinner the group was entertained at the home of Mrs. Nellie Shuck with a jingle party. The house was decorated in keeping with the yule season, games were played, carols were sung and gifts exchanged. Club sisters were revealed. Refreshments were served by the hostess, Mrs. Shuck.

# Lonaconing Lions Conduct Yule Party For Youngsters

LONACONING — The biggest Christmas children's party yet was held on Monday evening by the Lonaconing Lions Club members who had their youngsters and guests at the turkey dinner and party at the Pythian building.

President Kendrick Y. Hodgdon gave the Christmas message from John W. Morgan, district governor.

"America", "Lions Song", "Silent Night" and "O Come All Ye Faithful" were sung by the 90 who attended. Invocation was given by the Rev. Joseph W. Young.

Lion Harry Bosley reported that $210 was collected Saturday in the Salvation Army Kettle and thanked all members for their participation.

A talk on membership was given by John Stakem, zone chairman. The light bulb sale is progressing with each member receiving five bags of the electric light bulbs to help in the campaign for the Sight conservation fund. James Langley, chairman, reported.

A donation of $25 to the Community Christmas Treat fund was given. J. A. Petry, program chairman, and Joseph Haugen presented movies, "The Little Lamb," "The Little Match Girl" and "Howdy Doody's Christmas". Gifts were given by Santa to each youngster.

# Berkeley Co. Will Discuss Teacher Need

MARTINSBURG, W. Va., Dec. 21 (AP)—Berkeley County educators and county officials will meet Dec. 28 to discuss dwindling revenues and an already serious teacher shortage which has indications of growing worse.

Superintendent of Schools James L. Creasy told the Board of Education last night that the shortage caused by teachers migrating to other states for better salaries is being aggravated by the "aging" of the county schools s aff.

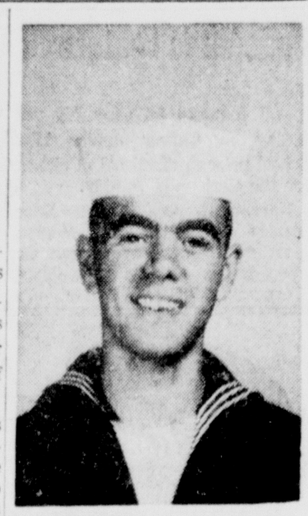
At the present time, Creasy said, 28 teachers have more than 35 years' experience while 19 more have been teaching at least 30 years.

Teachers are eligible to retire after 35 years service. Creasy said the county had lost 11 per cent of its staff to more attractive salaries elsewhere.

These statistics were brought up at the meeting called to ponder what to do in the face of a loss of about $35,000 in revenue for the fiscal year beginning next July 1. The county will lose that amount of State school aid because the Berkeley County assessment figure failed to rise to the required 40 per cent of real valuation.

Meeting with the board last night was a committee of the Berkeley County Education Assn.

The school board called another meeting for next Wednesday to which it invited members of the County Court, the county assessors and the county's representative to the State Senate.



GRADUATES — Firemen Apprentice Jimmy N. Smith, son of Mr. and Mrs. James Smith, Kitzmiller, has graduated from Recruit Training at Bainbridge, and will be stationed at Little Creek, Va. He graduated from Elk Garden High School and enlisted in the Navy on September 19, 1955.

## Michigan Club Holds Yule Party In Frostburg

FROSTBURG — The Women's Michigan Club held its Christmas dinner a recent evening at the Homestead Restaurant, Broadway. The dinner table was decorated with miniature Christmas trees, pine cones and candles.

Members attending were Mrs. William Kelly, Westernport, Mrs. William Porter, Gaithersburg, and Mesdames Margaret Higgins, Mollie Byrnes, Anna Mae McGann, Josephine Lee, Anna Kenney, Clara Tippen, Nellie Shuck and Genevieve Goldsworthy.

Guests attending were Mrs. Marie Lippold, Cumberland, and Mrs. Sarah Manley, Mrs. Evelyn Weisharr, Miss Laverne Higgins and Miss Catherine Goldsworthy.

Following the dinner the group was entertained at the home of Mrs. Nellie Shuck with a jingle party. The house was decorated in keeping with the yule season, games were played, carols were sung and gifts exchanged. Club sisters were revealed. Refreshments were served by the hostess, Mrs. Shuck.

# Lonaconing Lions Conduct Yule Party For Youngsters

LONACONING — The biggest Christmas children's party yet was held on Monday evening by the Lonaconing Lions Club members who had their youngsters and guests at the turkey dinner and party at the Pythian building.

President Kendrick Y. Hodgdon gave the Christmas message from John W. Morgan, district governor.

"America", "Lions Song", "Silent Night" and "O Come All Ye Faithful" were sung by the 90 who attended. Invocation was given by the Rev. Joseph W. Young.

Lion Harry Bosley reported that $210 was collected Saturday in the Salvation Army Kettle and thanked all members for their participation.

A talk on membership was given by John Stakem, zone chairman. The light bulb sale is progressing with each member receiving five bags of the electric light bulbs to help in the campaign for the Sight conservation fund. James Langley, chairman, reported.

A donation of $25 to the Community Christmas Treat fund was given. J. A. Petry, program chairman, and Joseph Haugen presented movies, "The Little Lamb," "The Little Match Girl" and "Howdy Doody's Christmas". Gifts were given by Santa to each youngster.

# Keyser Elks To Stage Party For Youngsters

### Planned Friday At High School

KEYSER — Keyser Lodge, 1916, B. P. O. Elks, will play host to a large number of young people who are a little more unfortunate than others, on Friday in the Keyser High School auditorium, beginning at 2 p. m.

Santa Claus will be there, and he will bring them a pack in which there will be many packages for the unfortunate and underprivileged children in the area embracing Keyser, Piedmont, Westernport, McCoole and a part of the area along the McMullen Highway.

Committes of members of the Elks' lodge have been very busy during the past several weeks, seeking the unfortunate and lonely kiddies, and while doing this work, they have been preparing with help of others to wrap the many presents as aides to Santa Claus.

At a meeting held a few evenings ago, there were 768 packages of varied sizes and types. There will be candies, nuts and other things for the kiddies, and some dim eyes will be lighted up and sparkling before the Elks Christmas party is ended Friday.

### Birth Announced

FROSTBURG — Mr. and Mrs. Wright, Mount Savage, announce the birth of a son Wednesday, at the Miners Hospital.

## Two Community Trees Brighten Keyser Spirit

KEYSER — The two community Christmas trees in Keyser have added much to the Christmas spirit of citizens in Keyser. The "live" tree, placed on the high school campus, near the corner of North Davis and Piedmont streets, by the Yeoman Club of Keyser, has been lighted since the first of the month.

The other tree, a large cutting, approximately 35 feet in height, is on the B & O Railroad Company property at the west end of Armstrong Street, and is an attraction in the business part of Keyser. It has been an annual feature and has attracted much attention due to the arrangement of lights and colors. It is the tallest holiday tree in the city.

## Council Approves Payroll Payments

FROSTBURG—The mid monthly meeting of the City Council was held early in the week with the payroll and monthly payment of bills being passed.

A delegation of residents from Mt. Pleasant Street extended asked the city to consider the paving of that portion of the street east of Barnard Street. A motion was made and passed to put this project first on the list of street jobs to be done in the spring. The regular monthly meeting in January will be held January 3 instead of January 2, due to the New Year's holiday.

## Girl Scouts Sponsor Party

FROSTBURG — The Girl Scouts of Troop 10, Beall Elementary School, will sponsor a Christmas party at St. John's Episcopal Church parish hall, tonight at 7 o'clock. Troop 2, sponsored by the First Methodist Church, will be the guests.

Hostesses for the evening will be Linda Dugan, Gail Howsare, Earlene Griffith, Sandra Keedy, Kay Gardner, Carol Meagher, Billie Smith, Sharon Sweitzer, Ruth Ann Skidmore, Elizabeth Richards, Susan Thorp, Alice Smith, Donna Jean Dudley, Rosalie Filer, Sandra Taylor, Barbara Phillips, La Vonne Patterson, Donna Atkinson, Rose Mary Fletcher, Bertha Deal and Verna Durst.

The decorating committee includes Carol Thompson, Donna Griffith, Barbara Walker, June Hess, Sandra Lewis, Kathleen Kenney, Dolores Frazier, Lois White, Mary Ann Garlitz and Gail Biggs.

Leaders in charge of the party are Mrs. Janice Phillips, Mrs. Hannah Filer, Mrs. Marilla Thompson, Mrs. Kenneth Babcock and Mrs. Ethel Lewis.

## Midland PTA Sells Christmas Trees

MIDLAND — The Midland Elementary School PTA will continue its sale of Christmas trees until tomorrow.

The sale is being conducted at the home of Mr. and Mrs. James Snelson, Lonaconing Street. The trees are Canadian balsam.

## Lonaconing OES Group Holds Christmas Party

LONACONING—A Christmas dinner was held at the Alvin C. Neat Post No. 5280, Veterans of Foreign Wars, by the Officers Club of Martha Washington Chapter No. 10 Order of Eastern Star.

Mrs. Norma Lea Bosley and Mrs. Isabel Moses were in charge of the entertainment and games for the evening. Jingle gifts were distributed.

Martha Washington Chapter elected Mrs. Betty Smith, worthy matron, and James Steele, worthy patron.

Mrs. Corrine Reiber was elected associate matron; Charles Lester Reiber, associate patron; Mrs. Mae S. Dick, secretary; Mrs. Mary J. Phillips, treasurer; Mrs. Marian Moore, conductress, Mrs. Isabel Moses, associate conductress.

Installation of newly elected officers will be held on Friday, January 13, with appointive officers to be announced at this meeting.

# SEC Fines Auburn $2,000 For Recruiting Twin Halfbacks

## Star Gadsden Players Got $500 Apiece

### Maximum Penalty Assessed; College President Apologizes

BIRMINGHAM, Ala., Dec. 21 (AP) — Southeastern Conference Commissioner Bernie Moore fined Auburn $2,000 today for giving $500 each to twin halfback prospects.

The school's president said he believed another conference member also should have been penalized.

Moore said Harry and Robert Beaube, star backs at Gadsden, Ala., were given the money Nov. 28 by Hal Herring, assistant Auburn coach. The money was returned the following day

**Maximum Fine Assessed**

The $2,000 fine, largest in the SEC since 1950, was the maximum penalty possible under conference regulations. Moore said his full report of the incident would be given members of the executive committee, which has authority to go further into the case.

Dr. Ralph B. Draughon, president of Auburn, accepted the verdict and termed the incident "inexcusable and highly regrettable," and offered an apology to the conference.

He added, however, that Auburn had offered a "legal grant in aid" which the Beaube twins orally accepted prior to the deadline date for signing players, but that "persons acting in the interests of another institution then intervened, leading the boys to believe that they would be given a furnished apartment in excess of a legal grant in aid."

Both the Beaube twins are married.

**Are Ruled Ineligible**

The Auburn president did not name the other institution, but the Beaubes said only Auburn and the University of Alabama had offered them athletic scholarships.

SEC grants in aid for athletes provide room, board, books, school fees and up to a maximum of $15 monthly for laundry and cleaning.

The Beaube twins were ruled ineligible for intercollegiate athletics at Auburn, but now are free to sign with any other SEC school.

FIGURES IN RECRUITING FINE — Harry and Robert Beaube, Gadsden prep school football stars, were the principals involved in an illegal recruiting case for which Auburn College drew a $2,000 fine from Southeastern Conference Commissioner Bernie Moore. Assistant Coach Hal Herring of Auburn was accused of giving the twin brothers $500 each to persuade them to attend the college. The money was returned. (AP Photofax).

## Nashua Nominee For Hialeah Park Widener Feature

MIAMI, Fla., Dec. 21 (AP)—Nashua, the world's most valuable race horse, today topped a list of 59 thoroughbreds nominated for the $100,000 added Widener Handicap at Hialeah Park on Feb. 18.

The list, announced by Charles J. McLennan, Hialeah's director of racing, included 14 foreign-breds representing 5 different countries and 24 winners of 67 major stakes races in 1955.

Nashua, horse of the year and recently sold to a Leslie Combs syndicate for $1,251,200, is due to arrive here Saturday morning from Kentucky. If Nashua wins the Widener and the $50,000 McLennan he can pass the winnings of Citation—$1,085,760.

## Smith And Triandos Get Orioles Raises

BALTIMORE, Dec. 21 (AP)—Hal Smith and Gus Triandos, lifelong baseball pals, today signed 1956 contracts with the Baltimore Orioles and each got a "substantial raise."

Assistant General Manager Jack Dunn signed catcher Smith and Triandos, who doubles behind the plate and at first base.

Both came to Baltimore in the celebrated deal with the New York Yankees last winter. Triandos set two Oriole records for Memorial Stadium last season, hitting 12 home runs and driving in 65 runs while batting .278. Smith was close behind with .271 and 52 RBI's.

## Minnesota Upsets Utah Five, 90-77

LEXINGTON, Ky., Dec. 21 (AP) — Unranked Minnesota outhustled and outshot Utah for a 90-77 upset victory tonight for third place in the University of Kentucky Invitational Basketball Tournament.

Kentucky and Dayton, the country's No. 9 and No. 4 teams, clashed in the championship match.

Minnesota, hitting 52 per cent of its shots for the game, set the tempo early with its deadly marksmanship.

Jerome Dommeyer hit 22 for Minnesota to lead in scoring.

## Boyd Is Victor

ST. LOUIS, Dec. 21 (AP)—Bobby Boyd, Chicago's rising middleweight contender, punched out a unanimous decision over Italo Scortichini in a 10-round bout here tonight. Boyd was troubled by the Italian fighter's crouching style. Boyd weighed 159, Scortichini 154½.

## LaSalle Schedules Alumni Game Dec. 26

Coach George Geatz announced last night that his LaSalle High School Explorers will meet an Alumni aggregation on the SS. Peter and Paul court, Monday, Dec. 26, at 8 p. m.

The Explorers, paced by city scoring leader Tommy Smith, have won three of four basketball games this season. The main engagement will be preceded by a Junior Varsity-Junior Class contest at 6:45 p. m.

## Quantico Tops Akron, 94-74

QUANTICO, Va., Dec. 21 (AP)—The Quantico Marines overcame a five-point halftime deficit to stop Akron University's victory streak at six with a 94-74 triumph tonight in the semifinals of the second annual Christmas Collegiate Basketball Tournament.

The Marines will battle Mt. St. Mary's of Maryland tomorrow night at 8:15 for the championship.

Akron was sparked by center Ray Pryear, a 6-7 star, until he fouled out after 11 minutes of play. Quantico's Ron Perry sank two free throws after three minutes of the second half to put the Marines ahead 50-49. Quantico was never headed thereafter.

Forward Ted Henderson led Quantico with 20 points, and Mike Harkins had as many for the losers.

## Deacons Win, 98-79

CHARLOTTE, N. C., Dec. 21 (AP)—Wake Forest, living up to its role of favorite, pulled away from Clemson in the last half tonight to win the Carrousel Basketball Classic 98-79 in runaway fashion after a bristling first half that saw the teams shoot it out on even terms for 18 minutes.

## Hartack Rides Four Winners At Tropical

### Nation's Top Rider Has 412 Firsts

MIAMI, Fla., Dec. 21 (AP)—Willie Hartack, the No. 1 rider in the land, scored his fourth triumph of the day by riding the Menaker-Harry L. Farms entry, Sharp Tack, to victory in the eighth race at Tropical Park today.

The winner, coupled with Retaliation, which finished second, paid backers $14.10 to win, $11.10 to place, and $7.10 to show.

Hartack opened the day's program with an easy score on Mr. Blue Sky, and his finish gave him a total of 25 winners at the meeting and 412 for the year.

In the opener the gelding saved ground on the inside and won by 2½ lengths from Ambushed, while Fighting Ike was third before nine other sprinters. The time for the six furlongs was 1:12 3/5.

Adrastus, under Bobby Ussery, closed with a strong rally to outfinish Idle Memory in the mile and a sixteenth second, getting the nod by a head in 1:54 2/5. Another head away was Bold Myth, a 45 to 1 shot. Adrastus, which paid $14.50, completed a $71.40 daily double.

Noted, handled by Don Brumfield, had scant difficulty beating ten other maiden 2-year-old colts and geldings in the third, as he reached the home base 3½ lengths clear of Sheilas Son. Paper Money was a distant third.

Noted, clocked in 1:05 4/5 for the 5½ furlongs, returned $11.70 straight. The colt, in his debut here, had finished second to Shag Win, paying 50 to 1 to place.

Hartack did it again when he pushed Snare to a popular victory in the fourth, his second of the day and 410th of the year. Snare raced Hail Fellow into submission the first half-mile, then held Latitude safe by a length and a half. She covered the six furlongs in 1:11 4/5 and paid $7.20. Wigwam, closing well on the inside, took third from seven others.

Hartack continued his winning ways by rounding out a triple on Yock Tom, $5 favorite, in the three-quarter fifth. The crowd cheered the sensational youngster on as he fairly lifted the gelding over the wire a length and a quarter clear of Hoop Ring in a swift clocking of 1:10 3/5. Dancing Boy, tiring from forcing the pace with the winner, was third. Ten competed.

A couple of longshots battled for the honors in the sixth race, with What Sir, under Robert Louis Stevenson, prevailing over Easy Mae in a torrid stretch drive. A short length separated them on the final pole. Sun Jeep, on which Hartack was trying for his fourth winner of the day, was a distant third. What Sir, stepping over the spring in 1:11 2/5, paid $36.70 straight.

## Lemoyne Tops Iona Quintet

### Scores 93-70 Win In Quantico Tourney

QUANTICO, Va., Dec. 21 (AP)—Lemoyne College of Syracuse, N. Y., knocked off Iona College 93-70 today in the second round of consolation play of the Quantico Marines' second annual Christmas Basketball Tournament.

Lemoyne's only loss this year after seven games was a 109-86 defeat yesterday by Quantico.

The Dolphins will meet Georgia Teachers tomorrow at 3:15 p. m. for the consolation trophy. Georgia Teachers overcame a 13-point halftime deficit in today's first consolation tilt and downed Wabash (Ind.) College 90-81.

Bob Dietz paced Lemoyne with 21 points, and four other Dolphins hit in double figures. Iona's top scorer was Joe Bernardi, who matched Dietz's output.

Chet Webb dropped in 21 points to lead Georgia Teachers to their triumph over Wabash.

## Mt. St. Mary's Quint Advances

QUANTICO, Va., Dec. 21 (AP)—Mt. St. Mary's of Maryland swept into the finals of Quantico's Christmas collegiate basketball tournament tonight by winning an 86-79 overtime battle from favored Ball State Teachers.

The Mountaineers will meet the winner of tonight's Quantico-Akron game at 8:15 p.m. tomorrow.

Guard Frank Smith paced Mt. St. Mary's with 31 points, hitting for 11 goals from outside the key.

## Colgate Rallies To Hand Loss To Tennessee

### 23 Points Behind, Winners Score 87-83

CHARLOTTE, N. C., Dec. 21 (AP)—Colgate came from 23 points behind tonight to take an 87-83 sizzler from Tennessee and win third place in the Carrousel Basketball Classic.

Wake Forest and Clemson met in the championship final.

Earlier, Mississippi State took a 79-71 overtime game from Florida State to win the consolation crown.

Tennessee was the hottest thing to hit the tournament for the first 10 minutes as it ran up a 36-15 lead on Colgate, including two 10-point sprees. The Vols boosted it to 43-20 a couple of minutes later and held a 56-40 halftime lead.

Coach Howard Hartmann of Colgate used 10 players before Tennessee made its first lineup change with 90 seconds to go in the half as he vainly sought to stem the flood of Tennessee points.

Then in the last half Tennessee cooled off and cagy Joe Stratton, a great floorman and inspirational leader, began to rally Colgate.

John Nichols pumped in 29 points and Phil Bisselle 21 to play vital roles in the victory. A pair of super-charged guards led the Vols, Herman Thompson hitting 31 points and Leon Ammerman 22.

Junior guard Jim Ashmore flipped in three baskets and passed off for another in the five minute overtime period to lead Mississippi State to victory over Florida State. Ashmore scored 34 points and had 18 point assistance from forward Wayne Duncan.

Boston University drubbed Davidson 87-69 to win seventh place.

Six consecutive points by Capt. Hobby Cobb, who accounted for 26 in all, enabled Davidson to lead 38-35 at the intermission.

Boston went to work quickly after play resumed and poured in 27 points in the first 10 minutes to take a lead it never lost.

Center Kevin Thomas, with 27 points, and forward Tom Kelly with 21, were Boston's big guns.

Jimmy Oler of Economy, Ind., is out to break his record of 549 points scored last season for Florida State's basketball team. He averaged 20.7 points in his first three games.

## Welsh, Burnine To Co-Captain Southern Squad

### Shrine All-Star Teams Meet Dec. 26

MIAMI, Fla., Dec. 21 (AP)—George Welsh of Navy, the nation's leading passer, and Harold Burnine of Missouri, the country's No. 1 receiver, were chosen co-captains of the South squad today for the Shrine's North-South All-Star football game Dec. 26.

The North squad will elect its co-captains tomorrow.

The Rebels voted for Welsh and Burnine following a snappy practice session which coaches Wally Butts of Georgia and Rex Enright of South Carolina termed very good.

South coaches said the team is rounding into shape ahead of schedule.

"There is great spirit here," Enright said. "All-stars should be able to work together, but this group has taken to one another better than any other I have seen. The desire they have, along with their natural ability, makes this coaching a real pleasure."

The brisk, two-hour workout was spent on offensive and defensive maneuvers, punting and kickoff procedure.

North Coach Bernie Crimmins of Indiana said his squad is really serious about "tearing down a southern jinx." The South has won five and lost one of the previous seven games. The other was a tie.

"Our squad is really hustling and is as strong overall as last year's North team—maybe a little stronger," he commented after the Yankee practice session. The South scored in the final minute and edged the Yanks 20-17 last year.

Crimmins and Coach Art Lewis of West Virginia sent the North squad through running and passing plays in a full scale signal drill and blocking session.

Lewis put up a line which averaged 220 pounds per man—ends Jim Freeman of Iowa and Gene Kapish of Notre Dame; tackles Bob Skoronski of Indiana and Bruce Bosley of West Virginia; guards Pat Bisceglia of Notre Dame and Wells Gray of Wisconsin; and center Don Fife of Purdue.

Freddy Wyant and Bobby Moss, both of West Virginia, Dick Fitzgerald of Notre Dame and Tom Troxell of Miami of Ohio operated in the backfield.

## UCLA Founded In 1919

U. C. L. A.'s history goes back only 35 years. It was founded in July of 1919 and the first football team was fielded in that year, winning two and losing six. The Uclans have had only two undefeated seasons—1939 and 1954.

# SEC Fines Auburn $2,000 For Recruiting Twin Halfbacks

## Star Gadsden Players Got $500 Apiece

### Maximum Penalty Assessed; College President Apologizes

BIRMINGHAM, Ala., Dec. 21 (AP) — Southeastern Conference Commissioner Bernie Moore fined Auburn $2,000 today for giving $500 each to twin halfback prospects.

The school's president said he believed another conference member also should have been penalized.

Moore said Harry and Robert Beaube, star backs at Gadsden, Ala., were given the money Nov. 28 by Hal Herring, assistant Auburn coach. The money was returned the following day

**Maximum Fine Assessed**

The $2,000 fine, largest in the SEC since 1950, was the maximum penalty possible under conference regulations. Moore said his full report of the incident would be given members of the executive committee, which has authority to go further into the case.

Dr. Ralph B. Draughon, president of Auburn, accepted the verdict and termed the incident "inexcusable and highly regrettable," and offered an apology to the conference.

He added, however, that Auburn had offered a "legal grant in aid" which the Beaube twins orally accepted prior to the deadline date for signing players, but that "persons acting in the interests of another institution then intervened, leading the boys to believe that they would be given a furnished apartment in excess of a legal grant in aid."

Both the Beaube twins are married.

**Are Ruled Ineligible**

The Auburn president did not name the other institution, but the Beaubes said only Auburn and the University of Alabama had offered them athletic scholarships.

SEC grants in aid for athletes provide room, board, books, school fees and up to a maximum of $15 monthly for laundry and cleaning.

The Beaube twins were ruled ineligible for intercollegiate athletics at Auburn, but now are free to sign with any other SEC school.

FIGURES IN RECRUITING FINE — Harry and Robert Beaube, Gadsden prep school football stars, were the principals involved in an illegal recruiting case for which Auburn College drew a $2,000 fine from Southeastern Conference Commissioner Bernie Moore. Assistant Coach Hal Herring of Auburn was accused of giving the twin brothers $500 each to persuade them to attend the college. The money was returned. (AP Photofax).

## Hartack Rides Four Winners At Tropical

### Nation's Top Rider Has 412 Firsts

MIAMI, Fla., Dec. 21 (AP)—Willie Hartack, the No. 1 rider in the land, scored his fourth triumph of the day by riding the Menaker-Harry L. Farms entry, Sharp Tack, to victory in the eighth race at Tropical Park today.

The winner, coupled with Retaliation, which finished second, paid backers $14.10 to win, $11.10 to place, and $7.10 to show.

Hartack opened the day's program with an easy score on Mr. Blue Sky, and his finish gave him a total of 25 winners at the meeting and 412 for the year.

In the opener the gelding saved ground on the inside and won by 2½ lengths from Ambushed, while Fighting Ike was third before nine other sprinters. The time for the six furlongs was 1:12 3/5.

Adrastus, under Bobby Ussery, closed with a strong rally to outfinish Idle Memory in the mile and a sixteenth second, getting the nod by a head in 1:54 2/5. Another head away was Bold Myth, a 45 to 1 shot. Adrastus, which paid $14.50, completed a $71.40 daily double.

Noted, handled by Don Brumfield, had scant difficulty beating ten other maiden 2-year-old colts and geldings in the third, as he reached the home base 3½ lengths clear of Sheilas Son. Paper Money was a distant third.

Noted, clocked in 1:05 4/5 for the 5½ furlongs, returned $11.70 straight. The colt, in his debut here, had finished second to Shag Win, paying 50 to 1 to place.

Hartack did it again when he pushed Snare to a popular victory in the fourth, his second of the day and 410th of the year. Snare raced Hail Fellow into submission the first half-mile, then held Latitude safe by a length and a half. She covered the six furlongs in 1:11 4/5 and paid $7.20. Wigwam, closing well on the inside, took third from seven others.

Hartack continued his winning ways by rounding out a triple on Yock Tom, $5 favorite, in the three-quarter fifth. The crowd cheered the sensational youngster on as he fairly lifted the gelding over the wire a length and a quarter clear of Hoop Ring in a swift clocking of 1:10 3/5. Dancing Boy, tiring from forcing the pace with the winner, was third. Ten competed.

A couple of longshots battled for the honors in the sixth race, with What Sir, under Robert Louis Stevenson, prevailing over Easy Mae in a torrid stretch drive. A short length separated them on the final pole. Sun Jeep, on which Hartack was trying for his fourth winner of the day, was a distant third. What Sir, stepping over the spring in 1:11 2/5, paid $36.70 straight.

### Scores 93-70 Win In Quantico Tourney

QUANTICO, Va., Dec. 21 (AP)—Lemoyne College of Syracuse, N. Y., knocked off Iona College 93-70 today in the second round of consolation play of the Quantico Marines' second annual Christmas Basketball Tournament.

Lemoyne's only loss this year after seven games was a 109-86 defeat yesterday by Quantico.

The Dolphins will meet Georgia Teachers tomorrow at 3:15 p. m. for the consolation trophy. Georgia Teachers overcame a 13-point halftime deficit in today's first consolation tilt and downed Wabash Ind.) College 90-81.

Bob Dietz paced Lemoyne with 21 points, and four other Dolphins hit in double figures. Iona's top scorer was Joe Bernardi, who matched Dietz's output.

Chet Webb dropped in 21 points to lead Georgia Teachers to their triumph over Wabash.

## Mt. St. Mary's Quint Advances

QUANTICO, Va., Dec. 21 (AP)—Mt. St. Mary's of Maryland swept into the finals of Quantico's Christmas collegiate basketball tournament tonight by winning an 86-79 overtime battle from favored Ball State Teachers.

The Mountaineers will meet the winner of tonight's Quantico-Akron game at 8:15 p.m. tomorrow.

Guard Frank Smith paced Mt. St. Mary's with 31 points, hitting for 11 goals from outside the key.

## Colgate Rallies To Hand Loss To Tennessee

### 23 Points Behind, Winners Score 87-83

CHARLOTTE, N. C., Dec. 21 (AP)—Colgate came from 23 points behind tonight to take an 87-83 sizzler from Tennessee and win third place in the Carrousel Basketball Classic.

Wake Forest and Clemson met in the championship final.

Earlier, Mississippi State took a 79-71 overtime game from Florida State to win the consolation crown.

Tennessee was the hottest thing to hit the tournament for the first 10 minutes as it ran up a 36-15 lead on Colgate, including two 10-point sprees. The Vols boosted it to 43-20 a couple of minutes later and held a 56-40 halftime lead.

Coach Howard Hartmann of Colgate used 10 players before Tennessee made its first lineup change with 90 seconds to go in the half as he vainly sought to stem the flood of Tennessee points.

Then in the last half Tennessee cooled off and cagy Joe Stratton, a great floorman and inspirational leader, began to rally Colgate.

John Nichols pumped in 29 points and Phil Bisselle 21 to play vital roles in the victory. A pair of super-charged guards led the Vols, Herman Thompson hitting 31 points and Leon Ammerman 22.

Junior guard Jim Ashmore flipped in three baskets and passed off for another in the five minute overtime period to lead Mississippi State to victory over Florida State. Ashmore scored 34 points and had 18 point assistance from forward Wayne Duncan.

Boston University drubbed Davidson 87-69 to win seventh place.

Six consecutive points by Capt. Hobby Cobb, who accounted for 26 in all, enabled Davidson to lead 38-35 at the intermission.

Boston went to work quickly after play resumed and poured in 27 points in the first 10 minutes to take a lead it never lost.

Center Kevin Thomas, with 27 points, and forward Tom Kelly with 21, were Boston's big guns.

Jimmy Oler of Economy, Ind., is out to break his record of 549 points scored last season for Florida State's basketball team. He averaged 20.7 points in his first three games.

## Welsh, Burnine To Co-Captain Southern Squad

### Shrine All-Star Teams Meet Dec. 26

MIAMI, Fla., Dec. 21 (AP)—George Welsh of Navy, the nation's leading passer, and Harold Burnine of Missouri, the country's No. 1 receiver, were chosen co-captains of the South squad today for the Shrine's North-South All-Star football game Dec. 26.

The North squad will elect its co-captains tomorrow.

The Rebels voted for Welsh and Burnine following a snappy practice session which coaches Wally Butts of Georgia and Rex Enright of South Carolina termed very good.

South coaches said the team is rounding into shape ahead of schedule.

"There is great spirit here," Enright said. "All-stars should be able to work together, but this group has taken to one another better than any other I have seen. The desire they have, along with their natural ability, makes this coaching a real pleasure."

The brisk, two-hour workout was spent on offensive and defensive maneuvers, punting and kickoff procedure.

North Coach Bernie Crimmins of Indiana said his squad is really serious about "tearing down a southern jinx." The South has won five and lost one of the previous seven games. The other was a tie.

"Our squad is really hustling and is as strong overall as last year's North team—maybe a little stronger," he commented after the Yankee practice session. The South scored in the final minute and edged the Yanks 20-17 last year.

Crimmins and Coach Art Lewis of West Virginia sent the North squad through running and passing plays in a full scale signal drill and blocking session.

Lewis put up a line which averaged 220 pounds per man—ends Jim Freeman of Iowa and Gene Kapish of Notre Dame; tackles Bob Skoronski of Indiana and Bruce Bosley of West Virginia; guards Pat Bisceglia of Notre Dame and Wells Gray of Wisconsin; and center Don Fife of Purdue.

Freddy Wyant and Bobby Moss, both of West Virginia, Dick Fitzgerald of Notre Dame and Tom Troxell of Miami of Ohio operated in the backfield.

### UCLA Founded In 1919

U. C. L. A.'s history goes back only 35 years. It was founded in July of 1919 and the first football team was fielded in that year, winning two and losing six. The Uclans have had only two undefeated seasons—1939 and 1954.

ENOS SLAUGHTER AND BRIDE—Enos (Country) Slaughter, veteran major league baseball player, takes a bite of wedding cake from his bride, the former Miss Helen Spiker, following their wedding in Grace Methodist Church here yesterday. The bride, 25-year-old airline stewardess who flies out of Kansas City, and the 39-year-old Kansas City Athletics outfielder, will reside in that city following a brief honeymoon trip to visit Slaughter's parents at Roxboro, N. C. The ceremony was performed by Rev. Adam Grim, pastor of Grace Methodist Church. It was the bride's first marriage and Slaughter's fifth.

# Aerial Game Expected When Blue-Gray Play

## Top Passers Ready For Dec. 31 Contest

MONTGOMERY, Ala., Dec. 21 (AP)—There'll be a pigskin curtain over the gridiron when the Blue and Gray forces clash Dec. 31—if the weatherman cooperates.

Four of the nation's fanciest passers and eight of the best receivers will be in the lineup for the 18th annual classic, including Missouri's big end, Harold Burnine, who topped them all in pass catching.

Together, the Yankees' two aerial specialists, Jim Haluska of Wisconsin and Ed Albright of Syracuse, and their two southern rivals, Bob Hardy of Kentucky and Bart Starr of Alabama, threw the ball more than a mile and a half during the 1955 season.

Their passes accounted for 24 touchdowns.

Haluska, who ranked seventh in the nation in passing and ninth in total offense, completed 71 out of 132 deliveries for 1,036 yards and six scores. Albright tossed 39 passes and hit the mark with 19 covering 324 yards. Seven of them went for touchdowns.

On the Confederate side, Hardy, 11th in the nation, completed 58 of 106 for 777 yards and eigh scores. Starr, who rated 13th best in the country even though Alabama did not win a game, made 55 passes good in 95 attempts. He racked up 587 yards and one toudheown.

Thus the opposing blue-Gray squads stack up even in aerial ability. The Yanks' two best passers accounted for 1,360 yards; Hardy and Starr 1,364.

The invading northerners have a more distinct edge in pass receiving. Their five ends traveled 1,407 yards with the passes they caught; the Rebels' three flankmen got only 533.

Coaches Don Faurot of Missouri, Bob Davis of Colorado A. & M. and Murray Warmath of Minnesota, for the North, and Paul Dietzel of LSU, Chalmer Woodard of SMU and George Barclay, late of North Carolina, will arrive Friday.

# Pont Named Head Coach At Miami U.

## Ohio Frosh Mentor Succeeds Parseghian

OXFORD, Ohio, Dec. 21 (AP) — Johnny Pont, one of the greatest football players ever to wear a Miami (Ohio) University uniform, was named its head coach today.

Stepping up from the job of freshman coach, the 28-year-old Pont expressed surprise at his selected to succeed Ara Parseghian, who resigned last week to take a similar position at Northwestern University.

"I am sincerely surprised and deeply honored," Pont said. "I am aware that it is a tough job to fill. I am particularly honored that I am the man chosen for it."

Pont apparently was thinking of the unbeaten, untied season the Miami Redskins had this year under the guidance of Parseghian.

The new head football coach, a native of Canton, Ohio, played halfback while in college and set a record of 2,457 yards rushing. He scored a total of 154 points in three years of varsity play.

After being graduated, Pont was drafted by the Green Bay Packers professional team, but was dropped in a short time because he was "too light." He is 5 feet, 9 inches tall and weighed only 167 pounds at the time.

# Cleveland Cops Fielding Title In Junior Loop

## Woodling, Hegan, Strickland Tops

By HOWARD SIGMAND

NEW YORK, Dec. 21—(INS)—The Cleveland Indians threw up the strongest defense in the American League during 1955, claiming the team fielding championship and three individual leaders.

The Indians, second to New York in the final standings, nosed out Chicago for fielding honors with a collective mark of .9814 to .9813 for the White Sox.

**Gene Woodling Leads**

The Indians also boasted the league fielding champion in outfielder Gene Woodling, the shortstop champion in George Strickland and the best defensive catcher in the league in Jim Hegan.

Official statistics released today show that Woodling nosed out Boston's Norbert Zauchin for top fielding honors with a .9952 average to .9951 for the rookie first baseman.

The veteran fly chaser from Akron, Ohio, committed only one error in 211 total chances through 114 games with Baltimore and the Tribe. Zauchin had six in 1,227 chances through 126 games.

Infielders and outfielders must have played in at least 100 games to qualify, with catchers required to play in at least 90.

Strickland paced the shortstops with a .976 average for 14 errors in 595 chances. Chico Carrasquel, then with Chicago but now another Indian, was three points behind.

Hegan repeated as catcher with a .997 average, two points over Chicago's Sherm Lollar. Hegan erred just twice in 619 chances.

Gil McDougald of New York was the best fielding second baseman with a .985 mark in 126 games. He had 11 errors in 711 chances.

Third base honors went to George Kell of Chicago, who fielded 9763 with six errors in 254 chances.

**Sullivan Tops Hurlers**

Franklin Sullivan of Boston led the pitchers with a .934 fielding average—one miscue in 64 chances.

The Yankees again turned in the most double plays (130) and Cleveland and Baltimore each claimed a triple play. Cleveland had the fewest errors (103), Kansas City had the most assists (1733) and Baltimore had the most putouts (4166) and the most total chances (6040). New York and Boston had the fewest passed balls, five each.

# Pitt Gridders Will Spend Yule Holiday At Homes

## Team To Leave For Sugar Bowl Monday

PITTSBURGH, Dec. 21 (AP) — Smiling Johnny Michelosen is giving his Pitt Panthers a Christmas holiday at home hoping it will pay big dividends Jan. 2 against Georgia Tech in the Sugar Bowl.

In four previous trips to bowl games, the Pitt team left a week before Christmas much to the dislike of the squad. Michelosen figures by playing Santa Claus early he'll get a belated Christmas present come Jan. 2.

The Panthers ended their final home drills today with a brisk workout on the frozen turf of Pitt Stadium. The team—36 strong—flies to New Orleans on Monday.

"I'm pleased with the kids' attitude," commented Michelosen afterwards. "It's been a long, long season, but they've acted like real veterans."

Since practice sessions for the Sugar Bowl assignment began, the Panthers have worked indoors, outdoors and under the lights. One day the Panthers have drilled in 20-above tempeature, and the next in 85 degrees.

He's been forced to alternate practice sessions between chilly Pitt Stadium and the steam-heated field house, depending upon the weather and the players' classroom schedules.

Despite the cramming, the Panthers haven't had one full-field scrimmage session. Most of the workouts have been limited to blocking, tackling, signal drills and watching films.

The Panthers have watched the Georgia Tech team on film every day—sometimes for two and three hours at a session. And what they have seen has impressed Michelosen and his coaching staff tremendously.

"Georgia Tech is an alert, spirited team and one that quickly capitalizes on the opponents mistakes. We can't afford to make any if we're going to win," said Michelosen.

Except for the usual assortment of bumps and bruises, the Pitt team is in excellent physical shape. Tacle Bob Pollock missed the last two drills with a leg cut. End Joe Walton has a pulled leg muscle and fullback Bob Grier has aggravated an old knee injury.

# NC-State Scores 95-81 Triumph Over Brigham Young

RALEIGH, Dec. 21 (AP)—Sparked by the uncanny tap-in ability of center Ron Shavlik and fantastic speed of guard Vic Molodet, North Carolina State's nationally second ranked Wolfpack smashed fifth ranked Brigham Young, 95-81, tonight before 10,500 fans in Reynolds Coliseum.

The victory was State's eighth this season and 20th in a row over a two year span, a new school record. It was the first loss for the Cougars, who were nursing a six-game winning streak.

State pulled to a 45-39 halftime lead mainly on the sharpshooting of the speedy Molodet. Shavlik scored 28 points for the Wolfpack while Molodet was good for 25.

# Capon Bridge Cagers Lose

## James Wood Quint Scores 57-50 Win

WINCHESTER, Va., Dec. 21 — James Wood High School utilized its better foul shooting yesterday to defeat Capon Bridge High's cagers, 57-50.

Both teams netted 19 field goals but the home quint converted 19 of 30 fouls while Capon Bridge added only 12 of 23.

Forward Reedy paced James Wood with 28 points. Three players shared 39 markers for the losers, McCauley with 14, Sirbaugh with 13 and Grapes with 12.

Capon Bridge took an 11-6 lead in the first quarter but trailed at halftime, 25-22, and 47-37 at the close of the third stanza. The lineups:

# Christensen Signs Redskins Contract

RICHMOND, Va., Dec. 21 (AP)—Erik Christensen, star University of Richmond tackle and co-captain of the Spiders last season, tonight signed a contract to play professional football next fall with the Washington Redskins.

Christensen is a 230-pound, 6-foot, 4-inch native of Woodbridge, N. J. he was signed by Joe Kuharich, head coach of the Redskins, after a short conference.

Kuharich said Christensen probably would be used as a defensive end and offensive tackle. Terms of the contract were not announced.

# Dogs To Wear Shiny Numerals

GOSFORTH, England, Dec. 21 (AP)—Officials of the Gosforth Greyhound track said today the dogs will wear jackets with fluorescent numerals which will shine through the ever present fogs.

The fog sometimes gets so thick in Gosforth, a track spokesman said, that "the dogs collide as they race around the track."

# Romney To Play Warrior Quint

## Thomas, Hyndman At Home Tonight

Coach Clyde Green's Romney High School Pioneers will go after their third victory in the Potomac Valley Conference when they play Wardensville High School's Warriors tonight at Romney.

The Hampshire countians are 2-1 in the conference while Coach "Pete" Vance's quint has dropped four in a row. Romney holds a 59-52 decision over the Hardy county school.

Coach Ed Supak's high-powered Mountaineer High cagers of Thomas go after win No. 3 when they tackle Coalton High of Randolph county tonight at Thomas. The Tucker quint has clobbered Circleville, 85-51, and Bayard, 88-55 in its first two outings.

Beaten in their last three starts, Hyndman High's Hornets will be striving to return to the win column when they host Robert Smith of Hopwell in a return game tonight in Hyndman. Hopwell grabbed the series opener on its home floor, 45-40. Hyndman's record to date is two wins and four losses.

# Senators' Wilcox Has 32.4 Average

Paul Wilcox, Davis & Elkins College's 6-foot-5 center, is leading the West Virginia Intercollegiate Athletic Conference in scoring with an average of 32.4 points per game.

Wilcox has scored 162 points on 68 field goals and 26 foul goals in the first five games of the season.

Vandell of Morris Harvey owns the best goal shooting record with 38 goals in 55 tries for a percentage of 69.1. Wilcox is the runner-up with 68 baskets in 121 attempts for 56.2.

Powell, of Glenville, paces the foul shooters with a 94.4 average for 34 out of 36.

# Baltimore's Colts Get $1,000 Bonuses

BALTIMORE, Dec. 21 (INS) — It was learned today that virtually all of the 36 members of the Baltimore Colts professional football team received a $1,000 bonus for the 1955 season.

Slightly smaller amounts were given to some players who joined the squad later and played in only a few games. The coaching staff and office force also got a chunk of the melon.

The bonus is part of the share-the-wealth program inaugurated by Carroll Rosenbloom, chief stockholder, who has said the owners have agreed to use all profits to get a championship team. Baltimore had a 5-6-1 record this year.

The gift is believed to be the largest bonus ever paid by any professional football team. Each Colt received $300 last year and $500 in 1953.

# Sports Grill

By PAT ROBINSON

NEW YORK, Dec. 21—(INS)—Once again the Amateur Athletic Union asks a vote on the James E. Sullivan trophy, annually awarded the amateur athlete who has done most for sportsmanship.

Nine names (hand-picked by the AAU) are submitted, and we wonder how many sports fans can identify all of them with their particular affiliation and sport.

**Here they are: Howard Cassady, Harold Connolly, Charles Darling, Harrison Dillard, Burwell Jones, Shelley Mann, Patricia McCormick, Arnold Sowell, and Lon Spurrier.**

You know, of course, that Cassady is Ohio State's great halfback and that Harrison Dillard has been the world's best hurdler for years.

But were you aware that Connolly is the American hammer throw record holder and that he is a member of he Boston A. A.? And did you know that Darling plays with Phillips 66 and that he has been an A.A.U. All-American basketball player for two years?

Perhaps you know that Jones is a Michigan University swimmer who has held National AAU titles six times, but did you know that Shelley Mann is a girl from the Walter Reed Swim Club and has won eight national AAU titles?

**You probably know that Sowell broke the world record for 1,000 yards at Pittsburgh University and that Spurrier, now with the U. S. Air Force, bettered the world mark for the half mile run.**

And of course, Pat McCormick of Los Angeles is the Olympic springboard and platform diving champion and has won 24 American diving titles in the last six years?

She was Sullivan runner-up to Mal Whitfield last year.

We suppose Cassady will get the trophy if only because he got the most publicity in recent months.

The award has been in existence since 1930 when Bobby Jones won it on the strength of capturing the British and American open and amateur golf championships.

The loners were Dick Button, Olympic and world champion skater, swimmer Ann Curtis, diver Dr. Sammy Lee and tennis star Don Budge. Joe Burk and Jack Kelly represented the oarsmen, Jones and Lawson Little, golfers, Doc Blanchard and Arnold Tucker the footballers.

Two award winners were pole vaulters Corney Warmerdam and Rev. Bob Richards, and four were decathlon champions Barney Berlinger, J. A. Bausch, Glenn Morris and Bob Mathias. The rest were runners.

Mrs. Pearl Zoll of Green Bay, Wis., bowls once a week in the Elks Ladies League and hasn't missed a game in 21 years.

# Paw Paw Applemen Top Ft. Ashby 88-74

PAW PAW, W. Va., Dec. 21 — The Paw Paw Applemen scored their second victory of the season over the Fort Ashby VFW quintet, here today, 88 to 74.

Bob Wolford with 29 points and Dean Kidwell with 25 topped the Paw Paw attack while Bob Chaney and Bob Kenney each had 22 for Fort Ashby.

The VFW quint outscored Paw Paw from the field, 35-33, but lost the game at the foul line. The lineups:

ENOS SLAUGHTER AND BRIDE—Enos (Country) Slaughter, veteran major league baseball player, takes a bite of wedding cake from his bride, the former Miss Helen Spiker, following their wedding in Grace Methodist Church here yesterday. The bride, 25-year-old airline stewardess who flies out of Kansas City, and the 39-year-old Kansas City Athletics outfielder, will reside in that city following a brief honeymoon trip to visit Slaughter's parents at Roxboro, N. C. The ceremony was performed by Rev. Adam Grim, pastor of Grace Methodist Church. It was the bride's first marriage and Slaughter's fifth.

# Aerial Game Expected When Blue-Gray Play

## Top Passers Ready For Dec. 31 Contest

MONTGOMERY, Ala., Dec. 21 (AP)—There'll be a pigskin curtain over the gridiron when the Blue and Gray forces clash Dec. 31—if the weatherman cooperates.

Four of the nation's fanciest passers and eight of the best receivers will be in the lineup for the 18th annual classic, including Missouri's big end, Harold Burnine, who topped them all in pass catching.

Together, the Yankees' two aerial specialists, Jim Haluska of Wisconsin and Ed Albright of Syracuse, and their two southern rivals, Bob Hardy of Kentucky and Bart Starr of Alabama, threw the ball more than a mile and a half during the 1955 season.

Their passes accounted for 24 touchdowns.

Haluska, who ranked seventh in the nation in passing and ninth in total offense, completed 71 out of 132 deliveries for 1,036 yards and six scores. Albright tossed 39 passes and hit the mark with 19 covering 324 yards. Seven of them went for touchdowns.

On the Confederate side, Hardy, 11th in the nation, completed 58 of 106 for 777 yards and eigh scores. Starr, who rated 13th best in the country even though Alabama did not win a game, made 55 passes good in 95 attempts. He racked up 587 yards and one toudheown.

Thus the opposing blue-Gray squads stack up even in aerial ability. The Yanks' two best passers accounted for 1,360 yards; Hardy and Starr 1,364.

The invading northerners have a more distinct edge in pass receiving. Their five ends traveled 1,407 yards with the passes they caught; the Rebels' three flankmen got only 533.

Coaches Don Faurot of Missouri, Bob Davis of Colorado A. & M. and Murray Warmath of Minnesota, for the North, and Paul Dietzel of LSU, Chalmer Woodard of SMU and George Barclay, late of North Carolina, will arrive Friday.

TO BECOME HORSE OWNER — Karen Ann McGuire, 12-year-old Valhalla, N. Y., schoolgirl who sent in a bid of $24.03 for the champion racehorse Nashua during the Belair Stud dispersal, holds photo of Nashua. Despite the "failure" of her bid, Karen Ann will get a horse anyway, the Christmas gift of officials of the Hanover Bank of New York which handled the Nashua sale last Thursday. Karen Ann's bid was topped by a mere $1,251,175.97. (AP Photofax)

# Pont Named Head Coach At Miami U.

## Ohio Frosh Mentor Succeeds Parseghian

OXFORD, Ohio, Dec. 21 (AP) — Johnny Pont, one of the greatest football players ever to wear a Miami (Ohio) University uniform, was named its head coach today.

Stepping up from the job of freshman coach, the 28-year-old Pont expressed surprise at his selected to succeed Ara Parseghian, who resigned last week to take a similar position at Northwestern University.

"I am sincerely surprised and deeply honored," Pont said. "I am aware that it is a tough job to fill. I am particularly honored that I am the man chosen for it."

Pont apparently was thinking of the unbeaten, untied season the Miami Redskins had this year under the guidance of Parseghian.

The new head football coach, a native of Canton, Ohio, played halfback while in college and set a record of 2,457 yards rushing. He scored a total of 154 points in three years of varsity play.

After being graduated, Pont was drafted by the Green Bay Packers professional team, but was dropped in a short time because he was "too light." He is 5 feet, 9 inches tall and weighed only 167 pounds at the time.

The dodo was an actual bird that lived on Mauritius island in the Indian ocean.

# Cleveland Cops Fielding Title In Junior Loop

## Woodling, Hegan, Strickland Tops

By HOWARD SIGMAND

NEW YORK, Dec. 21—(INS)—The Cleveland Indians threw up the strongest defense in the American League during 1955, claiming the team fielding championship and three individual leaders.

The Indians, second to New York in the final standings, nosed out Chicago for fielding honors with a collective mark of .9814 to .9813 for the White Sox.

**Gene Woodling Leads**

The Indians also boasted the league fielding champion in outfielder Gene Woodling, the shortstop champion in George Strickland and the best defensive catcher in the league in Jim Hegan.

Official statistics released today show that Woodling nosed out Boston's Norbert Zauchin for top fielding honors with a .9952 average to .9951 for the rookie first baseman.

The veteran fly chaser from Akron, Ohio, committed only one error in 211 total chances through 114 games with Baltimore and the Tribe. Zauchin had six in 1,227 chances through 126 games.

Infielders and outfielders must have played in at least 100 games to qualify, with catchers required to play in at least 90.

Strickland paced the shortstops with a .976 average for 14 errors in 595 chances. Chico Carrasquel, then with Chicago but now another Indian, was three points behind.

Hegan repeated as catcher with a .997 average, two points over Chicago's Sherm Lollar. Hegan erred just twice in 619 chances.

Gil McDougald of New York was the best fielding second baseman with a .985 mark in 126 games. He had 11 errors in 711 chances.

Third base honors went to George Kell of Chicago, who fielded 9763 with six errors in 254 chances.

**Sullivan Tops Hurlers**

Franklin Sullivan of Boston led the pitchers with a .934 fielding average—one miscue in 64 chances.

The Yankees again turned in the most double plays (130) and Cleveland and Baltimore each claimed a triple play. Cleveland had the fewest errors (103), Kansas City had the most assists (1733) and Baltimore had the most putouts (4166) and the most total chances (6040). New York and Boston had the fewest passed balls, five each.

# Pitt Gridders Will Spend Yule Holiday At Homes

## Team To Leave For Sugar Bowl Monday

PITTSBURGH, Dec. 21 (AP) — Smiling Johnny Michelosen is giving his Pitt Panthers a Christmas holiday at home hoping it will pay big dividends Jan. 2 against Georgia Tech in the Sugar Bowl.

In four previous trips to bowl games, the Pitt team left a week before Christmas much to the dislike of the squad. Michelosen figures by playing Santa Claus early he'll get a belated Christmas present come Jan. 2.

The Panthers ended their final home drills today with a brisk workout on the frozen turf of Pitt Stadium. The team—36 strong—flies to New Orleans on Monday.

"I'm pleased with the kids' attitude," commented Michelosen afterwards. "It's been a long, long season, but they've acted like real veterans."

Since practice sessions for the Sugar Bowl assignment began, the Panthers have worked indoors, outdoors and under the lights. One day the Panthers have drilled in 20-above tempeature, and the next in 85 degrees.

He's been forced to alternate practice sessions between chilly Pitt Stadium and the steam-heated field house, depending upon the weather and the players' classroom schedules.

Despite the cramming, the Panthers haven't had one full-field scrimmage session. Most of the workouts have been limited to blocking, tackling, signal drills and watching films.

The Panthers have watched the Georgia Tech team on film every day—sometimes for two and three hours at a session. And what they have seen has impressed Michelosen and his coaching staff tremendously.

"Georgia Tech is an alert, spirited team and one that quickly capitalizes on the opponents mistakes. We can't afford to make any if we're going to win," said Michelosen.

Except for the usual assortment of bumps and bruises, the Pitt team is in excellent physical shape. Tacle Bob Pollock missed the last two drills with a leg cut. End Joe Walton has a pulled leg muscle and fullback Bob Grier has aggravated an old knee injury.

# NC-State Scores 95-81 Triumph Over Brigham Young

RALEIGH, Dec. 21 (AP)—Sparked by the uncanny tap-in ability of center Ron Shavlik and fantastic speed of guard Vic Molodet, North Carolina State's nationally second ranked Wolfpack smashed fifth ranked Brigham Young, 95-81, tonight before 10,500 fans in Reynolds Coliseum.

The victory was State's eighth this season and 20th in a row over a two year span, a new school record. It was the first loss for the Cougars, who were nursing a six-game winning streak.

State pulled to a 45-39 halftime lead mainly on the sharpshooting of the speedy Molodet. Shavlik scored 28 points for the Wolfpack while Molodet was good for 25.

# Capon Bridge Cagers Lose

## James Wood Quint Scores 57-50 Win

WINCHESTER, Va., Dec. 21 — James Wood High School utilized its better foul shooting yesterday to defeat Capon Bridge High's cagers, 57-50.

Both teams netted 19 field goals but the home quint converted 19 of 30 fouls while Capon Bridge added only 12 of 28.

Forward Reedy paced James Wood with 28 points. Three players shared 39 markers for the losers, McCauley with 14, Sirbaugh with 13 and Grapes with 12.

Capon Bridge took an 11-6 lead in the first quarter but trailed at halftime, 25-22, and 47-37 at the close of the third stanza. The lineups:

# Christensen Signs Redskins Contract

RICHMOND, Va., Dec. 21 (AP)—Erik Christensen, star University of Richmond tackle and co-captain of the Spiders last season, tonight signed a contract to play professional football next fall with the Washington Redskins.

Christensen is a 230-pound, 6-foot, 4-inch native of Woodbridge, N. J. he was signed by Joe Kuharich, head coach of the Redskins, after a short conference.

Kuharich said Christensen probably would be used as a defensive end and offensive tackle. Terms of the contract were not announced.

# Dogs To Wear Shiny Numerals

GOSFORTH, England, Dec. 21 (AP)—Officials of the Gosforth Greyhound track said today the dogs will wear jackets with fluorescent numerals which will shine through the ever present fogs.

The fog sometimes gets so thick in Gosforth, a track spokesman said, that "the dogs collide as they race around the track."

# Romney To Play Warrior Quint

## Thomas, Hyndman At Home Tonight

Coach Clyde Green's Romney High School Pioneers will go after their third victory in the Potomac Valley Conference when they play Wardensville High School's Warriors tonight at Romney.

The Hampshire countians are 2-1 in the conference while Coach "Pete" Vance's quint has dropped four in a row. Romney holds a 59-52 decision over the Hardy county school.

Coach Ed Supak's high-powered Mountaineer High cagers of Thomas go after win No. 3 when they tackle Coalton High of Randolph county tonight at Thomas. The Tucker quint has clobbered Circleville, 85-51, and Bayard, 83-55 in its first two outings.

Beaten in their last three starts, Hyndman High's Hornets will be striving to return to the win column when they host Robert Smith of Hopwell in a return game tonight in Hyndman. Hopwell grabbed the series opener on its home floor, 45-40. Hyndman's record to date is two wins and four losses.

# Senators' Wilcox Has 32.4 Average

Paul Wilcox, Davis & Elkins College's 6-foot-5 center, is leading the West Virginia Intercollegiate Athletic Conference in scoring with an average of 32.4 points per game.

Wilcox has scored 162 points on 68 field goals and 26 foul goals in the first five games of the season.

Vandell of Morris Harvey owns the best goal shooting record with 38 goals in 55 tries for a percentage of 69.1. Wilcox is the runner-up with 68 baskets in 121 attempts for 56.2.

Powell, of Glenville, paces the foul shooters with a 94.4 average for 34 out of 36.

# Baltimore's Colts Get $1,000 Bonuses

BALTIMORE, Dec. 21 (INS) — It was learned today that virtually all of the 36 members of the Baltimore Colts professional football team received a $1,000 bonus for the 1955 season.

Slightly smaller amounts were given to some players who joined the squad later and played in only a few games. The coaching staff and office force also got a chunk of the melon.

The bonus is part of the share-the-wealth program inaugurated by Carroll Rosenbloom, chief stockholder, who has said the owners have agreed to use all profits to get a championship team. Baltimore had a 5-6-1 record this year.

The gift is believed to be the largest bonus ever paid by any professional football team. Each Colt received $300 last year and $500 in 1953.

# Sports Grill

By PAT ROBINSON

NEW YORK, Dec. 21—(INS)—Once again the Amateur Athletic Union asks a vote on the James E. Sullivan trophy, annually awarded the amateur athlete who has done most for sportsmanship.

Nine names (hand-picked by the AAU) are submitted, and we wonder how many sports fans can identify all of them with their particular affiliation and sport.

**Here they are: Howard Cassady, Harold Connolly, Charles Darling, Harrison Dillard, Burwell Jones, Shelley Mann, Patricia McCormick, Arnold Sowell, and Lon Spurrier.**

You know, of course, that Cassady is Ohio State's great halfback and that Harrison Dillard has been the world's best hurdler for years.

But were you aware that Connolly is the American hammer throw record holder and that he is a member of he Boston A. A.? And did you know that Darling plays with Phillips 66 and that he has been an A.A.U. All-American basketball player for two years?

Perhaps you know that Jones is a Michigan University swimmer who has held National AAU titles six times, but did you know that Shelley Mann is a girl from the Walter Reed Swim Club and has won eight national AAU titles?

**You probably know that Sowell broke the world record for 1,000 yards at Pittsburgh University and that Spurrier, now with the U. S. Air Force, bettered the world mark for the half mile run.**

And of course, Pat McCormick of Los Angeles is the Olympic springboard and platform diving champion and has won 24 American diving titles in the last six years?

She was Sullivan runner-up to Mal Whitfield last year.

We suppose Cassady will get the trophy if only because he got the most publicity in recent months.

The award has been in existence since 1930 when Bobby Jones won it on the strength of capturing the British and American open and amateur golf championships.

The loners were Dick Button, Olympic and world champion skater, swimmer Ann Curtis, diver Dr. Sammy Lee and tennis star Don Budge. Joe Burk and Jack Kelly represented the oarsmen, Jones and Lawson Little, golfers, Doc Blanchard and Arnold Tucker the footballers.

Two award winners were pole vaulters Corney Warmerdam and Rev. Bob Richards, and four were decathlon champions Barney Berlinger, J. A. Bausch, Glenn Morris and Bob Mathias. The rest were runners.

Mrs. Pearl Zoll of Green Bay, Wis., bowls once a week in the Elks Ladies League and hasn't missed a game in 21 years.

# Paw Paw Applemen Top Ft. Ashby 88-74

PAW PAW, W. Va., Dec. 21 — The Paw Paw Applemen scored their second victory of the season over the Fort Ashby VFW quintet, here today, 88 to 74.

Bob Wolford with 29 points and Dean Kidwell with 25 topped the Paw Paw attack while Bob Chaney and Bob Kenney each had 22 for Fort Ashby.

The VFW quint outscored Paw Paw from the field, 35-33, but lost the game at the foul line. The lineups:

| Fort Ashby VFW | G | F | T |

## Ezz Charles Meets Albright Tonight

SAN FRANCISCO, Dec. 21 (AP)—Aging Ezzard Charles, plodding along toward the heavyweight pasture, takes on young Bob Albright tomorrow night in a scheduled 10-round bout here.

The match has little national significance on the surface, but it could prove interesting.

Young Albright is the sparring partner who floored England's Don Cockell last June during preparation for the Londoner's fiasco with champion Rocky Marciano.

# Negro Cager Booed Because Of His Antics

### Loyola Incident Said Not Racial

NEW ORLEANS, Dec. 21 (AP)—Loyola University of the South tonight viewed the booing of a Negro basketball player from Bradley University as "merely a routine incident" which did not arise because of his race.

Shellie McMillon, 19-year-old ace forward from Chicago, received a round of jeering when he stuck out his tongue at fans last night after fouling out of the game against Loyola. Behind 15 points at the time, Loyola surged ahead to win 71-65 and hand Bradley its first loss.

Sportswriters said the Negro sophomore lost his poise and made unnecessary and foolish fouls. Charles Brennan of the New Orleans States said McMillon was "the best player on the court in the first half and the worst in the second half."

In a 450-word statement which expressed the Loyola viewpoint, the Rev. James J. Molloy, S. J., athletic director at the Roman Catholic school, said, "I would like to emphasize that the occurrence during the game was not in any way a 'racial' incident. . . .

"It is not unusual for a boy in a moment of anger or disappointment to forget his sportsmanship.

"The fact that this Bradley boy was a Negro does not in any way indicate that it was a 'racial' incident."

Bill Keefe, sports editor of the New Orleans Times-Picayune, wrote in his column, "Viewing the News," that "McMillon's behavior was contrary to all codes of sportsmanship practiced by college players. And, the concensus is that he was not booed any more than a white youth guilty of his offenses would have been booed, making it evident that the fact he is a Negro had nothing to do with the criticism directed at him."

"He made offensive gestures to the officials, to the crowd and even to one of his own teammates, and any college player, whether white or Negro, undoubtedly would have brought censure on himself had he acted as McMillon acted."

Ross Guidice, assistant coach of the University of San Francisco Dons who play Loyola here Friday night, agreed that the boos resulted from McMillon's attitude "and not because he is a Negro."

San Francisco has three Negroes on its team, one of them All America Bill Russell.

## Keeping Up With Hollywood

# by Louella Parsons

HOLLYWOOD, Dec. 21 (INS)—Out of the stack of yesterday's good pictures "Morning Glory" has been unearthed by RKO for remake. Perhaps you remember this with Katharine Hepburn, who played the young, starry-eyed New York actress.

Jean Simmons will have the Hepburn role, and she will be finished with "Hilda Crane" at 20th in time to start "Stagestruck" (the new name of "Morning Glory"), in early March. Ruth and Augustus Goetz will write the screenplay.

William Dozier plans to remake as many of RKO's former success as possible. After all, why not? Many of the stories made years ago are better than the ones today.

Word was sent to Lex Barker, who is in Acapulco with Lana Turner, that he has been given a new contract by Ed Muhl at U-I with a sizeable raise. Lex's bosses took a look at "Away All Boats" and it was decided to alternate his westerns with straight dramatic roles—blue suit roles, I believe this studio calls them.

Lex and Lana drove to Acapulco and the children flew down—Lex's two by a former marriage and Lana's daughter Cheryl Crane. They'll all spend Christmas in Mexico, coming home sometime in January. The children will have to be back for school, but Lana and Lex plan to stay as long as possible.

It's a happy Christmas for Alex Gottlieb. He's finally succeeded in signing Barry Nelson for his Broadway comedy "Wake Up Darling." When he wrote the play Alex had Barry in mind for the leading role, that of a handsome young advertising executive, but "My Favorite Husband," the TV series, stood in the way.

Now that the series is off the air after two and a half years, Barry is available, so Alex made the deal over the telephone.

Barry's biggest Broadway success was "The Moon Is Blue." He played it for two years on Broadway before returning to Hollywood to do his TV series.

"Eloise," Kay Thompson's amusing book of sketches about a six-year-old girl who lives at the Plaza Hotel in New York, is being packaged as a motion picture by Kay. Her choice to play the modern young lady, Miss Portland Mason.

Kay, who is in New York plugging "Eloise" in interviews, on TV and radio, is doing remarkably well with her book. It's already in its third printing.

Snapshots of Hollywood collected at random:

Greer Garson's Christmas present from Buddy Fogelson is a full length white mink coat.

Benny Goodman's stepdaughter, Shirley Duckworth (Mrs. Goodman's daughter by her first marriage) is marrying Army Sergeant Jack Detter when the sergeant gets a furlough in January.

Sterling Hayden is taking all four of his children to the snow country for the holidays. He's celebrating too. He doesn't have to have an operation on his back.

Bearded Elliott Paul, author of "The Last Time I Saw Paris," holds court at Barney's Beanery, of all places, ready to greet the great and near-great.

Tony Martin flies in from the Flamingo where he is appearing, to spend Christmas with Cyd Charisse and the two boys. He returns Dec. 27. Georgie Jessel subs for him.

Bing Crosby sent out 2,200 Christmas cards this year, thereby enriching Uncle Sam.

Barney McDevitt, popular P.A., is busting with pride over the honors his daughter, Barna, received as a sweet girl graduate from UCLA.

Christmas is happy for George Stevens aside from the fact that he's finished "Giant." His good-looking son, George Stevens, Jr., stationed in Florida with the Air Force, is here for the holidays.

That's all today. See you tomorrow!

## Ezz Charles Meets Albright Tonight

SAN FRANCISCO, Dec. 21 (AP)—Aging Ezzard Charles, plodding along toward the heavyweight pasture, takes on young Bob Albright tomorrow night in a scheduled 10-round bout here.

The match has little national significance on the surface, but it could prove interesting.

Young Albright is the sparring partner who floored England's Don Cockell last June during preparation for the Londoner's fiasco with champion Rocky Marciano.

# Negro Cager Booed Because Of His Antics

### Loyola Incident Said Not Racial

NEW ORLEANS, Dec. 21 (AP)—Loyola University of the South tonight viewed the booing of a Negro basketball player from Bradley University as "merely a routine incident" which did not arise because of his race.

Shellie McMillon, 19-year-old ace forward from Chicago, received a round of jeering when he stuck out his tongue at fans last night after fouling out of the game against Loyola. Behind 15 points at the time, Loyola surged ahead to win 71-65 and hand Bradley its first loss.

Sportswriters said the Negro sophomore lost his poise and made unnecessary and foolish fouls. Charles Brennan of the New Orleans States said McMillon was "the best player on the court in the first half and the worst in the second half."

In a 450-word statement which expressed the Loyola viewpoint, the Rev. James J. Molloy, S. J., athletic director at the Roman Catholic school, said, "I would like to emphasize that the occurrence during the game was not in any way a 'racial' incident. . . .

"It is not unusual for a boy in a moment of anger or disappointment to forget his sportsmanship.

"The fact that this Bradley boy was a Negro does not in any way indicate that it was a 'racial' incident."

Bill Keefe, sports editor of the New Orleans Times - Picayune, wrote in his column, "Viewing the News," that "McMillon's behavior was contrary to all codes of sportsmanship practiced by college players. And, the concensus is that he was not booed any more than a white youth guilty of his offenses would have been booed, making it evident that the fact he is a Negro had nothing to do with the criticism directed at him."

"He made offensive gestures to the officials, to the crowd and even to one of his own teammates, and any college player, whether white or Negro, undoubtedly would have brought censure on himself had he acted as McMillon acted."

Ross Guidice, assistant coach of the University of San Francisco Dons who play Loyola here Friday night, agreed that the booes resulted from McMillon's attitude "and not because he is a Negro."

San Francisco has three Negroes on its team, one of them All America Bill Russell.

## Keeping Up With Hollywood

# by Louella Parsons

HOLLYWOOD, Dec. 21 (INS)—Out of the stack of yesterday's good pictures "Morning Glory" has been unearthed by RKO for remake. Perhaps you remember this with Katharine Hepburn, who played the young, starry-eyed New York actress.

Jean Simmons will have the Hepburn role, and she will be finished with "Hilda Crane" at 20th in time to start "Stagestruck" (the new name of "Morning Glory"), in early March. Ruth and Augustus Goetz will write the screenplay.

William Dozier plans to remake as many of RKO's former success as possible. After all, why not? Many of the stories made years ago are better than the ones today.

Word was sent to Lex Barker, who is in Acapulco with Lana Turner, that he has been given a new contract by Ed Muhl at U-I with a sizeable raise. Lex's bosses took a look at "Away All Boats" and it was decided to alternate his westerns with straight dramatic roles—blue suit roles, I believe this studio calls them.

Lex and Lana drove to Acapulco and the children flew down—Lex's two by a former marriage and Lana's daughter Cheryl Crane. They'll all spend Christmas in Mexico, coming home sometime in January. The children will have to be back for school, but Lana and Lex plan to stay as long as possible.

It's a happy Christmas for Alex Gottlieb. He's finally succeeded in signing Barry Nelson for his Broadway comedy "Wake Up Darling." When he wrote the play Alex had Barry in mind for the leading role, that of a handsome young advertising executive, but "My Favorite Husband," the TV series, stood in the way.

Now that the series is off the air after two and a half years, Barry is available, so Alex made the deal over the telephone.

Barry's biggest Broadway success was "The Moon Is Blue." He played it for two years on Broadway before returning to Hollywood to do his TV series.

"Eloise," Kay Thompson's amusing book of sketches about a six-year-old girl who lives at the Plaza Hotel in New York, is being packaged as a motion picture by Kay. Her choice to play the modern young lady, Miss Portland Mason:

Kay, who is in New York plugging "Eloise" in interviews, on TV and radio, is doing remarkably well with her book. It's already in its third printing.

Snapshots of Hollywood collected at random:

Greer Garson's Christmas present from Buddy Fogelson is a full length white mink coat.

Benny Goodman's stepdaughter, Shirley Duckworth (Mrs. Goodman's daughter by her first marriage) is marrying Army Sergeant Jack Detter when the sergeant gets a furlough in January.

Sterling Hayden is taking all four of his children to the snow country for the holidays. He's celebrating too. He doesn't have to have an operation on his back.

Bearded Elliott Paul, author of "The Last Time I Saw Paris," holds court at Barney's Beanery, of all places, ready to greet the great and near-great.

Tony Martin flies in from the Flamingo where he is appearing, to spend Christmas with Cyd Charisse and the two boys. He returns Dec. 27. Georgie Jessel subs for him.

Bing Crosby sent out 2,200 Christmas cards this year, thereby enriching Uncle Sam.

Barney McDevitt, popular P.A., is busting with pride over the honors his daughter, Barna, received as a sweet girl graduate from UCLA.

Christmas is happy for George Stevens aside from the fact that he's finished "Giant." His good-looking son, George Stevens, Jr., stationed in Florida with the Air Force, is here for the holidays.

That's all today. See you tomorrow!

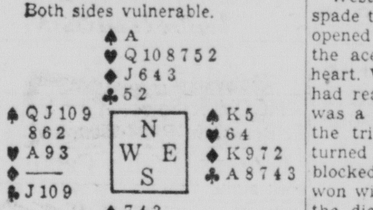
### A DEFENSIVE POINT

A RATHER deep defensive point was involved in the following deal.

South dealer.
Both sides vulnerable.



The bidding:

Obviously, everyone but South went in for some vigorous competitive bidding. Since North had announced the wherewithal for a heart bid at the four-level, South might well have put in a heart raise on his two supporting honors. As it was, with South passing over East's four-spade bid, North had to extend himself considerably to bid five diamonds. Actually, however, he made that call as an intended sacrifice, and the fact that the contract was fulfilled was simply an extra dividend.

West, convinced that defensive spade tricks would be few if any, opened the club jack. East put up the ace, then shifted to his top heart. West naturally hoped (and had reason to assume) that this was a singleton lead, so he took the trick with the ace and returned a heart. Declarer had unblocked the heart king; now he won with dummy's queen and led the diamond jack through East, who covered.

After capturing the diamond king and seeing the break of the suit, South had easy sailing. He cashed the club king, ruffed the good club queen, then finessed against the diamond nine. He drew East's trumps, led a spade to the ace and discarded his losing spades on the hearts. Five diamonds, doubled, bid and made.

It was futile for East to lead the heart at the second trick. His correct return was a spade, and then West would merely have to hold up the heart ace for one round to kill the heart suit. Declarer could pick up East's trumps, all right, but not without losing a spade trick. . . . Play out the cards and see for yourself.

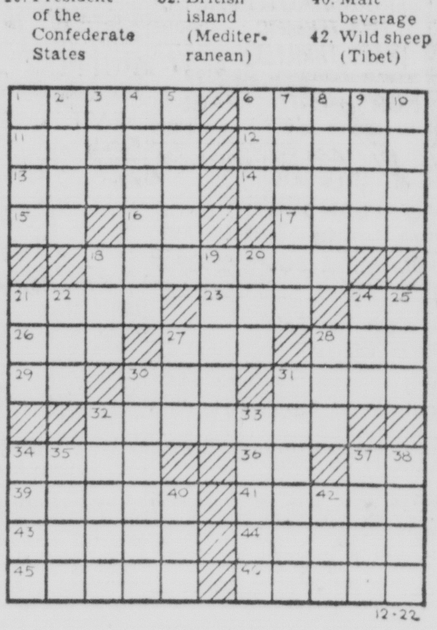
Yesterday's Answer



**DAILY CRYPTOQUOTE—Here's how to work it:**

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

### A DEFENSIVE POINT

A RATHER deep defensive point was involved in the following deal.

South dealer.
Both sides vulnerable.

The bidding:

Obviously, everyone but South went in for some vigorous competitive bidding. Declarer could pick up East's trumps, all right, but not without losing a spade trick. . . . Play out the cards and see for yourself.

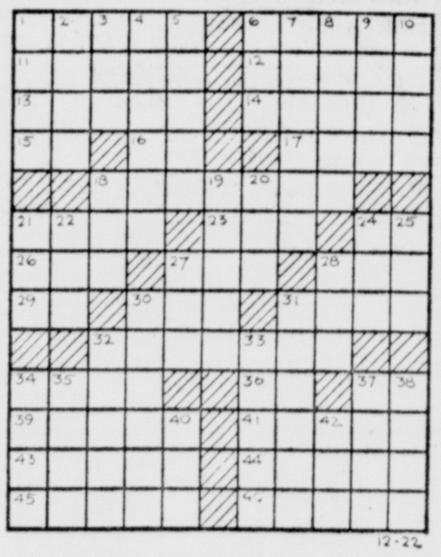
Yesterday's Answer



12-22

**DAILY CRYPTOQUOTE—Here's how to work it:**
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

**A Cryptogram Quotation**

P H H M F F D P H H F P N R H J N R , Y J W H J N R M F P H H M T P H H — W J F F R L L M .

Yesterday's Cryptoquote: PRINCES OF COURTESY, MERCIFUL, PROUD AND STRONG—NEWBOLT.

## Card of Thanks

We wish to thank our neighbors and friends for their kindness and expressions of sympathy shown us at the death of our wife and mother, Mary Shank. We also wish to thank the Rev. Karl Crowe, the pallbearers, all those who sent flowers and donated the use of their cars for the funeral.

Mr. James W. Shank and Family.

## Mine To Reopen After Two-Year Shutdown

MORGANTOWN, W. Va., Dec. 21 (AP)—Plans for reopening its Booth No. 6 mine after a two-year shutdown were announced today by the Christopher Coal Co.

President Charles R. Nailler said preparatory work already is under way and the mine should be back in production about March. It is located up the Monongahela River from Morgantown.

A new river dock is being built at the mine to handle barge shipment of low quality slack to make operation more economical, Nailler said.

## Colombian Papers Fined For Editorials

BOGOTA, Colomba, Dec. 21 (AP)—Two Colombian newspapers were fined 10,000 pesos — about $4,000 — each by the government Information and Propaganda Department today for publishing editorials to which the superior military tribunal objected.

Jorge Luis Arango, head of the department, imposed the fines directly on the managing editors of El Espectador of Bogota and El Correo of Medellin. The Bogota paper is the largest in Colombia since the government closed El Tiempo.

The editorials dealt with political prisoners under the regime headed by Gen. Gustavo Rojas Pinilla. El Espectador said the armed forces should make a forthright report on political prisoners because of rumors of mistreatment.

## SRC Asks Bids For Martin's Mountain Job

The State Roads Commission has asked bids on the overhauling of 2.6 miles of U. S. 40 where it crosses Martin's Mountain in Allegany County, according to an Associated Press dispatch.

The bids will be opened Jan. 17.

The project is part of the long-range plan to virtually rebuild the 65 miles of the trans-continental highway between Cumberland and Hagerstown.

The bids to be opened next month are on a particularly bad stretch on the east slope of mountain and extending just over the crest.

The work will include elimination of sharp curves and steep grades, widening, resurfacing, and the addition of a third lane on the ascending grades for slow trucks.

Earlier this month, the State Roads Commission opened bids on exploration work at 16 points along the west slope of Polish Mountain.

The low bidder was the Equipment and Supplies firm of Pittsburgh, which offered to do the work for $5,270.

The work will include test borings of the section of U. S. 40, where hairpin curves and steep grades will be eliminated and the road widened and resurfaced.

## Mrs. Harold Miller Heads Woman's Group

## Mine To Reopen After Two-Year Shutdown

MORGANTOWN, W. Va., Dec. 21 (AP)—Plans for reopening its Booth No. 6 mine after a two-year shutdown were announced today by the Christopher Coal Co.

President Charles R. Nailler said preparatory work already is under way and the mine should be back in production about March. It is located up the Monongahela River from Morgantown.

A new river dock is being built at the mine to handle barge shipment of low quality slack to make operation more economical, Nailler said.

## Colombian Papers Fined For Editorials

BOGOTA, Colombia, Dec. 21 (AP)—Two Colombian newspapers were fined 10,000 pesos — about $4,000 — each by the government Information and Propaganda Department today for publishing editorials to which the superior military tribunal objected.

Jorge Luis Arango, head of the department, imposed the fines directly on the managing editors of El Espectador of Bogota and El Correo of Medellin. The Bogota paper is the largest in Colombia since the government closed El Tiempo.

The editorials dealt with political prisoners under the regime headed by Gen. Gustavo Rojas Pinilla. El Espectador said the armed forces should make a forthright report on political prisoners because of rumors of mistreatment.

# SRC Asks Bids For Martin's Mountain Job

The State Roads Commission has asked bids on the overhauling of 2.6 miles of U. S. 40 where it crosses Martin's Mountain in Allegany County, according to an Associated Press dispatch.

The bids will be opened Jan. 17.

The project is part of the long-range plan to virtually rebuild the 65 miles of the trans-continental highway between Cumberland and Hagerstown.

The bids to be opened next month are on a particularly bad stretch on the east slope of mountain and extending just over the crest.

The work will include elimination of sharp curves and steep grades, widening, resurfacing, and the addition of a third lane on the ascending grades for slow trucks.

Earlier this month, the State Roads Commission opened bids on exploration work at 16 points along the west slope of Polish Mountain.

The low bidder was the Equipment and Supplies firm of Pittsburgh, which offered to do the work for $5,270.

The work will include test borings of the section of U. S. 40, where hairpin curves and steep grades will be eliminated and the road widened and resurfaced.

## Mrs. Harold Miller Heads Woman's Group

# Accord Reached On Market St. Bridge Work

### Mt. Airy Firm Signs Building Trades Pact

The Building and Construction Trades Council yesterday afternoon notified Mayor Roy W. Eves it had reached an agreement with H. D. Case Inc., the firm which has the contract to build the Market Street Bridge.

George W. Lucas, president of the Building Trades, said H. D. Case, president, signed a Building Trades Council contract for H. D. Case, Inc., of Mt. Airy.

He said the amicable agreement was reached after company and union officials met and ironed out a few minor details concerning the $176,963 construction job.

Union officials told the city the job will not be held up and that they will cooperate in getting the span built as soon as possible. Work is slated after the holidays.

Union officials met with the Mayor and Council Tuesday afternoon and warned they would picket the job if the firm tried to import workers or failed to maintain area working conditions.

Failure to have the span erected on schedule would delay the Wills Creek channel improvement phase of the flood control project.

After the unions stated their positions, Mayor Eves asked Case to come here for a conference. A meeting was held yesterday morning in City Hall and the agreement reached at an afternoon meeting in the AFL Labor Temple.

Union officials did not comment on the Bloomington Bridge project being built by the Case Construction firm but it is understood that work on that State Roads Commission project is to resume next week.

## High School Religious Programs Mark Coming Of Christmas

Students of Cumberland's two public high schools marked the approach of Christmas with special assembly programs this week on themes based on the original religious meaning of the day—the Nativity of Christ. Fort Hill students in the photo at left portray angels worshiping at the Crib. Standing is Rosemary Robinson, and others, in clockwise order, are Barbara Baker, Shirley Lease, June Brady and Julianne Kelly. Allegany students are shown in a manger scene, with Carole Ransom as Mary and David Winter as one of the Wise Men kneeling in front, and Nancy Close, as an angel, and Adrian Knippenberg, as Joseph, standing. Both scenes were from tableaux presented to illustrate Christmas music sung during the programs by the choirs of the two schools.

# Four District Men Enlist In Regular Army

During the past week, four area men have enlisted in the Regular Army, according to Sfc. DeNeal Phillips, who is in charge of the local recruiting office. He said three of the enlistees took advantage of the 15-day delay over the holidays before starting their basic training.

They are Kermit J. McLaughlin, Oldtown, graduate of the high school in that community this year, who enlisted in the Corps of Engineers; Donald C. Sell, Oakland, graduate of Terra Alta High School, Quartermaster Corps, and James A. Endler, Gormania, W. Va., graduate of Bayard High School this year, Artillery.

Robert F. Hulver, Wardensville, W. Va., a graduate of Wardensville High School and Berea (Ky.) College, where he majored in agriculture, enlisted in the Army Medical Corps and has reported to Fort Jackson, S. C. for training.

The three other enlistees also will get their training at Fort Jackson where they report January 5. Sgt. Phillips pointed out that individuals enlisting in the Army from December 15 to 31 will be given a delay in reporting to their next duty station if they so desire.

The delay is counted as active duty time and those enlisting or re-enlisting will receive pay and allowances from the date of enlistment.

Sergeant Phillips also pointed out that individuals may enlist directly into all branches of the Army currently authorized.

There are openings in the Second Infantry Division, now stationed at Fort Lewis, Wash. The division will be transferred in July to Alaska in Operation Gyroscope to replace the 71st Infantry Division stationed there.

## Stamp Club Hears Talk On Precancels

Leonard Schwab, president, discussed precancelled stamps at Tuesday night's meeting of the Recreation Department sponsored Stamp Club.

The meeting was attended by 20 beginning and advanced philatelists.

The club will meet on the second and fourth Tuesdays at 7:30 p. m. in City Hall and the next meeting will be held January 10.

# Local Serviceman Named As Airman Of The Month

Airman First Class Harold W. Henley, son of Mr. and Mrs. Frank Lyons, 18 South Mechanic Street, has been named Airman of the Month of the 17th Installation Squadron, Hulburt Field, Fla.

A certificate presented to Airman Henley was signed by his commanding officer, Capt. Thomas W. Evans, USAF. Each month an airman is honored for displaying outstanding character, abilities and devotions to duty and for making outstanding contributions that have materially benefitted the squadron.

Airman Henley, who is now home on leave, is a brother of Airman First Class William R. Henley, who is now stationed at Ramstein Air Base, Germany.

The two brothers, who attended Allegany High School, enlisted in the Air Force in September of 1952.

# Post Office Will Deliver Packages On Christmas

The Post Office here is going all out in an effort to assure local residents they will receive their Christmas parcels in time for the holiday celebration.

W. Russell Thayer, superintendent of mails, said yesterday that temporary employes, who have been working in the current rush period, will deliver Christmas packages on Sunday.

Meanwhile the holiday mail situation shows signs of slackening off. Yesterday, Thayer pointed out, about 70,000 cancellations were expected at the local Post Office.

He said the mail is moving right along and there is no backlog of letters or packages, and there has been no unreasonable delay in the delivery of the mail.

During the rush period, some 98 temporary employes including 65 clerks have been getting the mail out as soon as possible.

Thayer said the temporary employes are being shifted around depending on where they are needed most to accelerate the delivery of the mail.

He also pointed out there will be no carrier delivery on Christmas although special delivery letters will be forwarded to local residents.

Tuesday's total of 120,500 cancellations was approximately 10,000 greater than for the same day last year.

Postal spokesmen said a new holiday season record for cancellations is expected to be reached this year, despite the gradual decline, thus repeating the increase in volume which has been evident for the past decade.

Monday's cancellations reached 142,500, while the total amount of mail traffic exceeded the 150,000 mark—setting a one-day record for the amount handled this year.

The fact that residents have sent the bulk of their mail out early is also credited with allowing the postal workers to keep abreast of the volume, Thayer stated.

Also a factor, he continued, is the extra space in the Post Office Building which has been allotted to allow the mail to be handled more speedily.

### County Farm Bureau Will Meet Tonight

The Allegany County Farm Bureau is scheduled to hold its last 1955 meeting at 8 o'clock tonight in the office of County Agent Joseph M. Steger.

Floyd Buser is the retiring president and will be succeeded by Ralph W. Ferguson.

## *Winter Arrives Today*

Ol' Man Winter, who makes his debut this morning, is in for a chilly reception.

Residents of Cumberland and area already have gotten a good prevue of what to expect during the next couple of months.

The forecast for today is continued cold weather and the mercury was expected to dip as low as eight degrees above, early this morning.

Some snow flurries were also expected late last night and early today in the extreme west portion. The high today is expected to go into the 20s.

The unofficial temperature in downtown Cumberland last night about 10:30 o'clock was 19 degrees above, and dipping slowly.

# Union Position Is Sustained

Work of removing and replacing beams in the Customer Warping Department of the Amcelle plant is to be reutrned to the Service Department under an arbitration decision handed down by Samuel H. Jaffee, Washington.

The award sustains the position of Local 1874, Textile Workers Union of America (CIO), in an arbitration dispute with the Celanese Corporation of America.

The dispute arose from a work assignment change in the tricot section of the Customer Beaming Department, where formerly an employe of the Service Department removed and replaced beams on the beaming machines.

Under the new assignment the work was transferred to the beaming production operators. The union contended the procedure adopted by the company violated the agreement and past practice at the plant and asked that the work be returned to the Service Department.

The decision was based on a side agreement in the Customer Warping Department and affects one Service Department worker.

Arguments in the case were presented by Melvin Harris, Local 1874 president, and William Davis, TWUA representative, for the union, and William A. Gunter, for the Celanese Corporation.

## Ware Is Transferred To Local Hospital

Robert W. Ware, 27, of RD 3, who was injured in an automobile accident near Hagerstown Sunday, was brought to Sacred Heart Hospital here yesterday afternoon.

He is reported in fair condition, suffering from a fractured vertebra, a broken nose and facial injuries.

Ware was riding in a car driven by George L. Kershner, 29, of Hagerstown, who was killed when the vehicle veered from U.S. 40 and hit a tree.

# Davis Resident Being Held As Phony Doctor

### Theo J. McDonald Waives Hearing

DAVIS, W. Va., Dec. 21 (AP)—A man listed as Theo James McDonald, 50, was arrested in this little Tucker County community today on a charge of practicing medicine without a license, State Trooper D. G. Peters reported.

The prisoner later waived preliminary hearing before Justice of the Peace O. B. Collins at Thomas and was held for the March grand jury. Collins set bond at $500.

Peters reported that there was some doubt about McDonald's residence, although he came to Davis from Belington on Dec. 5. He previously has resided in Alabama and Mississippi, an early investigation showed.

Peters related that McDonald established himself in offices formerly occupied by a doctor of medicine here, and advertised himself as a physiotherapist.

The trooper's investigation showed that McDonald had treated about 30 patients since his arrival here for a variety of illnesses, but that in all cases the prescribed treatment—costing $75, plus $39 for medications — was virtually the same.

Peters reported that, on the basis of the investigation so far, the man "doesn't seem to have had any medical training," although he told officers he had attended a massage school in Chicago.

McDonald, according to the trooper, had been welcomed by Davis residents and was introduced earlier this week at a meeting of a local civic club.

## Fort Hill Hi-Y Club Mans Kettles Today

Fort Hill Hi-Y Club members will ring the bells at the Salvation Army Christmas kettle houses on Baltimore Street today, according to Capt. Daniel Biggs, commander of the Citadel.

A similar campaign was held recently by the Hi-Y Club of Allegany High School.

Capt. Biggs said about 250 Christmas food orders have been mailed to out-of-town families and that checks are being mailed to families in Cumberland today and tomorrow.

## Garrett Countian Receives Parole

BALTIMORE, Dec. 21 (AP)—The Department of Parole and Probation today announced the names of 38 persons released from Maryland prisons during November.

Those released, the charge, their county, their sentence and the date sentenced include:

Edward M. Robinson, breaking and entering, Frederick County three years, October, 1954.

Paul C. Knode, breaking and entering, Washington County, not more than three years, April, 1954.

Robert Thompson, armed robbery, Garrett County, three years, October, 1954.

Two equity suits have been filed in Allegany County Circuit Court. The bills of complaint were titled Dorothy I. Bruck vs. Henry J. Bruck and Violet Dolly Cornwell by Belle Dolly, mother and next friend, vs. Easton Cornwell.

# Gas Firm Office Manager Plans To Retire March 1

Leon S. Hook, 710 Gephart Drive, district office manager of the Cumberland And Allegheny Gas Company, is planning to retire March 1, 1956, two days after his 65th birthday.

He began working with the gas company in 1919 when it was known as the West Virginia-Maryland Gas Company with offices on South Centre Street.

His first job was that of cashier. When the offices were moved to North Mechanic Street in 1925 he was named chief clerk and for a few years was credit manager.

In 1948 the position of district office manager was created by the company and Hook was named to that position. His duties at the office now on Baltimore Street include coordination of procedure in offices here and Gettysburg, Pa., Frostburg, Oakland, Lonaconing, Keyser, Piedmont, Kingwood, Parsons, Elkins, and Buckhannon.

Born in Gore, Va., Hook spent his early life on a farm. For a while he sold farm implements in Winchester.

He came to Cumberland in 1912 and went to work for the Baltimore and Ohio Railroad at the freight house where he hustled freight, and later went into office work.

In 1917 he went overseas with the Army and spent about a year in the service. Upon his return to the states he again went to work for the railroad where he remained about three months and then became a gas company employe.

A member of St. John's Lutheran Church, he also belongs to Fort Cumberland Lodge 211, AF and AM, of which he is past master. His hobbies are fishing and hunting.

Married to the former Miss Louise Reuschel, he is the father of two children, Eugene Hook and Mrs. Margaret Burdette, of Baltimore, and has two grandsons.

## *Six Scouts Advanced In Rank*

Several members of Troop 17, Boy Scouts of America, sponsored by the Kelly-Springfield Tire Company, were advanced in rank and received awards Monday night during a Court of Honor held at the conference room of the firm.

Allen Phillips, who was advanced to First Class and then to Star, received merit badges in basketry, swimming and canoeing.

His brother, Roy, was advanced to First Class and received a merit badge in basketry. Advanced to Second Class were Jimmy Strausburg, Tommy Emerick, Roger Nesbitt, and Paul Swarmer.

J. C. Warden, president of Potomac Council, BS of A, and also plant representative, was in charge of the meeting. Members of the Court of Honor committee are Carl Wagner, F. T. Bell, Randolph Millholland and C. J. Bageant.

Parents of the scouts were guests at the Court of Honor. A Christmas party was also held with gifts being distributed and refreshments served.

One of the highlights of the evening was a skit presented by scoutmasters. Movies of troop activities at camp last summer were shown.

Scoutmaster of Troop 17 is Richard Wilkinson.

## Habeas Corpus Writ Is Denied

A petition from Peter G. Tomaselli, an inmate in the Maryland House of Correction, requesting a writ of habeas corpus has been denied by Chief Judge George Henderson in Allegany County Circuit Court.

Tomaselli was convicted in Montgomery County Circuit Court of violating the law relating to narcotic drugs and was sentenced to five years in the House of Correction. He contended in his petition that he was being detained illegally.

Judge Henderson wrote in his opinion that Tomaselli should have made his objections at the time of his trial. He quoted a prior opinion that a defect in an indictment may be argued on appeal or in a motion for a new trial but not in habeas corpus proceedings.

## Births

Mr. and Mrs. Robert W. Burgess, Chicago, announce the birth of a son yesterday in the Little Company of Mary Hospital there. The mother is the former Miss Mary Loretta Mattingly, daughter of Mr. and Mrs. F. DeSales Mattingly, 313 Caroline Street.

**Memorial Hospital**

Mr. and Mrs. Thomas Frye, Green Spring, a daughter yesterday.

Mr. and Mrs. Thomas G. Smith, 35 Weber Street, a son Tuesday.

**Sacred Heart Hospital**

Mr. and Mrs. James Klosterman, 543 Frost Avenue, a daughter yesterday.

# Couples Wed Here Come From 14 U. S. States

### Slaughter, Bride First Missourians

The fact that Enos Slaughter, well-known major league baseball player, came all the way from Kansas City, Mo., to be married in a South Cumberland church yesterday again brings attention on this city's reputation as a marrying center.

Slaughter and his bride, the former Helen Arline Spiker, formerly of this city, are the first residents of Missouri to obtain a marriage license this month from the office of Joseph E. Boden, clerk of Allegany County Circuit Court.

Missouri thus becomes the 14th state represented by those men and woman who came here with marriage in mind this month.

A. W. Hedrick, chief of the Division of Vital Records and Statistics of the State Department of Health, announced several months ago the results of a survey he made which showed that Allegany County ranked third among the 23 Maryland counties in the percentage of non-resident marriages with more than 73 per cent from outside the state. Only Cecil and Garrett counties had larger percentages.

December apparently is a near typical month in that respect because only 28.7 per cent of the 324 persons who have obtained marriage licenses here this month are Marylanders. There are 93 from Maryland.

Leading as usual is Pennsylvania with 164 or 50.6 per cent. Next after Maryland was West Virginia with 33 or 10.2 per cent. Other states with more than two representatives so far in December are Ohio, 15; Virginia, six, and New York, three. Texas and Missouri each have had two residents obtain marriage licenses here while Kentucky, Massachusetts, Kansas, Florida, Michigan and North Carolina are represented by one altar bound person each.

### Clinics Planned

The Health Department will hold a child health clinic today at 10 a. m. in Frostburg and tomorrow at 10 a. m. in Flintstone.

## State Employes Hold Christmas Program

ANNAPOLIS, Dec. 21 (AP)—Fifty-six employes of the State comptroller's office presented their 13th annual program of Christmas carols from the staircase of the State Office building here today.

Gov. McKeldin, who along with Comptroller Millard E. Tawes and Deuty Comptroller Joseph O'C. McCusker extended Christmas greetings, said the affair "speaks eliquently of the good feeling that exists among you—the fellowship and the friendship which are so closely allied with this season of goodwill."

Earlier in the day the governor entertained employes of the executive offices at luncheon in Government House.

## To Direct Training

BALTIMORE, Dec. 21 (AP)—Miss Sara E. Fetter, of the Maryland State Department of Health, has been given a year's leave of absence as of next Jan. 1 to organize and direct a training program for nurse midwives at the Johns Hopkins Hospital.

Miss Fetter is public health nursing consultant in maternal and child health for the department.

### Logsdon Improving

Robert A. Logsdon, Hyndman, Pa., is reported somewhat improved at Memorial Hospital where he was admitted December 12 in critical condition with injuries sustained in a two-car crash in Ellerslie.

# Area Motorist Gets 18 Months On Two Counts

### Magistrate Cites Lengthy Record

A 38-year-old Flintstone man was sentenced to serve 18 months in the Maryland House of Correction yesterday at a hearing in Trial Magistrates Court on two state motor vehicle charges.

The driver, James E. Naill, entered a plea of nolo contendere on a charge of drunken driving and was sentenced to one year by Trial Magistrate Donald W. Mason.

He pleaded guilty to a charge of driving on a revoked license and received the maximum sentence—six months.

Magistrate Mason said the sentences are to run consecutively and commented that Neill had one of the worst motor vehicle violation records to come before the court—11 convictions dating back to 1941, including two previous drunken driving and one previous license revocation, plus several brief license suspensions.

Naill is furloughed from an area airplane plant. He told the court he had been drinking at home and didn't even remember leaving home.

He was apprehended by State Police Tuesday night after he led police on a chase up and down Baltimore Avenue.

First Sgt. Harry Holsinger, who investigated along with Tfc. Lindbergh Cook, said Naill was driving without lights and in a reckless manner when Trooper Cook attempted to stop him.

Sgt. Holsinger said Naill "took off" and drove up and down Baltimore Avenue before smashing headon into a parked auto, owned by Wilbur Morral, 15 Weber Street.

Besides damaging the Morral car and his own vehicle, Naill also damaged the State Police car being driven by Trooper Cook.

## *Clerk's Office To Remain Open Saturday Morning*

Allegany County's Court House will be a quiet place Saturday morning except for the office of Joseph E. Boden, clerk of Circuit Court.

Boden plans to keep his office open from 8:30 a. m. until noon Saturday to accommodate those last-minute "shoppers" for marriage licenses. All other Court House offices will begin the long Christmas weekend holiday at 4 p. m. Friday and will not reopen until Tuesday morning.

Across the street from the Court House, the Cumberland Free Public Library and the two Department of Agriculture offices also will be closed from tomorrow until Tuesday morning. Today is the last working day in 1955 for the office of the Allegany County Board of Education at 108 Washington Street. It will reopen Tuesday morning, January 3.

## City Water Bonds Are Being Signed

City Clerk Wallace G. Ullery yesterday was busy signing the Water Improvement Bonds of 1955.

The $750,000 issue was sold November 15 to the F. W. Craigie Company, Richmond, Va., and the Harris Trust and Savings Bank of Chicago and New York at an average interest rate of 2.4047 per cent, according to City Auditor Arthur B. Gibson.

The money will be used to finance the North Branch Water Line which will furnish sanitary and emerceny fire protection water supplies to the Pittsburgh Plate Glass Company plant and for further modernization of the city's filtration plant.

## Deaths

# Casey Chorus To Present Yule Program Tonight

A program of favorite Christmas selections, including hymns and carols, will be presented at 10 p. m. today by the Casey Chorus in the home of Cumberland Council 586, Knights of Columbus, under the direction of Joseph H. Webb.

Narrator for the evening program will be Joseph F. Stakem with James M. Burns as accompanist. The singing of the well-known Yule hymns and carols will be in two parts.

Among the selections of the first part will be "O Come All Ye Faithful," "Angels We Have Heard" and "I'm Dreaming of a White Christmas," a solo by Paul Dunn, and "Silver Bells," a duet by Dunn and Thomas Carroll.

During the second part, "God Rest Ye Merry Gentlemen" will be sung by the chorus. The audience will join the chorus in singing "Jingle Bells." Carroll will sing "O Holy Night" with the chorus.

Also scheduled will be "Blessing of St. Francis" arranged by J. M. Burns. Members of the chorus are William Wilmouth, Thomas Carney and John Dunn, first tenor; John Kreider, Paul Dunn, Floyd Hout, Ronald Loar, Norman Fearnow and Thomas Connelley, second tenor.

Thomas Carroll, Donald Nehring, James Dunn, J. E. Sell and S. H. Storer Jr., baritones; Joseph Challinor, Joseph Footen, Joseph DiGilarmo and Fleckenstein, bass.

Members and friends are invited to attend.

# Accord Reached On Market St. Bridge Work

### Mt. Airy Firm Signs Building Trades Pact

The Building and Construction Trades Council yesterday afternoon notified Mayor Roy W. Eves it had reached an agreement with H. D. Case Inc., the firm which has the contract to build the Market Street Bridge.

George W. Lucas, president of the Building Trades, said H. D. Case, president, signed a Building Trades Council contract for H. D. Case, Inc., of Mt. Airy.

He said the amicable agreement was reached after company and union officials met and ironed out a few minor details concerning the $176,963 construction job.

Union officials told the city the job will not be held up and that they will cooperate in getting the span built as soon as possible. Work is slated after the holidays.

Union officials met with the Mayor and Council Tuesday afternoon and warned they would picket the job if the firm tried to import workers or failed to maintain area working conditions.

Failure to have the span erected on schedule would delay the Wills Creek channel improvement phase of the flood control project.

After the unions stated their positions, Mayor Eves asked Case to come here for a conference. A meeting was held yesterday morning in City Hall and the agreement reached at an afternoon meeting in the AFL Labor Temple.

Union officials did not comment on the Bloomington Bridge project being built by the Case Construction firm but it is understood that work on that State Roads Commission project is to resume next week.

## High School Religious Programs Mark Coming Of Christmas

Students of Cumberland's two public high schools marked the approach of Christmas with special assembly programs this week on themes based on the original religious meaning of the day—the Nativity of Christ. Fort Hill students in the photo at left portray angels worshiping at the Crib. Standing is Rosemary Robinson, and others, in clockwise order, are Barbara Baker, Shirley Lease, June Brady and Julianne Kelly. Allegany students are shown in a manger scene, with Carole Ransom as Mary and David Winter as one of the Wise Men kneeling in front, and Nancy Close, as an angel, and Adrian Knippenberg, as Joseph, standing. Both scenes were from tableaux presented to illustrate Christmas music sung during the programs by the choirs of the two schools.

# Four District Men Enlist In Regular Army

During the past week, four area men have enlisted in the Regular Army, according to Sfc. DeNeal Phillips, who is in charge of the local recruiting office. He said three of the enlistees took advantage of the 15-day delay over the holidays before starting their basic training.

They are Kermit J. McLaughlin, Oldtown, graduate of the high school in that community this year, who enlisted in the Corps of Engineers; Donald C. Sell, Oakland, graduate of Terra Alta High School, Quartermaster Corps, and James A. Endler, Gormania, W. Va., graduate of Bayard High School this year, Artillery.

Robert F. Hulver, Wardensville, W. Va., a graduate of Wardensville High School and Berea (Ky.) College, where he majored in agriculture, enlisted in the Army Medical Corps and has reported to Fort Jackson, S. C. for training.

The three other enlistees also will get their training at Fort Jackson where they report January 5. Sgt. Phillips pointed out that individuals enlisting in the Army from December 15 to 31 will be given a delay in reporting to their next duty station if they so desire.

The delay is counted as active duty time and those enlisting or re-enlisting will receive pay and allowances from the date of enlistment.

Sergeant Phillips also pointed out that individuals may enlist directly into all branches of the Army currently authorized.

There are openings in the Second Infantry Division, now stationed at Fort Lewis, Wash. The division will be transferred in July to Alaska in Operation Gyroscope to replace the 71st Infantry Division stationed there.

## Stamp Club Hears Talk On Precancels

Leonard Schwab, president, discussed precancelled stamps at Tuesday night's meeting of the Recreation Department sponsored Stamp Club.

The meeting was attended by 20 beginning and advanced philatelists.

The club will meet on the second and fourth Tuesdays at 7:30 p. m. in City Hall and the next meeting will be held January 10.

# Post Office Will Deliver Packages On Christmas

The Post Office here is going all out in an effort to assure local residents they will receive their Christmas parcels in time for the holiday celebration.

W. Russell Thayer, superintendent of mails, said yesterday that temporary employes, who have been working in the current rush period, will deliver Christmas packages on Sunday.

Meanwhile the holiday mail situation shows signs of slackening off. Yesterday, Thayer pointed out, about 70,000 cancellations were expected at the local Post Office.

He said the mail is moving right along and there is no backlog of letters or packages, and there has been no unreasonable delay in the delivery of the mail.

During the rush period, some 98 temporary employes including 65 clerks have been getting the mail out as soon as possible.

Thayer said the temporary employes are being shifted around depending on where they are needed most to accelerate the delivery of the mail.

He also pointed out there will be no carrier delivery on Christmas although special delivery letters will be forwarded to local residents.

# Couples Wed Here Come From 14 U. S. States

### Slaughter, Bride First Missourians

The fact that Enos Slaughter, well-known major league baseball player, came all the way from Kansas City, Mo., to be married in a South Cumberland church yesterday again brings attention on this city's reputation as a marrying center.

Slaughter and his bride, the former Helen Arline Spiker, formerly of this city, are the first residents of Missouri to obtain a marriage license this month from the office of Joseph E. Boden, clerk of Allegany County Circuit Court.

Missouri thus becomes the 14th state represented by those men and woman who came here with marriage in mind this month.

A. W. Hedrick, chief of the Division of Vital Records and Statistics of the State Department of Health, announced several months ago the results of a survey he made which showed that Allegany County ranked third among the 23 Maryland counties in the percentage of non-resident marriages with more than 73 per cent from outside the state. Only Cecil and Garrett counties had larger percentages.

December apparently is a near typical month in that respect because only 28.7 per cent of the 324 persons who have obtained marriage licenses here this month are Marylanders. There are 93 from Maryland.

Leading as usual is Pennsylvania with 164 or 50.6 per cent. Next after Maryland was West Virginia with 33 or 10.2 per cent. Other states with more than two representatives so far in December are Ohio, 15; Virginia, six, and New York, three. Texas and Missouri each have had two residents obtain marriage licenses here while Kentucky, Massachusetts, Kansas, Florida, Michigan and North Carolina are represented by one altar bound person each.

## Clinics Planned

The Health Department will hold a child health clinic today at 10 a. m. in Frostburg and tomorrow at 10 a. m. in Flintstone.

## *Clerk's Office To Remain Open Saturday Morning*

Allegany County's Court House will be a quiet place Saturday morning except for the office of Joseph E. Boden, clerk of Circuit Court.

Boden plans to keep his office open from 8:30 a. m. until noon Saturday to accommodate those last-minute "shoppers" for marriage licenses. All other Court House offices will begin the long Christmas weekend holiday at 4 p. m. Friday and will not reopen until Tuesday morning.

Across the street from the Court House, the Cumberland Free Public Library and the two Department of Agriculture offices also will be closed from tomorrow until Tuesday morning. Today is the last working day in 1955 for the office of the Allegany County Board of Education at 108 Washington Street. It will reopen Tuesday morning, January 3.

## City Water Bonds Are Being Signed

City Clerk Wallace G. Ullery yesterday was busy signing the Water Improvement Bonds of 1955.

The $750,000 issue was sold November 15 to the F. W. Craigie Company, Richmond, Va., and the Harris Trust and Savings Bank of Chicago and New York at an average interest rate of 2.4047 per cent, according to City Auditor Arthur B. Gibson.

The money will be used to finance the North Branch Water Line which will furnish sanitary and emerceny fire protection water supplies to the Pittsburgh Plate Glass Company plant and for further modernization of the city's filtration plant.

# Local Serviceman Named As Airman Of The Month

Airman First Class Harold W. Henley, son of Mr. and Mrs. Frank Lyons, 18 South Mechanic Street, has been named Airman of the Month of the 17th Installation Squadron, Hulburt Field, Fla.

A certificate presented to Airman Henley was signed by his commanding officer, Capt. Thomas W. Evans, USAF. Each month an airman is honored for displaying outstanding character, abilities and devotions to duty and for making outstanding contributions that have materially benefitted the squadron.

Airman Henley, who is now home on leave, is a brother of Airman First Class William R. Henley, who is now stationed at Ramstein Air Base, Germany.

The two brothers, who attended Allegany High School, enlisted in the Air Force in September of 1952.

# Casey Chorus To Present Yule Program Tonight

A program of favorite Christmas selections, including hymns and carols, will be presented at 10 p. m. today by the Casey Chorus in the home of Cumberland Council 586, Knights of Columbus, under the direction of Joseph H. Webb.

Narrator for the evening program will be Joseph F. Stakem with James M. Burns as accompanist. The singing of the well-known Yule hymns and carols will be in two parts.

Among the selections of the first part will be "O Come All Ye Faithful," "Angels We Have Heard" and "I'm Dreaming of a White Christmas," a solo by Paul Dunn, and "Silver Bells," a duet by Dunn and Thomas Carroll.

During the second part, "God Rest Ye Merry Gentlemen" will be sung by the chorus. The audience will join the chorus in singing "Jingle Bells." Carroll will sing "O Holy Night" with the chorus.

Also scheduled will be "Blessing of St. Francis" arranged by J. M. Burns. Members of the chorus are William Wilmouth, Thomas Carney and John Dunn, first tenor; John Kreider, Paul Dunn, Floyd Hout, Ronald Loar, Norman Fearnow and Thomas Connelley, second tenor.

Thomas Carroll, Donald Nehring, James Dunn, J. E. Sell and S. H. Storer Jr., baritones; Joseph Challinor, Joseph Footen, Joseph DiGilarmo and Fleckenstein, bass.

Members and friends are invited to attend.
